El gran manipulador Paul Preston, 2022-10-20 El Franco real es el Franco de Preston Luis María Ansón El gran manipulador un clásico de la bibliografía de Paul Preston que Debate recupera en una nueva edición revisada y ampliada es una biografía concisa y accesible de Francisco Franco cuya dictadura marcó gran parte del siglo XX español Preston quizá el mejor conocedor de este personaje histórico nos ofrece una semblanza que deja al descubierto todas las facetas del dictador y lo presenta como una figura más compleja de lo que algunos quieren aceptar un hombre lleno de ambición totalmente obsesionado por controlar su propia imagen y muy consciente del poder de la propaganda Reseñas Las vidas de Franco que traza Paul Preston revisten de la coloración de una novela negra con la salvedad de que no se trata de literatura de ficción sino de una miserable pero tristemente real historia Hilari Raguer

A People Betrayed Paul Preston, 2020-06-16 Nowhere does the ceaseless struggle to maintain democracy in the face of political corruption come more alive than in Paul Preston's magisterial history of modern Spain The culmination of a half century of historical investigation *A People Betrayed* is not only a definitive history of modern Spain but also a compelling narrative that becomes a lens for understanding the challenges that virtually all democracies have faced in the modern world Whereas so many twentieth century Spanish histories begin with Franco and the devastating Civil War Paul Preston's magisterial work begins in the late nineteenth century with Spain's collapse as a global power especially reflected in its humiliating defeat in 1898 at the hands of the United States and its loss of colonial territory This loss hung over Spain in the early years of the twentieth century its agrarian economic base standing in stark contrast to the emergence of England Germany and France as industrial powers Looking back to the years prior to 1923 Preston demonstrates how electoral corruption infiltrated almost every sector of Spanish life thus excluding the masses from organized politics and giving them a bitter choice between apathetic acceptance of a decrepit government or violent revolution So ineffective was the Republic which had been launched in 1873 that it paved the way for a military coup and dictatorship led by Miguel Primo de Rivera in 1923 exacerbating widespread profiteering and fraud When Rivera was forced to resign in 1930 his fall brought forth a succession of feeble governments stoking rancorous tensions that culminated in the tragic Spanish Civil War With astonishing detail Preston describes the ravages that rent Spain in half between 1936 and 1939

Tracing the frightening rise of Francisco Franco Preston recounts how Franco grew into Spain's most powerful military leader during the Civil War and how after the war he became a fascistic dictator who not only terrorized the Spanish population through systematic oppression and murder but also enriched corrupt officials who profited from severe economic plunder of Spain's working class. The dictatorship lasted through World War II during which Spain sided with Mussolini and Hitler and only ended decades later in 1975 when Franco's death was followed by a painful yet bloodless transition to republican democracy. Yet as Preston reveals corruption and political incompetence continued to have a corrosive effect on social cohesion into the twenty-first century as economic crises, Catalan independence struggles and financial scandals persist in dividing the country. Filled with vivid portraits of politicians and army officers, revolutionaries and reformers and written in the absorbing Economist style for which Preston is so revered, *A People Betrayed* is the first historical work to examine the continuities of political unrest and national anxiety in Spain up until the present, providing a chilling reminder of just how fragile democracy remains in the twenty-first century.

Las Derechas Radicales españolas en la época contemporánea (1800-1975): Su influencia en América Latina Miguel Ángel Perfecto García, 2021-07-01. Las Derechas Radicales españolas es decir las alternativas políticas y sociales anti liberales monárquicas y autoritarias que nacieron a comienzos del Siglo XX tienen sus antecedentes en las propuestas antiliberales de la Iglesia Católica a lo largo del siglo XIX en combate contra el liberalismo naciente. El Nacional Catolicismo un proyecto nacionalista que une España con la religión católica sirvió de base a un modelo de nacionalismo identitario unitarista y antiliberal que se fundió en los años 20 del siglo XX con las ideologías europeas autoritarias y totalitarias sobre el Estado Nación y el modelo social corporativo. El resultado es un proyecto antidemocrático y antiliberal basado en un Gobierno fuerte que concentra los poderes en un líder en un ejército y en un movimiento político que argumentaba no ser ni de derechas ni de izquierdas. La Dictadura de Primo de Rivera supuso la consolidación doctrinal de este proyecto nacionalista antiliberal autoritario y corporativo que unió a las Derechas españolas durante la Segunda República y el régimen Franquista.

La hambruna española Miguel Ángel del Arco Blanco, 2025-09-17 La primera obra que explica qué pasó realmente en la hambruna española de posguerra. El régimen de Franco tuvo una vida suficientemente larga como para construir mitos y esculpir silencios. Uno de los mayores tuvo que ver con los llamados años del hambre: la larga posguerra 1939-1952 que marcó la vida de los españoles tras la guerra civil española. Con una economía estancada y una miseria generalizada, la dictadura culpó de ello a los desastres de la guerra, al aislamiento internacional y a la supuesta pertinaz sequía. Este libro desmonta las justificaciones del franquismo pero además descubre uno de sus mayores secretos: en algunos de aquellos años tuvo lugar una hambruna devastadora 1939-42 y 1946 que acabó con las vidas de más de 200.000 españoles. Al igual que sucediese con otras hambrunas europeas de la época de entreguerras, la hambruna de Franco estuvo provocada por factores políticos relacionados con la economía adoptada: la cercanía al Eje en la II Guerra Mundial, la existencia de un régimen dictatorial y a la corrupción generalizada.

Los libros sobre la Guerra Civil Ángel Bahamonde, Rosario Ruiz Franco, Manuela Aroca Mohedano, Javier Cervera Gil, Matilde Eiroa San Francisco, Arturo García Álvarez-Coque, Eduardo González Calleja, Francisco Sánchez Pérez, 2021-03-04 Un libro sobre libros. Si resulta útil. El lector tiene entre sus manos un libro sobre libros que pretende fijar el arqueológico balance historiográfico de un tema de alcance universal como es la cuarta Guerra Civil española a lo largo de un siglo: la de 1936-1939. Los ocho estudios que recoge esta obra están escritos por destacados especialistas en los temas investigados que analizan las aportaciones historiográficas realizadas sobre diversos aspectos de la Guerra Civil: la conspiración y el golpe militar de julio de 1936, el fenómeno miliciano, la proyección internacional de la guerra, los ejércitos, la violencia política y la represión en las retaguardias, la cultura y la propaganda, la presencia y participación de las mujeres y el final de la guerra. La obra examina la enorme explosión en cantidad y calidad de los estudios sobre la guerra de España a tal como la denominaron los cronistas extranjeros que siguieron los acontecimientos.

Political Economy of the Spanish Miracle Diego Ayala, 2023-12-05 In the 1950s and 1960s Spain underwent one of the most rapid processes of economic development the world had ever seen. Most existing analyses of this process explain the Spanish Miracle as a product of the unleashing of market forces and of changes in economic policy made by the Franco regime in the 1950s. Political Economy of the Spanish Miracle provides an alternative explanation of Spanish economic development analyzing the Miracle from an interdisciplinary political economy perspective that treats capitalist growth as a complex and dynamic interaction between capitalists, workers and the state. The Spanish Miracle is linked to changes in Spanish society produced by the Spanish Civil War, to the class structure of the regime brought to power by that Civil War and to the interaction between domestic social struggles under the Franco regime and Spain's insertion into the international political economy of the Cold War capitalist world. Ambitious in

scope Political Economy of the Spanish Miracle both revises conventional understandings of Spanish economic growth and situates Spain within comparative discussions of development in the twentieth century This book will be of great interest to readers in political economy economic sociology historical sociology and Spanish and European history more broadly **The Franco Regime, 1936-1975** Stanley G. Payne, 2011-09-27 The history of modern Spain is dominated by the figure of Francisco Franco who presided over one of the longest authoritarian regimes of the twentieth century Between 1936 and the end of the regime in 1975 Franco's Spain passed through several distinct phases of political institutional and economic development moving from the original semi fascist regime of 1936-45 to become the Catholic corporatist organic democracy under the monarchy from 1945 to 1975 Distinguished historian Stanley G Payne offers deep insight into the career of this complex and formidable figure and the enormous changes that shaped Spanish history during his regime La crítica de la crítica Alberto Reig Tapia, 2017-07-11 **The Palgrave Handbook of Anti-Communist Persecutions** Christian Gerlach, Clemens Six, 2020-12-07 This handbook explores anti communism as an overarching phenomenon of twentieth century global history showing how anti communist policies and practices transformed societies around the world It advances research on anti communism by looking beyond ideologies and propaganda to uncover how these ideas were put into practice Case studies examine the role of states and non state actors in anti communist persecutions and cover a range of topics including social crises capitalist accumulation and dispossession political clientelism and warfare Through its comparative perspective the handbook reveals striking similarities between different cases from various world regions and highlights the numerous long term consequences of anti communism that exceeded by far the struggle against communism in a narrow sense Contributing to the growing body of work on the social history of mass violence this volume is an essential resource for students and scholars interested to understand how twentieth century anti communist persecutions have shaped societies around the world today Chapter 7 is available open access under a Creative Commons Attribution 4.0 International License via link [springer.com](https://www.springer.com) Discourses on Nations and Identities Daniel Syrový, 2021-01-18 The third volume of the collected papers of the ICLA congress The Many Languages of Comparative Literature includes contributions that focus on the interplay between concepts of nation national languages and individual as well as collective identities Because all literary communication happens within different kinds of power structures linguistic economic political it often results in fascinating forms of hybridity In the first of four thematic chapters the papers investigate some of the ways in which discourses can establish modes of thinking or how discourses are in turn controlled by active linguistic interventions whether in the context of the patriarchy war colonialism or political factions The second thematic block is predominantly concerned with hybridity as an aspect of modern cultural identity and the cultural and linguistic dimensions of domestic life and in society at large Closely related a third series of papers focuses on writers and texts analysed from the vantage points of exile and exophony as well as theoretical contributions to issues of terminology and what it means to talk about transcultural phenomena Finally

a group of papers sheds light on more overtly violent power structures mechanisms of exclusion Totalitarianism torture and censorship but also resistance to these forms of oppression In addition to these chapters the volume also collects a number of thematically related group sections from the ICLA congress preserving their original context *Rethinking Antifascism* Hugo García, Mercedes Yusta, Xavier Tabet, Cristina Clímaco, 2016-06-01 Bringing together leading scholars from a range of nations *Rethinking Antifascism* provides a fascinating exploration of one of the most vibrant sub disciplines within recent historiography Through case studies that exemplify the field s breadth and sophistication it examines antifascism in two distinct realms after surveying the movement s remarkable diversity across nations and political cultures up to 1945 the volume assesses its postwar political and ideological salience from its incorporation into Soviet state doctrine to its radical questioning by historians and politicians Avoiding both heroic narratives and reflexive revisionism these contributions offer nuanced perspectives on a movement that helped to shape the postwar world **Gender and Memory in the**

Postmillennial Novels of Almudena Grandes Lorraine Ryan, 2021-04-21 Almudena Grandes is one of Spain s foremost women s writers having sold over 1 1 million copies of her episodios de una guerra interminable her six volume series that ranges from the Spanish Civil War to the democratic period the myriad prizes awarded to her 18 in total confirm her pre eminence This book situates Grandes s novels within gendered philosophical and mnemonic theoretical concepts that illuminate hidden dimensions of her much studied work Lorraine Ryan considers and expands on existing critical work on Grandes s oeuvre proposing new avenues of interpretation and understanding She seeks to debunk the arguments of those who portray Grandes as the proponent of a sectarian eminently biased Republican memory by analysing the wide variety of gender and perpetrator memories that proliferate in her work The intersection of perpetrator memory with masculinity ecocriticism medical ethics and the child s perspectives confirms Grandes nuanced engagement with Spanish memory culture Departing from a philosophical basis Ryan reconfigures the Republican victim in the novels as a vulnerable subject who attempts to flourish thus refuting the current critical opinion of the victim as overly empowered The new perspectives produced in this monograph do not aim to suggest that Grandes is an advocate of perpetrator memory rather it suggests that Grandes is committed to a more pluralistic idea of memory culture whereby her novels generate understanding of multiple victim perpetrator and gender memories an analysis that produces new and meaningful engagements with these novels Thus Ryan contends that Grandes s historical novels are infinitely more complex and nuanced than heretofore conceived *¡No pasarán!* Mario Amorós, 2021-09-10 Un hilo rojo que atraviesa todo el siglo XX la vida de la comunista m s universal Todo el pa s vibra de indignaci n ante esos desalmados que quieren por el fuego y el terror sumir a la Espa a democr tica y popular en un infierno de terror Pero no pasar n Aquel legendario llamamiento por radio del 19 de julio de 1936 convirti a Dolores Ib rrruri a la saz n diputada del Frente Popular por Asturias en el s mbolo universal de la resistencia republicana frente al fascismo Nacida en el coraz n de la cuenca minera vizca na y militante del Partido Comunista de Espa a desde su fundaci n

ahora hace justo un siglo es en el crisol y la tragedia de la guerra civil cuando se forja el mito de Pasionaria Tras la amarga derrota de 1939 conocer un largo exilio de cuatro décadas principalmente en la Unión Soviética Asume la secretaría general del PCE en plena guerra mundial en la que su hijo Rubén oficial del Ejército Rojo muere en la batalla de Stalingrado Retornada a España en 1977 la imagen de Dolores Ibarruri del brazo de Rafael Alberti en el Congreso de los Diputados constituye una de las estampas más icónicas de la Transición Fallecida en Madrid el 12 de noviembre de 1989 apenas tres días después de la caída del Muro de Berlín su vida es un hilo rojo que atraviesa todo el siglo XX A partir de una documentación excepcional y en buena parte inédita como es el caso del archivo personal de Dolores Ibarruri Mario Amorós ha escrito un relato biográfico riguroso y sobre todo necesario de una de las grandes figuras del movimiento obrero y comunista internacional de una personalidad esencial para comprender la historia de la España contemporánea *A Short History of the Spanish Civil War* Julián Casanova, 2014-03-30 The years of the Spanish Civil War filled twentieth century Spain with hope frustration and drama Not only did it pit countryman against countryman and neighbour against neighbour but from 1936-39 this bitterly contended struggle sucked in competing and seemingly atavistic forces that were soon to rage across the face of Europe and then the rest of the world nationalism and republicanism communism and fascism anarchism and monarchism anti-clerical reformism and aristocratic Catholic conservatism The Guerra Civil is of enduring interest precisely because it represents much more than just a regional contest for power and governmental legitimacy It has come to be seen as a seedbed for the titanic political struggles and larger social upheavals that scarred the entire twentieth century In elegant and accessible prose Julián Casanova tells the gripping story of these years of anguish and trauma which hit the country with a force hitherto unknown at any time in Spain's history Charting the most significant events and battles alongside the main players in the tragedy he provides answers to some of the pressing questions such as the roots and extent of anti-clerical violence that have been asked in the seventy years that have passed since the painful defeat of the Second Republic **Mitos e identidades en el teatro español contemporáneo**, 2016-08-09 Con un telón de fondo internacional de desorientación generalizada han triunfado en el ámbito español durante las últimas temporadas teatrales espectáculos comprometidos con la indagación sobre la identidad humana Uno de los caminos elegidos por los escritores dramáticos ha sido la recreación de mitos a los que dotan de una nueva configuración para dar respuesta a los problemas y dudas del ser humano contemporáneo En este volumen se reúnen seis trabajos originales de María José Ragu Arias Diana M de Paco Serrano Pilar Nieva de la Paz María Francisca Vilches de Frutos Wilfried Floeck y Anita Johnson especialistas en la materia que ofrecen un panorama sobre la manera en la que destacados autores dramáticos han recreado en lengua española algunos de estos mitos **Cambiar la sociedad** Francisco Alburquerque Llorens, 2025-01-03 La mayoría de los estudios referentes a los movimientos antifranquistas en la universidad española rehuyen los aspectos personales los contextos familiares y sociales que dan respuesta a las motivaciones que llevaron a muchos representantes de esa generación a acometer retos que

implicaban junto a graves riesgos personales cambios radicales en su visión de la realidad que les rodeaba. De ahí la importancia de estas memorias que entrelazan la trayectoria vital con el contexto social y político vivido por su protagonista. Francisco Alburquerque Llorens líder clave del movimiento estudiantil madrileño entre 1964 y 1968 fue delegado del Sindicato Democrático de Estudiantes de la Universidad de Madrid SDEUM en la Facultad de Ciencias Políticas y Económicas, epicentro de la lucha estudiantil tanto de la Complutense como del conjunto de las universidades españolas. Francisco Alburquerque constituye un ejemplo de toda una generación que como bien recordaba Manuel Vázquez Montalbán no se involucró en el activismo por ambiciones personales o de poder sino para transformar la sociedad intentando mantener una coherencia con sus principios a lo largo de toda su vida profesional.

La construcción de la dictadura franquista en Cantabria Julián Sanz Hoya, 2020-11-20. Galardonada con el Premio de Historia Regional Manuel Teira Ciudad de Torrelavega contribuye esta obra a paliar el vacío historiográfico existente acerca de la dictadura franquista a través de un estudio sobre su implantación y asentamiento en la entonces denominada provincia de Santander centrándose en la construcción del Nuevo Estado, el funcionamiento de las instituciones locales y provinciales y el análisis del personal político de la época.
