Encyclopedia of Religion and Nature Bron Taylor, Jeffrey Kaplan, 2005-01-01 No Marketing Blurb *The Exegesis of Philip K Dick* Philip K. Dick, 2011-11-07 A great and calamitous sequence of arguments with the universe poignant terrifying ludicrous and brilliant The Exegesis is the sort of book associated with legends and madmen but Dick wasn't a legend and he wasn't mad He lived among us and was a genius Jonathan Lethem Based on thousands of pages of typed and handwritten notes journal entries letters and story sketches The Exegesis of Philip K Dick is the magnificent and imaginative final work of an author who dedicated his life to questioning the nature of reality and perception the malleability of space and time and the relationship between the human and the divine Edited and introduced by Pamela Jackson and Jonathan Lethem this will be the definitive presentation of Dick's brilliant and epic final work In The Exegesis Dick documents his eight year attempt to fathom what he called 2 3 74 a postmodern visionary experience of the entire universe transformed into information In entries that sometimes ran to hundreds of pages Dick tried to write his way into the heart of a cosmic mystery that tested his powers of imagination and invention to the limit adding to revising and discarding theory after theory mixing in dreams and visionary experiences as they occurred and pulling it all together in three late novels known as the VALIS trilogy In this abridgment Jackson and Lethem serve as guides taking the reader through the Exegesis and establishing connections with moments in Dick's life and work **Summa Theologiae, Prima Pars: Volume 2, On the Holy Trinity and Creation in General, QQ 27-74** Thomas Aquinas, Thomas de Vio Cajetan, 2023-06-23 When Leo XII promulgated Aeterni Patris in 1879 he stipulated that the Leonine or official edition of the Summa should always be printed in conjunction with Cajetan's

Commentary For five hundred years they were studied together Generations were trained by reading through the Summa article by article with Cajetan s commentaries in hand Early printed editions of the Summa typically included them in a Talmudic arrangement as marginal text running around each article by Aquinas This edition imitates that example Recently serious thinkers of all denominations and none have found new reasons to be interested in St Thomas His text is deceptively simple yet important issues are handled in every article sometimes below the surface Cajetan extracts these hidden issues and explains and elaborates on them with remarkable affinity to modern analytical philosophy Part of that affinity lies in the use of modal logic a tool whose importance was overlooked between the Renaissance and the twentieth century The time is ripe for an analytically inspired translation of Thomas hence this volume Never until now has Cajetan s Commentary been put into English in its entirety William Marshner s translation is consistent with fidelity to the technical force of the original The translator s footnotes acknowledge what empirical science has made obsolete in the work of St Thomas and also make clear how much today s science would have saved Thomas useless labor This volume will for the first time make Cajetan s help available to the modern reader
