Kerry James Marshall Kerry James Marshall, Robert Storr, Angela Choon, 2015 With a career spanning almost three decades Kerry James Marshall is well known for his complex and multilayered portrayals of youths interiors nudes housing estate gardens land and seascapes all of which synthesize different traditions and genres while seeking to counter stereotypical representations of black people in society Working across various mediums from paintings to comic style drawings to sculptural installations photographs and videos the artist conflates actual and imagined events from African American history integrating a range of stylistic influences to address the limited historiography of black art Produced on the occasion of Marshall s first exhibition at David Zwirner in London and designed by JNL Design in Chicago Look See features beautiful reproductions of every painting on view in the show all of them brand new compositions as well as numerous details and preparatory drawings installation photographs and new scholarship by Robert Storr and Hamza Walker As suggested by the show s title these portraits use the etymological differences between looking and seeing as their point of departure featuring subjects whose dissociated stares seem as defiant as they are mystifying In keeping with his signature approach Marshall has painted his figures in strikingly opaque black pigments both fashioning and abstracting their presences in order to assimilate the limitations and contradictions of style subject and chronology inherent in art historical narratives written from a white Western perspective Taken all together the range of materials included in Look See constitutes a vibrant and comprehensive portrait of Marshall s original and ever evolving practice *Kerry James Marshall* Sandra

and content in both art and theology the intensification of the metaphysical and the theological contra materialist and positivist reductionisms the expansion of the epistemological possibilities of the theology art conversation and a robust understanding of the world as the theatre of God's glory Several chapters have been co written by theologians and artists as part of demonstrating the kind of conversation that this book commends A thorough going commitment to Scripture is also woven into the many different habits of thought represented in this volume Part I surveys different approaches to the theology arts conversation Part II focuses on how particular art forms bring theological issues to the surface and how theological and denominational traditions shape the making and receiving of the arts Part III delves into key topics in the current theology arts scene and asks how artistic and theological performance can both speak to theological and artistic knowing and help to celebrate and interrogate embodied lived reality

What Comes After Farce? Hal Foster, 2020-05-19 If farce follows tragedy what follows farce Where does the double predicament of a post truth and post shame politics leave artists and critics on the left How to demystify a hegemonic order that dismisses its own contradictions How to belittle a political elite that cannot be embarrassed or to mock party leaders who thrive on the absurd How to out dada President Ubu And in any event why add outrage to a media economy that thrives on the same What Comes After Farce comments on shifts in art criticism and fiction in the face of the current regime of war surveillance extreme inequality and media disruption A first section focuses on the cultural politics of emergency since 9 11 including the use and abuse of trauma paranoia and kitsch A second reviews the neoliberal makeover of art institutions during the same period Finally a third section surveys transformations in media as reflected in recent art film and fiction Among the phenomena explored here are machine vision images produced by machines for other machines without a human interface operational images images that do not represent the world so much as intervene in it and the algorithmic scripting of information so pervasive in our everyday lives

Museums in Motion Juilee Decker, 2024-08-06 This book explores the histories and functions of museums while also looking at the current standing of museums and their ongoing efforts toward relevance resiliency and future proofing Section I examines the beginnings of museums with chapters dedicated to art and design museums natural history and anthropological museums science museums museums focused history and the past and gardens zoos and children s museums Emphasis is on museums in the United States with some historical framing beyond the U S Section II explores the primary functions of museums including conservation exhibition interpretation engagement and service Section III examines museums from within by exploring critical issues and contemporary movements facing museums and our society transparency and openness labor and equity belonging and coalition building risk taking and risk aversion

and sustainability and empathy Advocating for change rather than death to museums Museums in Motion demonstrates the very premise that museums have been in motion all along as they have shifted from their rather simple form of a treasury storehouse and tomb to something much more complex by deeply considering where museums have come from where they are today and where they are going Entirely new to this edition Section III Museum Aspirations features five new chapters each centered around topics rather than a museum type or museum function Each topic is meant to be a micro narrative and springboard for a conversation about museums today and their sustainability in the future The chapters examine museums from the inside museum workers and their voices especially as well as power held by people and institutions and DEIA without using those individual words as chapter headings On their own or in conjunction with the chapters in the previous sections of this book these chapters serve as vignettes that can help readers to understand where how and why we need to apply critical lenses to institutions and articulate how doing so helps us to understand this historical moment and ultimately how we can realize resiliency and sustainability for museums and those who make their existence possible

Poetry and Work Jo Lindsay Walton,Ed Luker,2019-11-16 Poetry and Work offers a timely and much needed re

examination of the relationship between work and poetry The volume questions how lines are drawn between work and non work how social political and technological upheavals transform the nature of work how work appears or hides within poetry and asks if poetry is work or play or something else completely The book interrogates whether poetry and avant garde and experimental writing can provide models for work that is less alienated and more free In this major new collection sixteen scholars and poets draw on a lively array of theory and philosophy archival research fresh readings and personal reflection in order to consider work and poetry the work in poetry and the work of poetry Individual chapters address issues such as the many professions occupations and tasks of poets beyond and around writing poetry s special relationship with craft work s relationship with gender class race disability and sexuality how work gets recognised or rendered invisible in aesthetic production and beyond the work of poetry and the work of political activism and organising and the notion of poetry itself as a space where work and play can blur and where postwork imaginaries can be nurtured and explored
