until death separates you Some die in front of the red robe of the judge some rise to immortality in front of the white robe of the undertaker Every marriage that starts with love wishes to break the seal of the word until death separates you Death only kills people he can't afford love The mortal bodies of the lovers die but the love does not die it transcends time nailed to eternity What heartbreak for a love to be brought in front of a judge like a criminal to be tried What a cruelty such a death is The death of love is always an unsolved case There are many who are accused but no one takes responsibility They are buried in the graveyard of the Strangers neither the police nor the detective can solve their secret These pages suggest a way for love to turn from flower to fruit It's a way that anyone can understand and anyone can implement This path is one that synthesizes commonalities in the relationships of those who have succeeded There are certainly many other ways this way is not the only way and it is just one The content is organized in four main sections In order for a love affair to turn from a flower to a delicious fruit one must first know the nature of the relationship love Then it is necessary to know the parties of the relationship and then learn to manage the relationship Ultimately everything valuable needs to be protected The fourth chapter is about the security of the relationship that matters

Love Is a Story Robert J. Sternberg, 1999-06-03 In this groundbreaking work Robert Sternberg opens the book of love and shows you how to discover your own story and how to read your relationships in a whole new light What draws us so strongly to some people and repels us from others What makes some relationships work so smoothly and others burst into flames Sternberg gives us new answers to these questions by showing that the kind of relationship we create depends on the kind of love stories we carry inside us Drawing on extensive research and fascinating examples of real couples Sternberg identifies 26 types of love story including the fantasy story the business story the collector story the horror story and many others each with its distinctive advantages and pitfalls and many of which are clashing incompatible These are the largely unconscious preconceptions that guide our romantic choices and it is only by becoming aware of the kind of story we have about love that we gain the freedom to create more fulfilling and lasting relationships As long as we remain oblivious to the role our stories play we are likely to repeat the same mistakes again and again But the enlivening good news this book brings us is that though our stories drive us we can revise them and learn to choose partners whose stories are more compatible with our own Quizzes in each chapter help you to see which stories you identify with most strongly and which apply to your partner Are you a traveler a gardener a teacher or something else entirely Love is a Story shows you how to find out
