Chavéz, Gina M. Pérez, 2022-04-01 The contributors in Ethnographic Refusals, Unruly Latinidades highlight the value of radical inclusion in their research and call for a critical self reflexivity that marshals the power of bearing witness to move from rhetoric to praxis in support of these methodologies within anthropological perspectives The essays in this collection do not offer simple solutions to histories of colonialism patriarchy and misogyny through which gender binaries and racial hierarches have been imposed and reproduced but rather provide a crucial opportunity for reflection on and continued reimagination of the contours of Latinidad These scholars deploy Latinx strategically as part of ongoing dialogues understanding that their terminologies are inherently imprecise contested and constantly shifting Each chapter explores how Latinx ethnographers and interlocutors work together in contexts of refusal ever mindful of how power shapes these encounters and the analyses that emerge from them as well as the extraordinary possibilities offered by ethnography and its role in ongoing social transformation

*Seeking Rights from the Left* Elisabeth Jay Friedman, 2018-12-31 Seeking Rights from the Left offers a unique comparative assessment of left leaning Latin American governments by examining their engagement with feminist women s and LGBT movements and issues Focusing on the Pink Tide in eight national cases Argentina Bolivia Brazil Chile Ecuador Nicaragua Uruguay and Venezuela the contributors evaluate how the Left addressed gender and sexuality based rights through the state Most of these governments improved the basic conditions of poor women and their families Many significantly advanced women s representation in national legislatures Some legalized same sex relationships and enabled their citizens to claim their own gender identity They also opened opportunities for feminist and LGBT movements to press forward their demands But at the same time these governments have largely relied on heteropatriarchal relations of power ignoring or rejecting the more challenging elements of a social agenda and engaging in strategic trade offs among gender

and sexual rights Moreover the comparative examination of such rights arenas reveals that the Left's more general political and economic projects have been profoundly if at times unintentionally informed by traditional understandings of gender and sexuality Contributors Sonia E Alvarez Mar a Constanza Diaz Rachel Elfenbein Elisabeth Jay Friedman Niki Johnson Victoria Keller Edurne Larracoechea Bohigas Amy Lind Marlise Matos Shawna Mullenax Ana Laura Rodriguez Gust Diego Sempol Constanza Tabbush Gwynn Thomas Catalina Trebisacce Annie Wilkinson
