Love God Cross Jesus Two:

Both-And Rich Nathan,2013-08-26 Rich Nathan and Insoo Kim have got some good news for an either or world Walking you through seven impasses in the journey of faith progress or orthodoxy unity or diversity justice or mercy the authors show why the life centered in Christ the God man is life in the liberating reality of the both and **Because of Love, He Came...**

William H Wetmore,2015-01-29 The gospel of Christ is the most important message in the history of the world Mankind cannot survive to its highest potential in the absence of the gospel At the heart of that gospel are the incarnation of Jesus Christ and the crucifixion of Christ His birth is one of the most significant moments in divine history because it sets the stage for the crucifixion the resurrection the ascension and Christs second coming Christs incarnation represents Gods will to save repentant sinners Christ came into the world as the Suffering Servant to die for the sins of the world That is of first importance it will always remain so For what I Paul received I passed on to you as of first importance that Christ died for our sins according to the Scriptures that he was buried that he was raised on the third day according to the Scriptures 1 Cor 15 3 4 However the Scriptures also identify at least thirty reasons for His birth that confirm the reality of God the reality of the resurrection and the reality of eternal life I believe that understanding these additional reasons will increase our understanding of God as well as our anticipation for the second coming of Christ It was the will of God that redemption and reconciliation would be through the birth death resurrection and ascension of His only begotten Son Jesus Christ the Son of God is the perfect sacrifice for the sins of the world Christ is also the perfect witness and example of the love of God the perfect expression of that love is the cross Because of love He came Our Christian life will be richer when the fullness of the incarnation of Christ is more fully understood **Jesus' Death in New Testament Thought: Two-Volume Complete Edition**

David A. Brondos,2018-07-16 Jesus Death in New Testament Thought is unlike anything written on the subject to date It represents a radical break with the traditional models or theories of atonement based on ideas such as penal substitution participation in Christ and the Christus Victor motif claiming that all of these ideas as commonly understood are foreign to New Testament thought On the basis of his analysis of second temple Jewish thought Brondos demonstrates that for Jews in antiquity what atoned for sins and led people to be declared righteous in God s sight was not sacrifice suffering or death in themselves but the renewed commitment to living in accordance with God s will which they manifested by means of their sacrificial offerings and at times their willingness to endure suffering and death out of faithfulness to that will According to the thought of Jesus first followers in accordance with a divine plan conceived of before the ages in Jesus God had sent his Son in order to establish around him a community of people fully committed to practicing the love justice solidarity and righteousness associated with God s will for all Jesus dedication to this task led to confrontation and conflict with the powers and authorities of his day who sought to silence him by having him put to death Because he stood firm and remained faithful to that task rather than backing down from it he was crucified on a Roman cross Paradoxically however in

this way he laid the basis for the existence of the community God had desired from the start stamping it forever as one to which no one could truly belong without assuming the same firm commitment to Jesus and everything for which he had lived and died Those who form part of this community living out of faith under Jesus as their risen Lord come to practice God's will as redefined through Jesus and on that basis are forgiven and accepted as righteous by God Thus by giving up his life out of love for others in faithfulness to the task his Father had given him Jesus has attained the redemption reconciliation cleansing and justification of those who now live under his lordship as members of the worldwide community of believers from all nations that God has established through him and his death in fulfillment of the promises that God had made of old to his people Israel In Volume 1 Brondos looks to the relevant texts from antiquity to trace the background and development of these ideas His argument will leave the reader with no doubt that Jesus first followers understood the salvific significance of his death or blood in the manner just outlined and therefore that the traditional interpretations of his death that have prevailed from patristic times to the present do not reflect faithfully their thought as we find it in the New Testament In Volume 2 Brondos examines the formulaic allusions to Jesus death that we find scattered throughout the New Testament and other early Christian writings so as to demonstrate that these are precisely the ideas that lie behind those allusions At the same time through his analysis of the writings of Melito of Sardis and Irenaeus of Lyons he provides clear evidence that by the late second century ideas that are foreign to those texts began to be read back into them with the result that the original understandings of Jesus death that had developed among his first followers came to be replaced by other understandings that run contrary to their thought In his Conclusion Brondos argues that only by rejecting the traditional models of atonement and returning to the New Testament teaching on this central doctrine can the Christian church respond effectively to the crisis it faces today and bring about the restoration of the type of communities envisioned by Jesus and his first followers

Christian Theology, Volume Two Thomas N. Finger, 2020-03-09 This is one of the first systematic theologies written from a believer's church chiefly an Anabaptist Mennonite perspective Dr Finger develops his themes throughout the volume in careful dialogue with Reformed Lutheran Roman Catholic and other historic approaches The eschatological approach taken by Finger does not represent a fixation on future events Rather it represents a method of inquiry based on the early Christian conviction that the last things had already occurred through Jesus even though their effects were not yet fully realized Chief among these were the resurrection of the dead the outpouring of the Spirit the coming of God's kingdom and the defeat of the powers of evil After outlining this vantage point Volume I considered eschatology revelation and the work of Christ in its light Volume II begins with anthropology Jesus human work provides the norm for authentic human being Justification comes next and is considered as the eschatological revelation and actualization of God's righteousness through the faithfulness of Jesus Christ After treating the dynamics of personal sanctification Dr Finger explores the context within which it is pursued the church His ecclesiology begins with mission including its approach to non-Christian religions and the

sociopolitical realm Volume II ends where most systematic theologies begin with God including the humanity and deity of Jesus Christ Thomas N Finger has undertaken an important task that is rarely attempted the production of a constructive systematic theology informed by judicious dialogue with current biblical scholarship Finger s methodological decision to adopt an eschatological approach enables him to work formally as well as materially from within a perspective shaped by the NT writers his innovative organization of the loci of Christian doctrine with its emphasis on the church as a community of believers living out the tensions between Christ s resurrection and Parousia is a direct result of taking the NT seriously Particularly noteworthy is his exposition of the doctrine of justification in the light of recent paradigm shifts in Pauline studies Finger s book is a productive and edifying work for all who care about the ongoing conversation between Scripture and systematics Richard Hays Duke Divinity School Thomas N Finger has chosen an approach to the systematic presentation of Christian Theology which I also have taken since the publication of my Theology of Hope in 1964 He begins with the goal with eschatology With that goal in mind a new light is cast on every single doctrine of Christian theology the light of redemption and the work of the theologian becomes a labor of hope This is a theology of the way With the kingdom of God kept steadily in view it becomes an invitation to walk the way of Jesus Tom Finger s theological prospectus makes a brilliant contribution to ecumenical theological dialogue from the Anabaptist tradition He offers an eschatologically oriented theology for which I can only congratulate him Jurgen Moltmann Professor of Theology University of Tübingen This volume is not only a contribution to the contemporary discussions in systematic theology It is also an important ecumenical breakthrough The Anabaptist tradition stands as an important dialogue partner in the quest for a common ground in the Christian faith Finger approaches the biblical faith from an eschatological viewpoint that is faithful to the Anabaptist tradition but in dialogue with Roman Catholic classical Protestant and contemporary scholars in both of these traditions He has begun a substantive conversation that will be important into the twenty first century Jeffrey Gros Former Director of the Commission on Faith Order National Council of Christian Churches USA *The Homiletic Review* ,1898 *Sourcebook for Sundays, Seasons, and Weekdays 2024* Kathryn Ball-Boruff,Jessie Bazan,Mary A. traditions of American Methodists From this framework of traditional Christian piety he shows how we can reflect faithfully on these contemporary issues in ways that honor each other as the presence of Christ the Bride of Christ This is a breath of fresh air amid the rancor that has too often polluted church conversations in recent years His concern is that Christians damage the church not just the institution of the church but the church as the body and bride of Christ by the uncharitable and unprofitable conversation we too often carry on especially over the issue of same sex relationships Ted Campbell Associate Professor of Church History Perkins School of Theology Steve Harper courageously shares his thoughts after weeks of prayerful reflection on a topic that has challenged the Church for millennia Pay particular attention to his mention of E Stanley Jones use of the roundtable Steve has renewed my own desire to be more loving and far less judgmental Robert G Tuttle Jr Emeritus Professor of World Christianity Asbury Seminary Invaluable Steve Harper is spot on for what he describes as a need for a third way In our social media driven culture selecting the enter button often creates environments fueled by vitriol instead of love for the sake of the Bride Toni King retired registered nurse Department of Veterans Affairs Steve Harper entrusts us with a deeply personal account about his unexpected prayer born call to reexamine the church s embattled position regarding same gender relationships Intimate prayerful and tenderly biblical this book reminds us that we already share a way forward and the way is Love Pam Hawkins discipleship pastor and former associate editor of Weavings Belmont United Methodist Church Nashville Tennessee Steve Harper does not provide easy answers to our problems but challenges a polarized church to focus on Christ through our Wesleyan tradition Kyle Cuperwich pastor Bernardsville and Gladstone United Methodist Churches New Jersey

Divine Enjoyment Elaine Padilla, 2014-12-02 This book s theological and philosophical construction of a God of enjoyment poetically remaps divine love Posing a critique to the Aristotelian unmoved mover whose intellectual enjoyment is self enclosed this book s affective tones depict a passionate God who intermingles with the cosmos to suffer and yearn out of love even improper love Divine Enjoyment leads the reader to a path of excess first in the form of an intellectual appetite that for Aquinas places God beyond the divine self then more erotically in the silhouette of a lover whose love is like the delectable pain of mystics Culminating with banqueting fiesta and carnival the book deterritorializes God s affect conceiving of an expansively hospitable enjoyment stemming from many life forms With a renewed welcome for pleasure the book also upholds a disruptive ethic Ultimately an immoderate God of love whose passionate enjoyment stems from the sufferings as well as joys of the cosmos offers another paradigm of lovingly enjoying oneself in relationship with passionate becomings that belong to many others
