Northwestern University's Center for Talent Development this curriculum emphasizes active hands on and collaborative learning. Students are challenged to learn computer science content such as coding and robotics and engineering concepts as well as practice high level academic skills such as creative problem solving, computational thinking and critical thinking. Instructional practices balance screen time with active collaborative classroom engagement. Learning is deepened when students are challenged to navigate the transition from a virtual learning environment to a tangible learning environment. The lessons can be implemented as standalone enrichment experiences or as part of a coordinated scope and sequence that leads to higher level computer science and engineering studies. Grades Pre K 2

The Morals of Monster Stories Leslie Ormandy, 2017-08-07 The simplicity of children's picture books stories told with illustrations and a few well chosen words or none at all makes them powerful tools for teaching morals and personal integrity. Children follow the story and see the characters behaviors on the page and interpret them in the context of their own lives. But unlike many picture books most children's lives don't feature monsters. This collection of new essays explores the societally sanctioned behaviors imparted to children through the use of monsters and supernatural characters. Topics include monsters as instructors, the normalization of strangers or the other, fostering gender norms and therapeutic monsters among others. Intersections of Diversity, Literacy, and Learner Difficulties Theresa Abodeeb-Gentile, Dennis A. Conrad, 2022-08-22 This book invites readers to challenge, corroborate and add to the discourse on more inclusive pedagogical practice. Presenting theoretically and empirically informed research, it highlights potential considerations regarding the intersections of diversity, literacy and learner difficulties. These three areas provide a stage where opposing paradigms often pose challenges for educators and create unnecessary barriers to providing the best education for all learners. These barriers might reveal how students are positioned through a deficit lens rather than one that recognizes individual differences and how these learner differences sometimes result in labels or put students at increased risk of encountering difficulties. The contributing authors' goals are to start and sustain a conversation that examines these perspectives and to offer counter narratives to the deficit lens by recognizing that individual difference does not need to be a barrier to educational access. By examining opportunities for more inclusive educational success, this book encourages discourse among key stakeholders; further, it goes beyond problematizing to offer new avenues for optimal learning and inclusive pedagogy across multiple contexts.

We're Going on a Goon Hunt Michael Rex, 2020-08-18 This hilarious companion to the New York Times 1 bestseller *Goodnight Goon* is a ghoulish parody of *We're Going on a Bear Hunt*. We're going on a goon hunt. We're going to catch a green one. What a spooky night. We're not scared. A goon hunt is no easy task. A twisted, tangled pumpkin patch, murky bubbling swamp and foggy crumbling graveyard are just a few of the obstacles these kids will have to go through. Skulking monsters included. And when the Goon finally makes an appearance under the covers, they go. Except one brave child who finds monsters more fun than scary. The beloved classic *We*

re Going on a Bear Hunt gets an eerie twist in this goon infused parody that perfectly plays with the rhythm and sound effects of the original Mike Rex s creepy settings and hilarious text will have kids demanding to giggle and shiver through the story again and again and now this board book edition is perfect for toddler bedtimes and read alouds **Childrens'**
Catalog H.W. Wilson Company,2009 The 1st ed includes an index to v 28 36 of St Nicholas **The Read-Aloud Scaffold**
Judy Bradbury,2011-09-16 This compendium of outstanding read aloud choices for grades pre K 3 will enrich and extend content area instruction helping busy teachers to meet curriculum requirements within the confines of their busy schedules It s a familiar and unfortunate story educators everywhere are being asked to do more teaching with less less money less staff and less time One easy way to provide more content area instruction to very young readers is by scaffolding beneficial learning subjects within memorable read aloud activities This augments the instructional curriculum and keeps learning fun without adding to the educator s already full plate Read Aloud Scaffold Best Books to Enhance Content Area Curriculum Grades Pre K 3 offers teachers and librarians over 700 content area connections through carefully selected recently published children s trade books These selections include fiction and non fiction titles that represent outstanding read aloud choices that will augment the instructional curriculum covering subjects ranging from history to holidays to special events and from biographies and memoirs to poetry and character education A Closer Look suggests outstanding read aloud choices related to key units in the curriculum and features discussion points cross curricular activities writing prompts and related online and print materials
