The Lion King (2019)

The animals are so realistic, you'll find it hard to believe it's all CGI

All your favourite songs from the animated original, and more

Pumbaa and Timon still steal the show, especially their 'Lion Sleeps Tonight' sequence

The story is too, too similar to the '94 movie

Realistic animals do not jeer and laugh like humans. In other words, their expressions are mostly stoic

The lions are hard to tell apart. An unavoidable downside from them being so realistic

In *Look a Negro*, political theorist Robert Gooding Williams imaginatively and impressively unpacks fundamental questions around race and racism. Inspired by Frantz Fanon's famous description of the profound effect of being singled out by a white child with the words *Look a Negro*, his book is an insightful, rich and unusually wide ranging work of social criticism. These essays engage themes that have dominated debates on race and racial identity in recent years: the workings of racial ideology including the interplay of gender and sexuality in the articulation of racial ideology; the viability of social constructionist theories of race; the significance of Afrocentrism and multiculturalism for democracy; the place of black identity in the imagination and articulation of America's inheritance of philosophy and the conceptualization of African American politics in post segregation America. *Look a Negro* will be of interest to philosophers, political theorists, critical race theorists, students of cultural studies and film, and readers concerned with the continuing importance of race consciousness to democratic culture in the United States. The New York Times Theatre Reviews 1999-2000 New York Times Theater Reviews, 2001-12. This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play's various printed versions and its theatrical productions.
