Public Spheres of Resonance Anne Fleig, Christian von Scheve, 2019-10-08 To understand the profound changes in the modes of public political debate over the past decade this volume develops a new conception of public spheres as spaces of resonance emerging from the power of language to affect and to ascribe and instill collective emotion Political discourse is no longer confined to traditional media but increasingly takes place in fragmented and digital public spheres At the same time the modes of political engagement have changed discourse is said to increasingly rely on strategies of emotionalization and to be deeply affective at its core This book meticulously shows how public spheres are rooted in the emotional bodily and affective dimensions of language and how language in its capacity to affect and to be affected produces those dynamics of affective resonance that characterize contemporary forms of political debate It brings together scholars from the humanities and social sciences and focuses on two fields of inquiry publics politics and media in Part I and language and artistic inquiry in Part II The thirteen chapters provide a balanced composition of theoretical and methodological considerations focusing on highly illustrative case studies and on different artistic practices The volume is an indispensable source for researchers and postgraduate students in cultural studies literary studies sociology and political science It likewise appeals to practitioners seeking to develop an in depth understanding of affect in contemporary political debate

Occupying Disability: Critical Approaches to Community, Justice, and Decolonizing Disability Pamela Block, Devva Kasnitz, Akemi Nishida, Nick Pollard, 2015-09-03 This book explores the concept of occupation in disability well beyond traditional clinical formulations of disability it considers disability not in terms of pathology or impairment but as a range of unique social identities and experiences that are shaped by visible or invisible diagnoses impairments socio cultural perceptions and environmental barriers and offers innovative ideas on how to apply theoretical training to real world contexts Inspired by disability justice and Disability Occupy Wall Street Decolonize Disability movements in the US and related movements abroad this book builds on politically engaged critical approaches to disability that intersect occupational therapy disability studies and anthropology Occupying Disability will provide a discursive space where the concepts of disability culture and occupation meet critical theory activism and the creative arts The concept of occupation is intentionally a moving target in this book Some chapters discuss occupying spaces as a form of protest or alternatively protesting against territorial occupations Others present occupations as framed or problematized within the fields of occupational therapy and

occupational science and anthropology as engagement in meaningful activities The contributing authors come from a variety of professional academic and activist backgrounds to include perspectives from theory practice and experiences of disability Emergent themes include all the permutations of the concept of occupy disability justice decolonization marginalization and minoritization technology struggle creativity and change This book will engage clinicians social scientists activists and artists in dialogues about disability as a theoretical construct and lived experience

When Bad Things Happen to Privileged People Dara Z. Strolovitch, 2023-07-06 A deep and thought provoking examination of crisis politics and their implications for power and marginalization in the United States From the climate crisis to the opioid crisis to the Coronavirus crisis the language of crisis is everywhere around us and ubiquitous in contemporary American politics and policymaking But for every problem that political actors describe as a crisis there are myriad other equally serious ones that are not described in this way Why has the term crisis been associated with some problems but not others What has crisis come to mean and what work does it do In *When Bad Things Happen to Privileged People* Dara Z Strolovitch brings a critical eye to the taken for granted political vernacular of crisis Using systematic analyses to trace the evolution of the use of the term crisis by both political elites and outsiders Strolovitch unpacks the idea of crisis in contemporary politics and demonstrates that crisis is itself an operation of politics She shows that racial justice activists innovated the language of crisis in an effort to transform racism from something understood as natural and intractable and to cast it instead as a policy problem that could be remedied Dominant political actors later seized on the language of crisis to compel the use of state power but often in ways that compounded rather than alleviated inequality and injustice In this eye opening and important book Strolovitch demonstrates that understanding crisis politics is key to understanding the politics of racial gender and class inequalities in the early twenty first century

Interrogating Disability in India Nandini Ghosh, 2016-09-13 This book discusses the multifaceted concept of disability in the context of India Through analyses of theoretical propositions of disability in South Asia and empirical explorations of the lives of persons with disabilities in India this book not only brings to the forefront a hitherto unexplored realm in academic discourse but also bridges the gap between theory and lived reality and between policy and practice Thus it is an important addition to the field of development studies in South Asia The papers herein represent multidisciplinary and interdisciplinary perspectives from architects lawyers sociologists political scientists historians economists and linguists to social work practitioners from the grassroots level This range of insights from different disciplines allows for the exploration of a wide range of issues around disability and the lives of disabled people moving from theoretical assumptions to exploring structural and infrastructural barriers to problematizing different aspects of the lives of disabled people and from objective realms to more subjective domains Along with students and researchers of disability studies this book is of interest to a diverse readership encompassing the social sciences mental health and development studies

Sociology Looking at Disability Sara E. Green, Sharon N. Barnartt, 2016-12-22 The purpose of this volume is to

explore existing literature with an eye towards encouraging scholars not to ask the same old questions but to use older writings as a basis for revolutionary and evolutionary thinking What do the older writings tell us about what questions we should be asking and what research we should be doing today

Contemporary Archipelagic Thinking Michelle Stephens, Yolanda Martínez-San Miguel, 2020-09-15 Contemporary Archipelagic Thinking takes as point of departure the insights of Antonio Benítez Rojo, Derek Walcott and Édouard Glissant on how to conceptualize the Caribbean as a space in which networks of islands are constitutive of a particular epistemology or way of thinking This rich volume takes questions that have explored the Caribbean and expands them to a global Anthropocene framework This anthology explores the archipelagic as both a specific and a generalizable geo historical and cultural formation occurring across various planetary spaces including the Mediterranean and Aegean Seas the Caribbean basin the Malay archipelago Oceania and the creole islands of the Indian Ocean As an alternative geo formal unit archipelagoes can interrogate epistemologies ways of reading and thinking and methodologies informed implicitly or explicitly by more continental paradigms and perspectives Keeping in mind the structuring tension between land and water and between island and mainland relations the archipelagic focuses on the types of relations that emerge island to island when island groups are seen not so much as sites of exploration identity sociopolitical formation and economic and cultural circulation but also and rather as models The book includes 21 chapters a series of poems and an Afterword from both senior and junior scholars in American Studies Archaeology Biology Cartography Digital Mapping Environmental Studies Ethnomusicology Geography History Politics Comparative Literary and Cultural Studies and Sociology who engage with Archipelago studies Archipelagic Studies has become a framework with a robust intellectual genealogy The particular strength of this handbook is the diversity of fields and theoretical approaches in the Humanities Social Sciences and Natural Sciences that the included essays engage with There is an editor's introduction in which they meditate about the specific contributions of the archipelagic framework in interdisciplinary analyses of multi focal and transnational socio political and cultural context and in which they establish a dialogue between archipelagic thinking and network theory assemblages systems theory or the study of islands oceans and constellations

Disability Theatre and Modern Drama Kirsty Johnston, 2016-04-21 Bertolt Brecht's silent Kattrin in *Mother Courage* or the disability performance lessons of his Peachum in *The Threepenny Opera* Tennessee Williams' limping Laura Wingfield in *The Glass Menagerie* and hard of hearing Bodey in *A Lovely Sunday for Creve Coeur* Samuel Beckett's blind Hamm and his physically disabled parents Nagg and Nell in *Endgame* these and many further examples attest to disability's critical place in modern drama This Companion explores how disability performance studies and theatre practice provoke new debate about the place of disability in these works The book traces the local and international processes and tensions at

play in disability theatre and offers a critical investigation of the challenges its aesthetics pose to mainstream and traditional practice. The book's first part surveys disability theatre's primary principles, critical terms, internal debates, and key challenges to theatre practice. Examining specific disability theatre productions of modern drama, it also suggests how disability has been re-envisioned and embodied on stage. In the book's second part, leading disability studies scholars and disability theatre practitioners analyse and creatively re-imagine modern drama, demonstrating how disability aesthetics press practitioners and scholars to rethink these works in generative, valuable, and timely ways.

Disability Media Studies
Elizabeth Ellcessor, Bill Kirkpatrick, 2017-10-03

Introduces key ideas and offers a sense of the new frontiers and questions in the emerging field of disability media studies. *Disability Media Studies* articulates the formation of a new field of study based in the rich traditions of media, cultural, and disability studies. Necessarily interdisciplinary and diverse, this collection weaves together work from scholars from a variety of disciplinary homes into a broader conversation about exploring media artifacts in relation to disability. The book provides a comprehensive overview for anyone interested in the study of disability and media today. Case studies include familiar contemporary examples such as Iron Man 3, Lady Gaga, and Oscar Pistorius, as well as historical media, independent disability media, reality television, and media technologies. The contributors consider disability representation, the role of media in forming cultural assumptions about ability, the construction of disability via media technologies, and how disabled audiences respond to particular media artifacts. The volume concludes with afterwords from two different perspectives on the field: one by disability scholar Rachel Adams, the other by media scholars Mara Mills and Jonathan Sterne, that reflect upon the collection, the ongoing conversations, and the future of disability media studies. *Disability Media Studies* is a crucial text for those interested in this flourishing field and will pave the way for a greater understanding of disability media studies and its critical concepts and conversations.

Disability in Africa
Toyin Falola, Nic Hamel, 2021

Exploring issues of disability, culture, activism, and policy across the African continent, this volume argues for the recognition of African disability studies as an important and emerging interdisciplinary field. While the disability rights movement of recent decades has a rich and well-documented history, it is a history mostly focused on the Global North. *Disability in Africa* presents an interdisciplinary approach to cultural, health, and policy challenges that disability issues have raised throughout the African continent. The volume draws on the achievements of disability studies while acknowledging the demands and challenges of particular African contexts. The authors bring diverse methodological approaches and expertise to bear on these issues, ranging from anthropology and bioethics to special education and community rehabilitation. Essays consider indigenously African definitions of disability as well as exploring disability at the intersection of poverty, geography, and globalized biopolitics. Contributors analyze the difficulties of implementing disability policy across the continent while also being mindful of successful approaches taken at local, national, and international levels. *Disability in Africa* thus charts new avenues for disability studies research in and about Africa.
