Reflections of a Reluctant Retiree Richard G. Riedel, 2022-03-15 After retirement with time on my hands I decided to sit down and put in print the thoughts that came my way from one reading and another Then I ran into some heart surgery five bypasses and the question Why Why did this happen to me So after that life saving experience in those days when I seemed to be living beyond when I should have perhaps died I took what I have learned in the past and reflected in that history on what I read in the present hoping that I can speak to someone in a future time about a future time about all the possibilities that stand before them as they stood before me Then it will be their turn or maybe your turn to reflect on your life and perhaps share some words with others about their future

West of 98 Lynn Stegner, Russell Rowland, 2012-07-25 What does it mean to be a westerner With all the mythology that has grown up about the American West is it even possible to describe how it was how it is here in the West just that in the words of Lynn Stegner Starting with that challenge Stegner and Russell Rowland invited several dozen members of the

western literary tribe to write about living in the West and being a western writer in particular West of 98 gathers sixty six literary testimonies in essays and poetry from a stellar collection of writers who represent every state west of the 98th parallel a kind of Greek chorus of the most prominent voices in western literature today who seek to characterize the West as each of us grew to know it and equally important the West that is still becoming In West of 98 western writers speak to the ways in which the West imprints itself on the people who live there as well as how the people of the West create the personality of the region The writers explore the western landscape how it has been revered and abused across centuries and the inescapable limitations its aridity puts on all dreams of conquest and development They dismantle the boosterism of manifest destiny and the cowboy and mountain man ethos of every man for himself and show instead how we must create new narratives of cooperation if we are to survive in this spare and beautiful country The writers seek to define the essence of both actual and metaphoric wilderness as they journey toward a West that might honestly be called home A collective declaration not of our independence but of our interdependence with the land and with each other West of 98 opens up a whole new panorama of the western experience
