Quatremère de Quincy David Gilks, 2024-05-31 Antoine Chrysosth me

Quatrem re de Quincy 1755 1849 was the most distinguished writer on art and architecture at the end of the enlightenment However as David Gilks shows in *Quatrem re de Quincy Art and Politics during the French Revolution* he was never simply an esoteric antiquarian and theoretician he was also a zealous functionary and skilled publicist whose writings on the arts often served political purposes *Quatrem re de Quincy Art and Politics during the French Revolution* demonstrates how Quatrem re s early writings on art and antiquity formed the foundation for a politics grounded in faith authority and hierarchy that favoured gradual social and political evolution over destruction and experimentation Gilks then traces how Quatrem re set aside his antiquarian research and became a royalist politician and publicist during the revolutionary decade Quatrem re feared that the Revolution would destroy the cosmopolitan republic of letters that had flourished when states across Europe supported the papacy s rediscovery of the past restoration of taste and revival of learning Yet Gilks reveals that Quatrem re was also a resourceful and an opportunistic political actor who deployed his opponents language for strategic reasons Gilks therefore reinterprets Quatrem re s interventions by situating them in their polemical contexts and treating them as contributions to debates and quarrels by locating his sources and reconstructing his social and political networks The resulting study revises our understanding of Quatrem re s famous reflections on the Academy of Painting and Sculpture the Panth on art plunder and museums but it also discovers and sheds light on previously ignored writings Although the study focuses on the period 1789 1799 it examines the second half of Quatrem re s life to substantiate his commitment to crown and altar and show how he fought against the Revolution s legacy of godless materialism and calculation that was inimical to the arts This is a thoroughly researched and richly detailed contextual study of the most eventful period in Quatrem re s life but it also offers an original and unfamiliar history of the French Revolution Gilks integrates the study of political power with the history of ideas and art history and provides a window into institutional and legal reforms and debates about cultural patronage and education

French Paintings in The Metropolitan Museum of Art from the Early Eighteenth

Century through the Revolution Katharine Baetjer, 2019-04-15 This publication catalogues The Met's remarkable collection of eighteenth century French paintings in the context of the powerful institutions that governed the visual arts of the time: the Académie Royale de Peinture et de Sculpture, the Académie de France à Rome and the Paris Salon. At the height of their authority during the eighteenth century, these institutions nurtured the talents of artists in all genres. The Met's collection encompasses stunning examples of work by leading artists of the period, including Antoine Watteau, Mezzetin, Jean Siméon Chardin, *The Silver Tureen*, François Boucher, *The Toilette of Venus*, Joseph Siffred Duplessis, Benjamin Franklin, Jean Baptiste Greuze, *Broken Eggs*, Hubert Robert, the Bagatelle decorations, Jacques-Louis David, *The Death of Socrates*, the Van Blarenberghes, *The Outer Port of Brest*, and François Gérard, Charles Maurice de Talleyrand-Périgord. In the book's introduction, author Katharine Baetjer provides a history of the Académie, its establishment, principles and regulations, along with a discussion of the beginnings of public art discourse in France, taking us through the reforms unleashed by the Revolution. The consequent democratizing of the Salon brought about by radicals under the leadership of Jacques-Louis David encouraged the formation of new publics with new tastes in subject matter and genres. The catalogue features 126 paintings by 50 artists. Each section includes a short biography of the artist and in-depth discussions of individual paintings, incorporating the most up-to-date scholarship.

Plunder Cynthia Saltzman, 2021-05-11 One of *The Christian Science Monitor's* Ten Best Books of May. A highly original work of history, Saltzman has written a distinctive study that transcends both art and history and forces us to explore the connections between the two. Roger Lowenstein, *The Wall Street Journal*. A captivating study of Napoleon's plundering of Europe's art for the Louvre, told through the story of a Renaissance masterpiece seized from Venice. Cynthia Saltzman's *Plunder* recounts the fate of Paolo Veronese's *Wedding Feast at Cana*, a vast sublime canvas that the French, under the command of the young Napoleon Bonaparte, tore from a wall of the monastery of San Giorgio Maggiore on an island in Venice in 1797. Painted in 1563 during the Renaissance, the picture was immediately hailed as a masterpiece. Veronese had filled the scene with some 130 figures, lavishing color on the canvas to build the illusion that the viewer's space opened onto a biblical banquet taking place on a terrace in sixteenth-century Venice. Once pulled from the wall, the Venetian canvas crossed the Mediterranean, rolled on a cylinder, soon after artworks commandeered from Venice and Rome were triumphantly brought into Paris. In 1801, the Veronese went on exhibition at the Louvre, the new public art museum founded during the Revolution in the former palace of the French kings. As Saltzman tells the larger story of Napoleon's looting of Italian art and its role in the creation of the Louvre, she reveals the contradictions of his character: his thirst for greatness to carry forward the finest aspects of civilization and his ruthlessness in getting whatever he sought. After Napoleon's 1815 defeat at Waterloo, the Duke of Wellington and the Allies forced the French to return many of the Louvre's plundered paintings and sculptures. Nevertheless, *The Wedding Feast at Cana* remains in Paris to this day, hanging directly across from the Mona Lisa. Expertly researched and deftly told, *Plunder* chronicles one of the most spectacular art appropriations.

campaigns in history one that sheds light on a seminal historical figure and the complex origins of one of the great museums of the world **Staging Empire: Napoleon, Ingres, and David** , In an unprecedented collaboration two scholars investigate these masterpieces in their broad cultural context This book is an illustrated extensively documented analytical tour de force **Los Angeles Magazine** ,2005-02 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian "Foreign Artists and Communities in Modern Paris, 1870-1914 " Susan Waller,2017-07-05 Foreign Artists and Communities in Modern Paris 1870 1914 examines Paris as a center of international culture that attracted artists from Western and Eastern Europe Asia and the Americas during a period of burgeoning global immigration Sixteen essays by a group of emerging and established international scholars including several whose work has not been previously published in English address the experiences of foreign exiles immigrants students and expatriates They explore the formal and informal structures that permitted foreign artists to forge connections within and across national communities and in some cases fashion new transnational identities in the City of Light Considering Paris from an innovative global perspective the book situates both important modern artists such as Edvard Munch Sonia Delaunay Terk Marc Chagall and Gino Severini and lesser known American Czech Italian Polish Welsh Russian Japanese Catalan and Hungarian painters sculptors writers dancers and illustrators within the larger trends of international mobility and cultural exchange Broadly appealing to historians of modern art and history the essays in this volume characterize Paris as a thriving transnational arts community in which the interactions between diverse cultures peoples and traditions contributed to the development of a hybrid and multivalent modern art **Pixels & Paintings** David G. Stork,2023-11-14 PIXELS PAINTINGS The discussion is firmly grounded in established art historical practices such as close visual analysis and an understanding of artists working methods and real world examples demonstrate how computer assisted techniques can complement traditional approaches Dr Emilie Gordenker Director of the Van Gogh Museum The pioneering presentation of computer based image analysis of fine art forging a dialog between art scholars and the computer vision community In recent years sophisticated computer vision graphics and artificial intelligence algorithms have proven to be increasingly powerful tools in the study of fine art These methods some adapted from forensic digital photography and others developed specifically for art empower a growing number of computer savvy art scholars conservators and historians to answer longstanding questions as well as provide new approaches to the interpretation of art Pixels Paintings provides the first and authoritative overview of the broad range of these methods which extend from image processing of palette marks brush strokes and shapes up through analysis of objects

poses style composition to the computation of simple interpretations of artworks This book stresses that computer methods for art analysis must always incorporate the cultural contexts appropriate to the art studies at hand a blend of humanistic and scientific expertise Describes powerful computer image analysis methods and their application to problems in the history and interpretation of fine art Discusses some of the art historical lessons and revelations provided by the use of these methods Clarifies the assumptions and applicability of methods and the role of cultural contexts in their use Shows how computation can be used to analyze tens of thousands of artworks to reveal trends and anomalies that could not be found by traditional non computer methods Pixels Paintings is essential reading for computer image analysts and graphics specialists conservators historians students psychologists and the general public interested in the study and appreciation of art

Graeco-Roman Antiquity and the Idea of Nationalism in the 19th Century Thorsten Fögen, Richard

Warren, 2016-05-24 This interdisciplinary volume explains the phenomenon of nationalism in nineteenth century Europe through the prism of Graeco Roman antiquity Through a series of case studies covering a broad range of source material it demonstrates the different purposes the heritage of the classical world was put to during a turbulent period in European history Contributors include classicists historians archaeologists art historians and others **Young Titan** Michael

Shelden, 2013-03-12 In modern memory Winston Churchill remains the man with the cigar and the equanimity among the ruins Few can remember that at the age of 40 he was considered washed up his best days behind him In Young Titan historian Michael Shelden has produced the first biography focused on Churchill s early career the years between 1901 and 1915 that both nearly undid him but also forged the character that would later triumph in the Second World War Between his rise and his fall Churchill built a modern navy experimented with radical social reforms survived various threats on his life made powerful enemies and a few good friends annoyed and delighted two British monarchs became a husband and father took the measure of the German military machine authorized executions of notorious murderers and faced deadly artillery barrages on the Western front Along the way he learned how to outwit more experienced rivals how to overcome bureaucratic obstacles how to question the assumptions of his upbringing how to be patient and avoid overconfidence and how to value loyalty He also learned how to fall in love Shelden gives us a portrait of Churchill as the dashing young suitor who pursued three great beauties of British society with his witty repartee political flair and poetic letters In one of many never before told episodes Churchill is seen racing to a Scottish castle to prepare the heartbroken daughter of the prime minister for his impending marriage This was a time of high drama intrigue personal courage and grave miscalculations But as Shelden shows in this fresh and revealing biography Churchill s later success was predicated on his struggles to redeem the promise of his youth *Animating the Antique* Sarah Betzer, 2022-01-28 Framed by tensions between figural sculpture

experienced in the round and its translation into two dimensional representations *Animating the Antique* explores enthralling episodes in a history of artistic and aesthetic encounters Moving across varied locations among them Rome Florence Naples

London Dresden and Paris Sarah Betzer explores a history that has yet to be written that of the Janus faced nature of interactions with the antique by which sculptures and beholders alike were caught between the promise of animation and the threat of mortification Examining the traces of affective and transformative sculptural encounters the book takes off from the decades marked by the archaeological art historical and art philosophical developments of the mid eighteenth century and culminantes in fin de si cle anthropological psychological and empathic frameworks It turns on two fundamental and interconnected arguments that an eighteenth century ontology of ancient sculpture continued to inform encounters with the antique well into the nineteenth century and that by attending to the enduring power of this model we can newly appreciate the distinctively modern terms of antique sculpture s allure As Betzer shows these eighteenth century developments had far reaching ramifications for the making and beholding of modern art the articulations of art theory the writing of art history and a significantly queer Nachleben of the antique Bold and wide ranging Animating the Antique sheds light upon the work of myriad artists in addition to that of writers ranging from Goethe and Winckelmann to Hegel Walter Pater and Vernon Lee It will be especially welcomed by scholars and students working in eighteenth and nineteenth century art history art writing and art historiography
