Its Never Crowded Along The Extra Mile:

Move Past Your Past Alice Parker, 2018-01-25 Most of my numerous past lives Ive been a teacher trainer So much of the information in this book has been given to me by my Angel Guides The rest is from teachers guides or classes Ive had as well as life experiences of my past and my current life as a teacher trainer I have learned and believe that more than 90 percent of all our problems unhappiness seven pain comes from our past experiences So its time to let it go and Ill show you how I believe there are only two emotions love and fear Other emotions and feelings are derivatives of them with love being the powerful positive and fear the negative I also believe the opposite of love is not hate but apathy Hate has emotions attached but apathy is not caring its the absence of emotions And I believe love is more powerful than fear or hate as it can overcome them when the love is honest To reach a point of you being happy means to learn how to release to let go of all your past stuff through steps in this book with exercises While I will repeatedly say that change and everything else is a choice most people wont accept that They rationalize or believe their obligations or whatever will not allow them to do so But as you read through the seventy various directed parts and try some of the exercises you will see how truly amazing being free from your past can be This is not about organized religion its my thirty years in spirituality Its found within a few religions but no religion is within spirituality It is considered the singular personal connection to Mother Father God Universe Source since that power is within each individual to have and use as promised through the Holy Spirit This is about finding ones own path for your destined journey Author of the Memoir Choices Changes Friends 1970s After Divorce with degrees in psychology marketing and English bilingual bi cultural studies in graduate school Ive traveled to thirty six countries and forty states I lived in six and in Japan for seven years as a corporate business trainer I worked ten years in HR management in San Francisco and as a life coach teacher

The Invisible Force Wayne Dyer, 2008 THE INVISIBLE FORCE Dr Wayne W Dyer has put together this little book in order to convey the fact that intention is a field of energy that flows invisibly beyond the reach of our normal everyday habitual patterns It s a force that we all have within us and we have the power to draw it into our lives by being the energy we want to attract U

The Invisible Force (EasyRead Super Large 18pt Edition) , **The Invisible Force (EasyRead Super Large 20pt Edition)** , *Inspiration (Volume 1 of 2) (EasyRead Super Large 24pt Edition)* , **The Brink** Mark Hunter, 2014-10-15 The author lays bare his own triumphs and failures while breaking down that elusive edge that turns great leaders into influencers Brad Szollose award winning author of Liquid Leadership The Brink is a method for generating leadership in an individual leader and on a team It is based on the simple assertion that leadership is created in the face of some great challenge or obstacle to overcome rather than in a vacuum or in comfortable places with no adversity The Brink model uses climbing a mountain as an analogy throughout for creating that big challenge or goal and then demonstrates how to create a team to climb it with and outlines the way to create leadership in everyone involved in the process This metaphor transfers to virtually any leadership position one holds and is organized into a clear list

of ingredients essential to leadership As an adventurer I resonated with the climbing stories and analogies in The Brink However the concepts and strategies are valid and powerful for anyone looking to improve as a leader in business and life A great read Heather Hansen O Neill author of Find Your Fire at Forty **Inspiration** Dr. Wayne W. Dyer,2006-02-28 The 1 New York Times best selling author of The Power of Intention What I m offering in this book is the awareness that we can return to a full time position of inspiration which is the true meaning of our life Dr Wayne W Dyer In this groundbreaking book Dr Wayne W Dyer explains how we ve chosen to enter this world of particles and form From our place of origin in ways that we don t readily comprehend now we knew what we were coming here to accomplish and we participated in setting this life process in motion So why not think along these same lines Why put the responsibility or blame on any one or any thing that s not a part of us On Earth we have the capacity of volition we can choose so let s assume that we had the same capacity when we resided in the spiritual realm We chose our physical body and we chose the parents we needed for the trip It doesn t seem too great a stretch to move into the idea that we chose this life in concert with our Source Inspiration can be cultivated and be a driving force throughout life rather than showing up every now and then and just as mysteriously disappearing seemingly independent of our desires Inspiration is for everyone It isn t reserved for high profile creative geniuses in the arts and sciences it s inherent in our Divine birthright The problem is that as children we re gradually taught to believe exclusively in the world of phenomena where ego is dominant and inspiration diminished As you read each chapter in this book you ll find specific suggestions for living in Spirit From a very personal viewpoint Wayne offers a blueprint through the world of inspiration your ultimate calling **Shortcuts to Happiness** Robert Sutherland,2006-03-15 This step by step manual provides simple and proven steps to reach individual happiness even when times are challenging Self Help
