Alzheimer's in her mother because her mother was such a wonderful actress Eventually the memory problems were no longer confined to where things belonged in the kitchen but extended into driving off at random driving in circles in a parking lot in the middle of the night or as much as 75 miles away from home I Can't Remember gives an intimate glimpse into the hearts and minds of caregivers and patients Supportive social networks are essential for healthy life This book provides the impetus caregivers need to develop contacts that can provide support Smoller offers a glimpse of the frustration and losses faced by those who deal with Alzheimer's as well as the potential to transcend those losses even if only for a time through love and hope
