Science of Spirit Robert Donald Tonelli, 2011-01-17 Beyond the Secret Beyond the Power of Now is the Science of Spirit a Deeper look at life Why are we here alive on planet earth trapped in a life of 9 to 5 wage slavery Science of Spirit Lost Keys to the Kingdom of Heaven on Earth shows that all life on planet earth and in the universe is based on an evolution of consciousness from the beginning of time the Big Bang It clarifies the connectedness of all life with Science and to Spirit through the understanding of world old Hermetic Teachings in a balance of Reason and Faith Consciousness is the very fabric that all form is made out of and is the ground of all beingness of life Consciousness and the energy that makes up matter are inextricably combined or linked emerging in a sequence of events called occasions of experience that ultimately create our experiences in life and our reality The universe isnt made of things or particles Its a process Its made up of events The result of this evolution of consciousness is an Analogical Awareness of life living in the now moment of unlimited potentials for the growth of a new super conscious species of humanity moving through an Omega Point in time between 2011 2013 These Hermetic Teachings were clarified for me through the teaching of Ramtha and his Ancient Gnostic School much of what I have learned in 20 years my philosophy of life has its foundation in Ramthas philosophy Our accelerating consciousness is moving to a quantum existence of Spirit in Mass God Man realized alive with all the lower

species of life specifically the Sheeple of Economic Western Society The Science of Spirit is based on my personal experience my research and my understanding of the ancient philosophy that this work comes from It uses from research the philosophy and experience of other very credible people that have studied different aspects of a Science of Spirit as a philosophy to live by I use this eclectic approach to build an accurate model of reality based in consciousness that allows us to create our own reality once we rid ourselves of the illusions of society This approach gives credibility to my overall viewpoint a modern interpretation of a very old philosophy and way of life A Science of Spirit that is inherent in Mother Nature It goes in depth about understanding What Consciousness Is An Analogical State of Awareness that is continuously evolving faster and faster to the eternal Now Moment It uses the discovery of a new perspective of the Mayan Calendar that is supposed to end in a religious Apocalypse at The Omega Point in time around 2012 as its foundational understanding of an Evolution of Consciousness on earth This philosophy and research show an Evolution of Consciousness a rising of an Analogical Awareness of life revealing a Science to the nature of Spirit It explains from a new perspective this battle between the Forces of Good and Evil at The End of Time This Ancient Science of Spirit philosophy explains how the primeval forces of life Spirit that are inherent in Mother Earth growing for 16 4 billion years are pitted against the dogmatic stagnant god fearing personalities that runs the Engines of Commerce of our Global Society with their focus on monetary control of the people and the planet This is a real life battle between evolving evolutionary beings against the Anti Christ Social Consciousness of The Multi National Corporations Religious dogmas talk about an Apocalypse at the end of time to help warn us of our impending doom the remarkable thing is that the word Apocalypse means the lifting of a veil or a disclosure to certain privileged persons of something hidden from the majority of humankind I will show in this book that the lifting of a veil is a rising of consciousness that knows no fear of the unknown and clarifies ancient predictions of the end days and the real battle of Armageddon This ancient Science

Budnik,2006-10-01 This book integrates science with values and meaning by making the simplest possible assumption about the connection between physical structure and conscious experience The implications extend to the foundations of mathematics and physics suggesting that Einstein s intuition near the end of his life was correct that continuous structures do not exist The book argues that spiritual instincts have evolved to connect us with the creative aspects of biological evolution which are crucial to long term survival If the evolution of consciousness is allowed to expand without limit then whatever ecstatic wondrous experience any being ever experiences is the merest hint of a shadow of what can be and that will always be the case This follows from Gdel s Incompleteness Theorem and the assumptions of this book *The Secret History of Consciousness* Meg Blackburn Losey,2025-09-12

Rise of the Underground Rae Stonehouse, 2025-06-04 In Daybridge where reality itself is negotiable Detective Alice Chen walks a dangerous line between worlds Seven years after the catastrophic Daybridge Event when the quantum framework governing reality momentarily collapsed the city exists in uneasy equilibrium Corporations market carefully controlled enhancement technology while an underground movement fights for liberation from artificial constraints they believe were never meant to exist When Alice s quantum enhanced sister Sarah vanishes while investigating a series of impossible crimes Alice is forced to go undercover in the quantum underground Paired with tactical specialist Ethan Reeves she infiltrates the shadowy Quantum Liberation Front a group determined to shatter the very foundations of reality Their mission to expose the mysterious entity known only as The Flux a consciousness that exists across multiple probability streams and claims humanity s perception of reality is nothing but an artificial prison As Alice and Ethan navigate this treacherous world of enhanced abilities and quantum manipulation they discover a conspiracy spanning decades The corporations that regulate enhancement technology aren t just maintaining public safety they re deliberately suppressing humanity s true potential to maintain market dominance Meanwhile ancient artifacts with reality altering capabilities have

fallen into the hands of those who would use them without understanding their true purpose When Alice s scientific curiosity begins to resonate with the underground s philosophy and her quantum powers evolve beyond established parameters the line between duty and liberation blurs The shadow war isn t just about enhancement regulation it s about who controls reality itself As dimensional barriers weaken and entities from beyond their reality take notice Alice and Ethan must navigate between corporate conspiracy and revolutionary extremism to find a third path that serves neither agenda but might save their world from forces beyond comprehension In this stunning blend of near future science fiction and quantum mysticism Rise of the Underground launches a series where consciousness itself becomes the final frontier and the evolution of humanity hinges on whether artificial constraints represent necessary protection or unwarranted imprisonment of our true potential
