gothic lifestyle Nevertheless Walpole's house produced nightmares and his book *The Castle of Otranto* was the first truly gothic novel with supernatural sensational and Shakespearean elements challenging the emergent fiction of social relationships The novel's themes of violence tragedy death imprisonment castle battlements dungeons fair maidens secrets ghosts and prophecies led to a new genre encompassing prose theatre poetry and painting whilst opening up a whole world of imagination for entrepreneurial female writers such as Mary Shelley Joanna Baillie and Ann Radcliffe whose immensely popular books led to the intense inner landscapes of the Brontë sisters Matthew Lewis's *The Monk* created a new gothic atheistic decadent perverse necrophilic and hellish The social upheaval of the French Revolution and the emergence of the Romantic movement with its more intense and often atheistic self-absorption led the gothic into darker corners of human experience with a greater emphasis on the inner life hallucination delusion drug addiction mental instability perversion and death and the emerging science of psychology The intensity of the German experience led to an emphasis on doubles and schizophrenic behaviour ghosts spirits mesmerism the occult and hell This volume charts the origins of this major shift in social perceptions and completes a trilogy of Palgrave Handbooks on the Gothic combined they provide an exhaustive survey of current research in Gothic studies a go-to for students and researchers alike

literature filled these new spaces with a dread that spread like a plague to America France Germany and even Russia From 1830 to 1914 the period covered by this volume we saw the emergence of the greats of Gothic literature and the supernatural from Edgar Allan Poe to Emily Bronte from Sheridan Le Fanu to Bram Stoker and Robert Louis Stevenson Contributors also examine the fin de siècle dreamers of decadence such as Arthur Machen M P Shiel and Vernon Lee and their obsession with the occult folklore spiritualism revenants ghostly apparitions and cosmic annihilation This volume explores the period through the prism of architectural history urban studies feminism hauntology and much more Horror as Poe teaches us is the soul of the plot

Tracing the Shadow of Secrecy and Government Transparency in Eighteenth-Century France Nicole Bauer, 2022-11-30 This book traces changing attitudes towards secrecy in eighteenth century France and explores the cultural origins of ideas surrounding government transparency The idea of keeping secrets both on the part of individuals and on the part of governments came to be viewed with more suspicion as the century progressed By the eve of the French Revolution writers voicing concerns about corruption saw secrecy as part and parcel of despotism and this shift went hand in hand with the rise of the idea of transparency The author argues that the emphasis placed on government transparency especially the mania for transparency that dominated the French Revolution resulted from the surprising connections and confluence of changing attitudes towards honour religious movements rising nationalism literature and police practices Exploring religious ideas that associated secrecy with darkness and wickedness and proto nationalist discourse that equated foreignness with secrecy this book demonstrates how cultural shifts in eighteenth century France influenced its politics Covering the period of intense fear during the French Revolution and the paranoia of the Reign of Terror the book highlights the complex interplay of culture
