## **Governing New York State Sixth Edition:**

**Governing New York State, Sixth Edition** Robert F. Pecorella, Jeffrey M. Stonecash, 2012-12-04 New York contains greater diversity than almost any other state. This diversity creates extensive social and political conflict within the state. *Governing New York State Sixth Edition* provides expert assessment of how these conflicts are organized and represented and how the political process and political institutions work in an effort to resolve them. Contributors explore the role of political parties and interest groups in representing these concerns. They also review the nature of the legislature, the governor, the courts, and public authorities as well as how these institutions play a role in making decisions. Finally, the impact of politics is analyzed for the policy areas of intergovernmental fiscal relations, welfare, health, and local education. The sixth edition of *Governing New York State* provides an excellent summary of the political process and most of the major policy controversies in the state.

**Governing New York State** Robert F. Pecorella, Jeffrey M. Stonecash, 2006-02-16 Essays on New York State government and politics. *Public Financial Management* Howard A. Frank, 2006-01-13 *Public Financial Management* covers the five major pillars of this sub discipline of public administration: context, public finance, retirement systems, performance measurement, and budgeting, and international perspectives. **The Government and Politics of New York State** Joseph F. Zimmerman, 2008-03-27 Comprehensive overview of New York State government and politics.

**Governing New York City** Wallace Sayre, Herbert Kaufman, 1960-12-31 This widely acclaimed study of political power in a metropolitan community portrays the political system in its entirety and in balance and retains much of the drama, the excitement, and the special style of New York City. It discusses the stakes and rules of the city's politics and the individuals, groups, and official agencies influencing government action.

**New York Politics** Edward V. Schneier, Antoinette Pole, Anthony Maniscalco, 2023-03-15 *New York Politics* examines aspects of state government that are often hidden in the secret sessions of the parties, legislative conferences, the closed door budget, a complicated array of opaque agencies, authorities, and local governments, and a campaign finance system that lacks transparency. New York is unique among the American states in the existence of regional and demographic divisions, making it difficult to govern. Edward V. Schneier, Antoinette Pole, and Anthony Maniscalco bring clarity and understanding to the politics of the Empire State. This third edition of the leading textbook on New York politics combines historical, legal, statistical, and journalistic sources with the candid perspectives of legislators, lobbyists, and other public officials. Critical updates and new information include an analysis of the rise and fall of Governor Andrew Cuomo, coverage of growing demographic diversity in New York State, and its government, and the impact of unified government when the legislature and executive branch are both controlled by the Democratic Party.
