

GLOBAL WARMING, PANDEMICS, HEATWAVES, DROUGHTS, TERRORISM, WARS, FAMINE. AND WHO, REALLY, EXPECTS THINGS TO GET BETTER? AT LEAST ANYTIME SOON? ON THE CONTRARY, THE FUTURE CAN LOOK AWFULLY BLEAK.

And who, at times, doesn't feel helpless before it all, especially before the unknown, which is why one of the most tantalizing questions we sometimes ask ourselves: Can the future be known? Obviously, with people spending billions each year on psychics, palm readers, horoscopes, tarot cards, fortune tellers or even on algorithms—people think we can know it.

But are they really going to find answers in a palm reader?

The good news is that the Bible provides us with answers, and it reveals that to be hopeful about the future!

Knowing Tomorrow Today is a riveting account which outlines a major prophecy from the Bible, which points to our day, and predicts that the superpower will be one that will last forever. It is a love story of a God who came for us, that He risked it all by coming down into the messiness and of our human reality in order to save us from ourselves and the forces of

evil. In *Knowing Tomorrow Today*, we are given a glimpse of the world to come, a world in which good has forever triumphed over evil. The future will be a world of peace, a world of justice, a world of righteousness. The future will be a world of encounters with their Creator. Global warming, Pandemics, Heatwaves, Terrorism, Wars, Famines. Yes, but there's also this promise as well: wipe away every tear from their eyes. There shall be no more death, crying, or dying. There shall be no more pain, for the former things have passed away (Revelation 21:4). That's knowing tomorrow today.

MERRICK BROWN is a dynamic Bible teacher. As a young man his life was utterly transformed when he discovered an amazing blueprint of hope. He subsequently spent many years probing the Word, especially those found in the book of Revelation. Today he passionately continues to share that God has brought to his life through his podcast *Knowing Tomorrow Today*.

Joseph E. Stiglitz,2024-04-23 From one of the world s leading economists a compelling new vision of personal and economic freedom We are a nation born from the conviction that people must be free But since the middle of the last century that idea has been co opted Forces on the political Right have justified exploitation by cloaking it in the rhetoric of freedom leading to pharmaceutical companies freely overcharging for medication a Big Tech free from oversight politicians free to incite rebellion corporations free to pollute and more How did we get here Whose freedom are we and should we be thinking about In The Road to Freedom Nobel prize winner Joseph E Stiglitz dissects America s current economic system and the political ideology that created it laying bare their twinned failure Free and unfettered markets have only succeeded in delivering a series of crises the financial crisis the opioid crisis and the crisis of inequality While a small portion of the population has amassed considerable wealth wages for most people have stagnated Free and unfettered markets have exploited consumers workers and the environment alike Such failures have fed populist movements that believe being free means abandoning any obligations citizens have to one another As they grow in strength these movements now pose a real threat to true economic and political freedom As an economic advisor to presidents and as chief economist at the World Bank Stiglitz has witnessed these profound changes firsthand As he argues the failures follow from the elites unshakeable dedication to the neoliberal experiment Explicitly taking on giants such as Friedrich Hayek and Milton Friedman Stiglitz exposes accepted ideas about our political and economic life for what they are twisted visions that tear at the social fabric while they enrich the very few The Road to Freedom breaks new ground showing how economics including recent advances in which Stiglitz has played such an important role reframes how to think about freedom and the role of the state in a twenty first century society

Drawing on the work of contemporary philosophers Stiglitz explains a deeper more humane way to assess freedoms one that considers with care what to do when one person's freedom conflicts with another's We must reimagine our existing economic and legal systems and embrace forms of collective action including regulation and investment if we are to create an innovative society in which everyone can flourish The task could not be more urgent and Stiglitz's latest book is essential reading for those committed to the American ideal of an economic and political system that delivers well being opportunity and meaningful freedoms for all
