## Google Read Books Online:

**Google Power Search** Stephan Spencer, 2011-07-16 Behind Google's deceptively simple interface is immense power for both market and competitive research if you know how to use it well. Sure basic searches are easy but complex searches require specialized skills. This concise book takes you through the full range of Google's powerful search refinement features so you can quickly find the specific information you need. Learn techniques ranging from simple Boolean logic to URL parameters and other advanced tools and see how they're applied to real world market research examples. Incorporate advanced search operators such as filetype, intitle, daterange and others into your queries. Use Google filtering tools including Search Within Results, Similar Pages and SafeSearch among others. Explore the breadth of Google through auxiliary search services like Google News, Google Books, Google Blog Search and Google Scholar. Acquire advanced Google skills that result in more effective search engine optimization (SEO).

**Free Speech in the Digital Age** Michelle Denton, 2018-12-15 The internet makes sharing ideas and communicating easy and it connects individuals and communities like never before. However with so much power available to the masses should people be allowed to say whatever they want? Should there be consequences for spreading hate and harassing others online? This volume explores these and other important questions with full color photographs, annotated quotes from experts and detailed sidebars providing a comprehensive review of the many points of view on these issues. Readers learn about free speech in an increasingly globalized and technologically advanced society as well as their role in creating online culture.

**Google AdWords** Anastasia Holdren, 2011-11-10 Google AdWords will explain how each piece of Google's advertising platform works focusing on areas that directly impact the performance and cost of the advertiser's campaigns. Each topic will include tips, strategies, examples and suggestions that readers can apply to their own accounts.

**Using Google Advanced Search** Michael Miller, 2011-11-18 After completing this tutorial you will be able to use multiple search terms and other advanced features in Google. This flash tutorial requires a screen resolution of 1024 x 768 or higher.
