Contemporary Conspiracy Culture Jaron Harambam, 2020-04-22 In this ethnographic study the author takes an agnostic stance towards the truth value of conspiracy theories and delves into the everyday lives of people active in the conspiracy milieu to understand better what the contemporary appeal of conspiracy theories is Conspiracy theories have become popular cultural products endorsed and shared by significant segments of Western societies Yet our understanding of who these people are and why they are attracted by these alternative explanations of reality is hampered by their implicit and explicit pathologization Drawing on a wide variety of empirical sources this book shows in rich detail what conspiracy theories are about which people are involved how they see themselves and what they practically do with these ideas in their everyday lives The author inductively develops from these concrete descriptions more general theorizations of how to understand this burgeoning subculture He concludes by situating conspiracy culture in an age of epistemic instability where societal conflicts over knowledge abound and the Truth is no longer assured but out there for us to grapple with This book will be an important source for students and scholars from a range of disciplines interested in the depth and complexity of conspiracy culture including Anthropology Cultural Studies Communication Studies Ethnology Folklore Studies History Media Studies Political Science Psychology and Sociology More broadly this study speaks to contemporary public debates about truth and knowledge in a supposedly post truth era including widespread popular distrusts towards elites mainstream institutions and their knowledge

Spiritually-Engaged Knowledge Jennifer Crawford, 2017-03-02 In a supposedly global age which not everyone accepts the late Dr Jennifer Crawford has brought together a range of disciplines in her creation of a unified sensitive way of knowing for the global era Drawing upon her academic and lived experience in philosophy environmental science social work and feminism together with a deep spiritual commitment Jennifer Crawford has deftly woven together complex ideas in her reconceptualisation of global justice Spiritually Engaged Knowledge The Attentive Heart is framed within the author's troubling encounters in India recounted in the Prologue and Epilogue These transformative experiences inspired her multi disciplinary exploration of justice which took her beyond the boundaries of Western epistemology Locating the global the author defines what it is to be a member of a global community in which cross cultural encounters bring forth the possibility of new genre of knowledge Crawford situates her argument within contemporary philosophical contexts drawing upon postmodern discourse globalisation theory and the realisation of shared horizon for all human knowledge which offers up a potential for knowing globally Crawford takes the reader through feminist theory the ethic of care the craft of othering surrender to the other and to our relationship with the earth which she argues can be reconfigured into an ethically based way of knowing Drawing on a range of belief systems including Australian

Aboriginal spirituality Christianity Buddhism Hinduism metaphysics and Western philosophy Crawford rebuilds an inclusive compassionate redefinition of care for the new millennium which she calls spiritually engaged knowledge **Attentiveness to Vulnerability** Daniel J. Fleming, 2019-04-24 This book is an attempt to develop a dialogue between the philosophy of Emmanuel Levinas Jean Porter's Thomistic theory of the natural law and the virtue of solidarity as expressed in Catholic Social Teaching It seeks to explore the implications that such a dialogue would have for our understanding of moral reasoning Attentiveness to Vulnerability rests on the hypothesis that it is possible to develop a set of robust links between these thinkers and bodies of thought markedly different as they are in terms of philosophical disposition and framework Such links specify the ethical implications of Levinas thought and develop Porter's theory in an original way This work requires further specification through a developed anthropology which allows for expansion within the tradition of Catholic theological ethics The inclusion of Levinas and a focus on the virtue of solidarity allows for an advancement of virtue theory and theological ethics to the extent that the virtue of solidarity becomes a key aspect of any ethical reasoning **Feminist Legal Theory: Foundations** D. Kelly Weisberg, 1993 *History, Civic Education, and Liberal Democracy* Jeffrey Douglas Jones, 2000 **Theoretical Perspectives for Direct Social Work Practice** Peter Lehmann PhD, LCSW, 2007-10-22 Praise for the first edition Finally a social work practice text that makes a difference This is the book that you have wished for but could never find Although similar to texts that cover a range of practice theories and approaches to clinical practice this book clearly has a social work frame of reference and a social work identity Gayla Rogers Dean of the Faculty of Social Work University of Calgary The major focus of this second edition is the same to provide an overview of theories models and therapies for direct social work practice including systems theory attachment theory cognitive behavioral theory narrative therapy solution focused therapy the crisis intervention model and many more However this popular textbook goes beyond a mere survey of such theories It also provides a framework for integrating the use of each theory with central social work principles and values as well as with the artistic elements of practice This second edition has been fully updated and revised to include A new chapter on Relational Theory and newly rewritten chapters by new authors on Cognitive Behavioral Theory Existential Theory and Wraparound Services New critique of the Empirically Supported Treatment EST movement Updated information on the movement toward eclecticism in counseling and psychotherapy A refined conceptualization of the editors' generalist eclectic approach
