Lightroom 4 Nat Coalson, 2012-04-06 Nat Coalson is passionate about sharing his experience and knowledge on Lightroom 4 to help you professionally organize process and present your images This book has been completely revised and updated to include the newest Lightroom features to make your images look their very best Katrin Eismann Chair Masters in Digital Photography School of Visual Arts New York New York Working with your photos is fast easy and fun with Lightroom 4 Most photographers want to make their photos look good find them easily and protect them from loss And they'd rather be out in the field than learning a new software program If this is you you'll love Nat Coalson's step by step task focused approach to Lightroom 4 Designed for new users and those upgrading from an earlier version this book leads you on a straightforward path to great results Learn to Organize your photo library to quickly find what you're looking for Optimize every photo with powerful easy image adjustments Edit videos and publish your finished clips to the web Create beautiful photo books web galleries and slideshows Synchronize your collections with photo sharing and social media websites Print photos with precise color accuracy Use the map to plot locations where your photos were taken *Lightroom 3* Nat Coalson, 2011-03-29 I've worked my entire adult life in digital imaging from managing high volume production departments to running my own photography and printing businesses And for many years I've been teaching photographers how to be self sufficient when it comes to working with their digital images Having used all major image editing software released over the past twenty years I now choose to use Lightroom because it allows me to work quickly helps me deal with large numbers of images and lets me get back to enjoying the creative aspects of photography From my experience I know how hard it can be to learn new ways of doing things especially computer stuff Unfortunately for a lot of photographers struggling with digital processing can take the fun out of photography Trying to figure out the intricacies of file formats resolution color

management etc and even simply where to put all the files can be daunting tasks Worse yet sometimes it s hard just to know the right steps to get the best quality from a single photo It s my mission to ease your pain to show you that you really can be in control of your entire imaging process and help you develop a personalized workflow that fits your style and needs My students frequently tell me how liberating this is to comfortably handle all the files coming off the camera and residing on hard disks to work methodically through a known sequence of steps and to produce finished pictures that you re proud to show other people This is at the heart of the photographer s experience and I want you to know this sense of confidence and capability I ve taught large groups and individual photographers alike Over the years I ve learned where people get stuck I understand the pitfalls new users face when first starting to use Lightroom as well as the concerns of more experienced users looking for ways to tweak their workflow for better performance I want to help you overcome these challenges My goal for this book is to teach you to effectively use Lightroom 3 as quickly and easily as possible My writing has been heavily influenced by my experiences working with clients and students and I ve approached the content of this book as I would tutor someone in a one on one training session The order in which concepts are presented and the emphasis I give to certain aspects of the workflow are unique among books of its kind We ll start by reviewing some important basic principles such as working with Lightroom catalogs the Lightroom workflow color management and an introduction to Lightroom 3 s updated tools and screen interface From there we jump right in to importing images into Lightroom This is followed by a step by step editing tutorial that will make your work much easier Then we move on to in depth explanations of how to perfect each photo for tone color contrast sharpness and much more After a detailed look at exporting images out of Lightroom the next three chapters deal with presenting your work to others with prints Web sites and slideshows Finally we ll wrap up with an in depth look at advanced techniques for integrating Lightroom with other software The material presented in this book is appropriate for digital photographers working in all disciplines at all skill levels The information and tutorials are applicable to every kind of photography from weddings and portraits to fine art landscape work everyone can learn to streamline their digital photography process using Lightroom 3 Nat Coalson Conifer CO 2010 **Lightroom 2** Nat Coalson,2009-03-23

Adobe Photoshop Lightroom is the primary software of choice for today s digital photographer As a new tool using Lightroom requires mastering new skills not always an easy task Compounding the challenge many photographers don t have fundamental knowledge of digital image processing Lightroom 2 Streamlining your Digital Photography Process offers you the digital imaging fundamentals and the Lightroom specific skills you need to quickly learn and retain a mastery of Lightroom Written and designed by a professional photographer designer fine art printmaker and instructor this book is designed to simplify and accelerate the learning process and is unique in both content and presentation Nat Coalson is an Adobe Certified Expert in Lightroom and Photoshop and has taught photography and imaging classes and workshops for many years The approach taken by Lightroom 2 Streamlining your Digital Photography Process is based on over 20 years of

professional experience in photography printing and imaging and the methods of instruction were developed through the author's work with students and clients. At 400 pages this book clearly explains how to use all of Lightroom's controls and much more. Beginning with the original image capture all the way through importing, editing, processing, and presenting photos, the text also explains fundamental imaging concepts every modern photographer needs to know. Not just the how but also the why. Not just recipes but core skills you will use again and again. And by developing stronger technical skills you will be able to focus more on creative expression. The content of *Lightroom 2 Streamlining your Digital Photography Process* also demonstrates a simple practical workflow. You will learn real world professional level production techniques through straightforward examples and easy to follow instructions. The book is divided into nine chapters: Chapter 1 Digital Imaging Foundations: resolution, bit depth, color spaces, etc.; Chapter 2 Digital Photography Workflow: step by step outline of the processing pipeline; Chapter 3 The Lightroom Workspace: modules, panels, tools, view modes, etc.; Chapter 4 Digital Image Capture: benefits of raw, using histograms, critical exposure settings, capturing the most possible data, etc.; Chapter 5 Import Photos into Lightroom: creating efficient file systems, automation, and batch processing using presets, etc.; Chapter 6 Organize your Photos in Library: identifying, selecting, using filters and collections, working with metadata, keywording strategies, etc.; Chapter 7 Process your Photos in Develop: evaluating the photo, adjusting global tone, contrast, and color, local adjustment brushes, and graduated filters, retouching, etc.; Chapter 8 Export Images from Lightroom: choosing the right file formats, post processing actions, using export plug-ins, etc.; Chapter 9 Presenting your Work: working in the Slideshow, Print, and Web modules. Each chapter describes in detail specific aspects of the Lightroom workflow and includes step by step sequences that summarize the topics presented. Throughout the book you will learn and integrate concepts quickly and easily through numerous shortcuts, tips, reminders, and warnings. *Lightroom 2 Streamlining your Digital Photography Process* includes over 300 color figures including screenshots and illustrations, plus dozens of the author's own photographs. In addition, Appendices provide a reference sheet for the most useful shortcuts, a comprehensive list of additional online Lightroom resources, and a guide to optimizing Lightroom performance. *Lightroom 2 Streamlining your Digital Photography Process* gives you a complete mastery of Lightroom and the digital photography workflow, as well as a solid foundation in digital imaging. As a result, you will be able to produce the best possible photographs with the least possible effort. Foreword by renowned landscape photographer William Neill. **Art Book News Annual, volume 4: 2008** ,
