influences benefitted from direct relations and overlapped their boundaries This collection of academic essays refines and adds context to Beat Studies and Black Mountain Studies by investigating the groups intersections and undercurrents One goal of the book is to deconstruct the Beat and Black Mountain labels in order to reveal the shifting and fluid relationships among the individual poets who developed a revolutionary poetics in the 1950s and beyond Taken together these essays clarify the radical experimentation with poetics undertaken by these poets *Kerouac: Selected Letters: Volume 1*
