Turner,2014-08-01 The year of 1980 marked a pivotal turning point in the American political landscape the electoral victory of presidential candidate Ronald Reagan the beginnings of the public hysteria and eventual legislative dismantling of affirmative action and other civil rights initiatives the dawn of the ruthless reign of neo conservatism and in some ways serving as the glue the ascent of neo liberalism as the prevailing ideology and standard logic of viewing and ordering the world Some thirty five years later it is almost difficult to remember a world and more precisely a moment in United States history when these things were not so dominant When thinking about the lasting impact of that moment David Harvey writes Future historians may well look upon the years 1978 1980 as a revolutionary turning point in the world s social and economic

history revolutionary impulses seemingly spread and reverberated to remake the world around us in a totally different image In short this was an instance of profound transformation it was the dawn of the counterrevolution By no means immune to the changes in the larger political landscape Black activists and intellectuals also felt the ground moving beneath their feet in 1980 as many would gradually shift from an all out advance towards liberation to a posture concerned with what James Turner described as the preservation of the modest gains made by African Americans over the last decade The previous decade witnessed an obvious waning in the Black liberation movement a slew of high profile manhunts arrests court cases and outright criminalizing of radical activists the unearthing of Cointelpro the blooming of the liberation movement in Southern Africa a taxing debate around various articulations of Marxism and Black nationalism the full swing of feminism and a full decade of Africana Studies which also meant institutionalized space to foster such discussions It was these changing times that provided the context for the important gathering of Black activists and intellectuals in Ithaca New York during September 1980 at the Africana Studies and Research Center at Cornell and the content for this book Bound together by the dual purposes of both assessing the road traveled and preparing for the journey ahead the ensemble in attendance gathered to ponder the Next Decade as the conference theme spelled out plainly A quick glance at the conference s list of attendees demonstrates the extraordinary sphere of activity that was the Africana Studies and Research Center at Cornell Participants and attendees at this historic meeting included Toni Cade Bambara Lerone Bennett Johnella Butler John Henrik Clarke Gayla Cook Louis Farrakhan Hoyt Fuller Ewart Guinier Vincent Harding Robert Harris Stephen Henderson Robert Johnson George Kent George Lamming Tilden Lemelle Bernard Magubane Manning Marable William Nelson William Sales Michael Thelwell Bettye Collier Thomas Eleanor T aylor Ivan Van Sertima Ronald Walters Shirley Weber Sylvia Wynter Howard Dodson William Strickland and two of the visual artists featured in this book David Bradford and Bertrand Phillips This book is both a contribution to the historiography of the Black African Studies movement and an intellectual treasure representing the ideas and visions of many of the best minds at a crucial juncture in the African world *Folksongs and Folk Revival* Anna Kearney Guigné, 2008 In 1965 the classically trained musician and composer Kenneth Peacock published a three volume work *Songs of the Newfoundland Outports* based on six years of collecting folksongs in that province on behalf of the National Museum of Canada *Folksongs and Folk Revival* provides a critical review of Peacock s Newfoundland fieldwork to better understand his motivations for creating *Outports* and his treatment of the materials he collected The study considers the cultural politics of the day such as National Museum policies and directions and in particular how the growth of the Canadian folk revival during the 1950s and 1960s influenced his work It considers the dynamic relations between Peacock and other individuals who had a vested interest in documenting and presenting Newfoundland culture New knowledge regarding Peacock s life and times facilitates our understanding of this man s immense contribution to both Newfoundland and Canadian folklore scholarship while at the same time allowing researchers to make greater use of the
