

KITTY AND THE PRINCE

The marriage of Miss Florence Kate Jewell and Prince Lobengula was timed to take place at nine o'clock yesterday morning at the Church of St. Matthias, Warwick Road. At eight o'clock it occurred to me that an interview with the bride might be interesting, or at any rate a description of her trousseau. I therefore called on Miss Jewell, and Miss

Jewell very kindly received me, although her time was necessarily limited. She was dressed in a magenta silk tea-gown trimmed with lace. Her manner was entirely free from any nervousness. She is of the average height, has wavy brown hair, grey

Black Lives in Britain Jeffrey Green, 2025-02-14 People of African descent in the British Isles have been widely overlooked in both British social history and the history of Black people Located in country towns as well as large cities their contributions spanned diverse roles and professions Some people of African descent became doctors and medal winning soldiers while others were trapped in slavery or sex work Black individuals participated in political and imperial reform as well as in groups that supported fellow Black communities Many migrated to Africa Australia Jamaica or New Zealand Drawing from contemporary newspapers historical archives the writings of descendants and veterans school and government files and memoirs this book offers an in depth study of the role of Black people in British history It examines how people of African descent were affected by cultural snobbery racism and imperialism and sheds light on the many other aspects of the varied lives of Black people in Britain from 1830 to 1940 Despite rarely being contextualized in their age people of color did not solely exist as stigmatized outsiders they participated in English society as teachers government officials tradespeople and in many other roles

The Long Road Home Ben Shephard, 2011-02-22 At the end of World War II long before an Allied victory was assured and before the scope of the atrocities orchestrated by Hitler would come into focus or even assume the name of the Holocaust Allied forces had begun to prepare for its aftermath Taking cues from the end of the First World War planners had begun the futile task of preparing themselves for a civilian health crisis that due in large part to advances in medical science would never come The problem that emerged was not widespread disease among Europe's population as anticipated but massive displacement among those who had been uprooted from home and country during the war Displaced Persons as the refugees would come to be known were not comprised entirely of Jews Millions of Latvians Poles Ukrainians and Yugoslavs in addition to several hundred thousand Germans were situated in a limbo long overlooked by historians While many were speedily repatriated millions of refugees refused to return to countries that were forever changed by the war a crisis that would take years to resolve and would become the defining legacy of World War II Indeed many of the postwar questions that haunted the Allied planners still confront us today How can humanitarian aid be made to work What levels of immigration can our societies absorb How can an occupying power restore prosperity to a defeated

enemy Including new documentation in the form of journals oral histories and essays by actual DPs unearthed during his research for this illuminating and radical reassessment of history Ben Shephard brings to light the extraordinary stories and myriad versions of the war experienced by the refugees and the new United Nations Relief and Rehabilitation Administration that would undertake the responsibility of binding the wounds of an entire continent Groundbreaking and remarkably relevant to conflicts that continue to plague peacekeeping efforts *The Long Road Home* tells the epic story of how millions redefined the notion of home amid painstaking recovery Kitty Little Freda Lightfoot,2020-06-29 Against the backdrop of the theatre a real life drama plays out After fleeing from a marriage arranged by her ambitious mother Katherine throws herself into an acting career but a scandal threatens to wreck everything she has worked for Charlotte believes she can have any man she wants and she wants Archie no matter who is standing in her way Esme is in love with the life and vibrancy of the theatre and the contrast to the life of duty she has known as a parson s daughter But can a quiet and trusting girl ever be truly at home on the stage All three girls are seeking escape Each is pretending to be someone she is not and all are in love with the same man An enthralling tale of love and rivalry from bestselling author Freda Lightfoot perfect for fans of Katie Flynn and Annie Clarke **After Daybreak** Ben Shephard,2007-12-18 I find it hard even now to get into focus all these horrors my mind is really quite incapable of taking in everything I saw because it was all so completely foreign to everything I had previously believed or thought possible British Major Ben Barnett s words echoed the sentiments shared by medical students Allied soldiers members of the clergy ambulance drivers and relief workers who found themselves utterly unprepared to comprehend much less tend to the indescribable trauma of those who survived at the Bergen Belsen concentration camp The liberation of Bergen Belsen by the British in April 1945 was a defining point in history the moment the world finally became inescapably aware of the Holocaust But what happened after Belsen was liberated is still a matter of dispute Was it an epic of medical heroism or the culmination of thirteen years of indifference to the fate of Europe s Jews This startling investigation by acclaimed documentary filmmaker and historian Ben Shephard draws on an extraordinary range of materials contemporary diaries military documents and survivors testimonies to reconstruct six weeks at Belsen beginning on April 15 1945 and reveals what actually caused the post liberation deaths of nearly 14 000 concentration camp inmates who might otherwise have lived Why did it take almost two weeks to organize a proper medical response Why were the medical teams sent to Belsen so poorly equipped Why when specialists did arrive did they get so much of the medicine plain wrong For the first time Shephard explores the humanitarian and medical issues surrounding the liberation of the camp and provides a detailed illuminating account that is far more complex than had been previously revealed This gripping book confronts the terrifying aftermath of war with questions that still haunt us today A history of our own times from the accession of Queen Victoria to the Berlin Congress by Justin McCarthy Justin McCarthy,1898 Who's who in the Theatre ,1926 *The Architecture of Anna Karenina* Elisabeth Stenbock-Fermor,1975 When criticized about the lack of architecture
