Kristen Laine went back to the heartland to the America so many of us fly over without blinking an eye and uncovered a world where salvation and ambition and teenage angst collide in strange ways no outsider could ever understand unless you read American Band Michael Bamberger author of Wonderland A Year in the Life of an American High School Every fall marching bands take to the field in a uniquely American ritual From the stands it looks easy You don't see them sweat For millions of kids band is more than a show It's a rite of passage a first foray into leadership and adult responsibility and a chance to learn what it means to be part of a community Nowhere is band more serious than at Concord High School in Elkhart Indiana where the entire town is involved with the success of its defending state champion band the Marching Minutemen In the place where this tradition may have originated in the city that became the band instrument capital of the world band is a religion But it's not the only religion as director Max Jones discovers After four decades Jones's single minded devotion to musical excellence has fallen out of step with a younger generation increasingly focused on personal

salvation In what his students do not know is his final season of directing he has assembled his most ambitious show ever for the strongest senior class he has ever directed Amid conflicting notions of greatness the band marches through a season that starts in hope and promise progresses through uncertainty and disappointment and ends ultimately in redemption

AMERICAN BAND is an unusually intimate chronicle of life in all its triumph disappointment and drama in the kind of community in which most of America lives It is an especially timely portrait capturing as it does the spirit of the heartland at a time of profound change If you have ever been or yearned to be part of something bigger than yourself you will be rooting for the kids whose voices fill this book

Emergent Michael S. Nuckols, 2019-08-22 A mysterious computer virus idles Seattle's infrastructure as a pandemic rages The plague can be stopped by taking a single pill but only if the labs that make it are brought back online After the death of his parents Ridley Pierce fights to stay alive as the city descends into chaos The young programmer believes that he can communicate with the mysterious sentience Can he stop the malware in time Or will the Second Information Age be lost to history The Cerenovo Series explores artificial intelligence in four books Book 1 Emergent examines how corporate and governmental hacking might result in a catastrophic failure of complex networks controlling critical systems Book 2 Exogenetic examines how the genetics of the world's population might be manipulated Book 3 Entanglement introduces Lucy a sentient AI who learns that deception is a key aspect to survival Book 4 Entropy deals with the concept of transcendence examining the nature of simulations and reality itself
