The Collected Letters of C.S. Lewis, Volume 3 C. S. Lewis, 2004 The letters found in Volume II reveal inside accounts of how The Screwtape Letters came to be written the early meetings of the Inklings with J R R Tolkien giving readings about hobbits and Middle Earth how C S Lewis became popular through BBC radio talks but mostly how this quiet professor in England touched the lives of many through an amazing discipline of personal correspondence **The Gospel magazine, and theological review. Marriage and Modernization Don S. Browning, 2003-03-20 The processes of modernization and globalization promise more wealth and health for many people But they are also a threat to the stability and quality of marriage and family life This new book at once sobering and constructive looks at the impact of these processes on marriage and asks what Christianity in cooperation with other religions can do to strengthen married life today Among the deleterious effects of modernization and globalization on marriage are a worldwide drift of men away from the responsibility of parenthood and the tendency of mothers too readily to take on the task of childrearing alone After looking at recent research on these and other problems Don Browning suggests that the cure for modern marital disruption entails reforming and reconstructing the institution of marriage while also nurturing relevant forms of social support Yet the effort to initiate a world marriage revival requires a complex cultural work and Browning explores the key contributions that the religions of the world must make for such an effort to be successful

Marx's Literary Style Ludovico Silva, 2023-01-24 In Marx's Literary Style the Venezuelan poet and philosopher Ludovico Silva argues that much of the confusion around Marx's work results from a failure to understand his literary mode of expression Through meticulous readings of key passages in Marx's oeuvre Silva isolates the key elements of his style his search for an architectonic unity at the level of the text his capacity to express himself dialectically at the level of the sentence and above all his great gift for metaphor Silva's unique sensitivity to Marx's literary choices allows him to illuminate a number of terms that have been persistently and fatefully misunderstood by many of Marx's most influential readers including alienation reflection and base and superstructure At the heart of Silva's book is his contention that we cannot hope to understand Marx if we treat him as a scientist a philosopher or a literary writer when he was in fact all three at once Originally published in 1971 this is a key work by one of the most important Latin American Marxists of the twentieth century This edition which marks the first appearance of one of Silva's works in English features an introduction by Alberto Toscano

The Athenæum, 1851 **Rethinking Criminal Law Theory** Francois Tanguay-Renaud, James Stribopoulos, 2012-01-10 In the last two decades the philosophy of criminal law has undergone a vibrant revival in Canada The adoption of the Charter of Rights and Freedoms has given the Supreme Court of Canada unprecedented latitude to engage with principles of legal moral and political philosophy when elaborating its criminal law jurisprudence Canadian scholars have followed suit by paying increased attention to the philosophical foundations of domestic criminal law Because of Canada's leadership in international criminal law both at the level of the International

Criminal Court and of specific war crimes tribunals they have also begun to turn their attention to international criminal law per se This collection seeks to bring all these Canadian voices together for the first time and evidence the fact that criminal law theory is no longer to be associated exclusively with the older British German and American traditions The topics covered include questions of philosophical methodology the legitimate scope of domestic and international criminalization rationales for criminal law defences in both domestic and international law the philosophical underpinnings of specific crimes and forms of joint responsibility as well as the theorization of criminal procedure and evidence law

ENDORSEMENTS

In continental Europe academic commentary on the criminal law has long manifested large philosophical ambitions Less so in common law countries where the dominance of jury trial and the piecemeal development of case law together with the famously robust attitudes of common lawyers have militated against detailed philosophical engagement with doctrine Over the last 20 years or so however new generations of philosophically literate lawyers and legally informed philosophers have overcome the historic resistance Nowhere more so it seems than in Canada where the common law and civilian traditions meet In Rethinking Criminal Law Theory Fran ois Tanguay Renaud and James Stribopoulos have joined with 14 talented Canadian colleagues to showcase the tremendous breadth and depth of their contemporary national contribution to the subject Ranging across topics as diverse as emergency obscenity and insanity these essays without exception insightful and penetrating set a high standard for the rest of us to aspire to John Gardner University of Oxford Rethinking Criminal Law Theory is an excellent collection of essays demonstrating the vigour creativity and range of Canadian criminal justice scholarship It covers a wide range of problems and issues both in the domestic and the international context Core questions are examined in depth and new questions are brought to the fore I recommend it very highly to criminal lawyers and philosophers of the criminal law Professor Victor Tadros University of Warwick Rethinking Criminal Law Theory is packed with outstanding contributions from criminal law theorists who are among the best not only in Canada but in the whole English speaking world Broad and deep in its coverage the collection offers fresh approaches to a wide range of cutting edge issues in the field It provides a resource readers will come back to repeatedly Stuart Green Professor of Law and Justice Nathan L Jacobs Scholar Rutgers University
