Graduating Class Latty L. Goodwin, 2012-02-01 In Graduating Class Latty L. Goodwin tells the story of a group of students from poor and working class families who struggle against all odds to graduate from an elite university The author explores the lived experiences of an engaging group of college students and shares their stories of trials and tribulations joys and sorrows and their frustrations and successes Goodwin shows that even though the affirmative action debate was recently

settled in the Supreme Court universities are still left to grapple with defining who is deserving meritorious and qualified for admission This timely story of hope and of students persevering through academic adversity poignantly demonstrates the justice of democratic access to higher education **Transportation** ,1927
