Hermann Balck, Hitler's Forgotten General Philip Kay-Bujak, 2025-11-15

Though less famous than Rommel or von Manstein Hermann Balck was considered by peers and enemies to be among the most talented German commanders of the Second World War. He was a veteran of the First World War in which he served as a junior officer on the Western, Eastern, Italian and Balkan fronts and was wounded seven times. In 1940 he led the successful crossing of the River Meuse with dramatic consequences. Balck led from the front in the new and very dynamic and aggressive command style of *Auftragstaktik*, continuously touring forward HQs to brief officers personally regardless of personal risk. He refused two offers to join the General Staff preferring to remain in combat roles. Balck was a pivotal moving force behind the growth of the Panzer forces. In 1942 he commanded a depleted division against massive odds, virtually destroying the Soviet 5th Tank Army. He was rewarded with the Knights Cross with Oak Leaves, Swords and Diamonds, one of only 27 recipients. He briefly commanded *Grossdeutschland Panzergrenadier Division* and suggested Hitler was wrong in how the *Waffen SS* was constructed. Philip Kay Bujak argues that had Hitler ignored Balck's criticisms of the *Waffen SS* and promoted him, Field Marshal Balck might have changed the course of the war on the Eastern Front. It was also Balck that nearly defeated the Americans at Salerno in 1943. Commanding Army Group G in 1944 he came up against General Patton but could not halt his advance in Alsace. First sacked then reinstated by Hitler he fought on until surrendering to US forces on 8 May 1944 to avoid capture by the Soviets. Post war as a convicted war criminal Balck chose obscurity and refused to take part in US interviews but by the 1980s he changed his mind on both and advised NATO on how to win a land war against Russia; his tactics are still relevant today.

Hitler's Paratrooper Gilberto Villahermosa, 2010-07-30

A valuable study, a must read for everybody interested in the topic of German Fallschirmjäger in the Second World War. Volker Griesser, author of *The Lions of Carentan*. Rudolf Witzig entered the history books as the heroic captor of Belgium's supposedly impregnable fortress Eben Emael in May 1940, the first time that glider borne troops were used in the war. To many people he is also known as the commander of the battle group that fired the first shots of the Tunisian campaign. Remarkably, next to nothing has been written about him as an individual. This biography, completed with the full support of Witzig's widow and son, is a comprehensive history of the man and also provides important new detail on the German parachute arm that he served. In the course of his service Witzig was awarded the coveted Knight's Cross of the Iron Cross even though he had not yet earned the Iron Crosses 2nd and 1st class. To resolve the problem he was awarded all three on the spot. Witzig was involved in Operation Mercury, the invasion of Crete, but was injured during the fighting. After his recovery he was sent to Tunisia where he was credited with several successful defensive actions. He ended the war in captivity, surrendering to the Allies on May 8, 1945, the day after his name was placed

on the Honour Roll of the Luftwaffe A gripping biography providing a tough gritty and compelling study of a German soldier
Firetrench A unique well written and impeccably researched account of the Third Reich s evolving fortunes as witnessed on
numerous battlefronts by a highly decorated Fallschirmj ger officer Mark J Reardon author of Defending Fortress Europe

Kurowski,2012-04-23 The Panzer Lehr Division a German armoured division during World War II was one of the most Elite
units in the entire German Wehrmacht Heer It was formed in 1943 from various units of elite training and demonstration
troops stationed in Germany to provide additional armoured strength for resisting the anticipated Allied invasion of western
Europe Its great weakness was that it concentrated the cream of Germany s tank commanders and instructors in a single unit
Due to its elite status it was lavishly equipped in comparison to the ordinary Panzer divisions though on several occasions it
fought almost to destruction in particular during Operation Cobra For the first time in English this book follows the division
from Normandy and the Battle of the Bulge to the end of the war showing how Germans fought Americans at St L and
Bastogne Written in Kurowski s trademark you are there style this includes numerous firsthand accounts based on interviews
with veterans *For the Homeland!* Rudolf Pencz,2002 Although much has been published about the Waffen SS in English

coverage of the majority of its units is patchy inaccurate or even nonexistent This carefully researched study from Rudolf
Pencz records the complete history of one of these rarely covered W SS formations the 31st W SS Volunteer Grenadier
Division The division established in Autumn 1944 was mainly composed of ethnic Germans living in Hungary After a brief
period of training the division was soon sent into action against the Red Army in Hungary late 1944 At the end of the year it
was withdrawn from the front for rest and refitting before participating in the bitter fighting against the Soviets in Silesia
until the end of the war The remnants of the division surrendered to the Soviets in May 1945 For the Homeland is a detailed
and complete history of the division the text features a large number of personal accounts and eyewitness reports from
former members Detailed appendices include divisional officer lists and a complete order of battle Key Features An accurate
and well researched study which breaks new ground in English language coverage of the Waffen SS Text features a large
number of personal accounts and eyewitness reports from former members of the division Also includes detailed appendices

Aces of the Russian Front John Weal,2012-10-20 This book details the pilots who were credited with scores of between 50
and 100 and includes detail of the harrowing conditions and thrilling aerial battles that the Luftwaffe pilots endured The four
year long Eastern Front campaign fought between Germany and the Soviet Union produced not only the greatest number of
aces but also the highest individual and unit scores ever recorded in the history of aerial warfare An ideal complement to its
bestselling predecessor this fully illustrated volume covers the Luftwaffe fighter pilots credited with scores of between 50
and 100 every single one of them amassing a greater number of victories than the highest and most celebrated of any British

or American World War II ace Despite these huge personal totals the names of these pilots who fought against the Red Air Force remain almost unknown to many English speaking readers More Bf 109 Aces of the Russian Front rectifies that omission providing first hand accounts from the combat veterans themselves as well as never before published photographs vividly conveying the terrible experiences of the protagonists in this difficult theatre of war German Commanders of World War II (1) Gordon Williamson,2012-06-20 This first of two studies examining the careers and illustrates the appearance and uniforms of 19 of the German Army s leading field commanders in World War II Their service covers the whole arc of that army s wartime experience from stunning success in 1939 41 through the hugely costly middle years on the Russian Front to the stubborn defensive fighting in both East and West in 1943 45 Also included are five more junior unit commanders chosen because their service typifies the achievements of combat leaders in regimental and battalion commands The colour portraits are in the uniquely meticulous style of the respected World War II illustrator Malcolm McGregor
