Chapman,2012-02-02 This book seeks to explain the ways in which Anglicans have sought to practise theology in their various contexts It is a clear insightful and reliable guide which avoids technical jargon and roots its discussions in concrete examples The book is primarily a work of historical theology which engages deeply with key texts and writers from across the tradition e g Cranmer Jewel Hooker Taylor Butler Simeon Pusey Huntington Temple Ramsey and many others As well as being suitable for seminary courses it will be of particular interest to study groups in parishes and churches as well as to individuals who seek to gain a deeper insight into the traditions of Anglicanism While it adopts a broad and unpartisan approach it will also be provocative and lively **SCM Studyguide Anglicanism** Stephen Spencer,2013-01-07 The SCM

the difficult word perfection has been part of Christian spirituality through the centuries The Fathers spoke of it and Augustine particularly contributed his penetrating analysis of human motivation in terms of love Medieval theologians such as Bernard and Thomas Aquinas developed the tradition and wrote of levels or degrees of perfection in love However the doctrine has not fared so well among Protestants John Wesley was the one major Protestant leader who tried to blend this ancient tradition of Christian perfection with the Reformation proclamation of justification by grace through faith This book seeks to develop Wesley's synthesis of patristic and Reformation theology in order to consider how Christian perfection can be expressed in a more nuanced way in today's culture Noble examines what basis may be found for Wesley's understanding of sanctification in the central doctrines of the church particularly the atonement the doctrine of Christ and the most comprehensive of all Christian doctrines the doctrine of the Holy Trinity What he sets out is a fully trinitarian theology of holiness

Working with Words Stanley Hauerwas, 2011-02-16 The crucial challenge for theology is that when it is read the reader thinks This is true Recognizing claims that are true enables readers to identify an honest expression of life's complexities The trick is to show that theological claims the words that must be used to speak of God are necessary if the theologian is to speak honestly of the complexities of life The worst betrayal of the task of theology comes when the theologian fears that the words he or she must use are not necessary This new collection of essays lectures and sermons by Stanley Hauerwas is focused on the central challenge risk and difficulty of this necessity working with words about God The task of theology is to help us do things with words God is not a word peculiar to theology but if God is a word to be properly used by Christians the word must be disciplined by Christian practice It should therefore not be surprising that like any word we must learn how to say God

My Church Is Not Dying Greg Garrett, 2015-03-01 The old way of being church is being replaced by something new and beautiful for those with the eyes ears heart and soul to experience it Prolific author Greg Garrett reminds Episcopalians of the many gifts that our tradition can offer a doubting and hurting world He reveals a church that values intellect beauty diversity and community and promotes thoughtful engagement with questions of faith ethics and community This church espouses a generous orthodoxy welcoming left and right mystic and doubter It values education social justice and engagement with literature and culture And in opposition to the radical individualism espoused by most of American Protestantism it offers the unique gift of a tradition shaped by English culture that believes the individual is a part of her or his community not in opposition to it
