**Empire and After** Graham MacPhee, Prem Poddar, 2007-10-01 The growing debate over British national identity and the place of Englishness within it raises crucial questions about multiculturalism postimperial culture and identity and the past and future histories of globalization However discussions of Englishness have too often been limited by insular conceptions of national literature culture and history which serve to erase or marginalize the colonial and postcolonial locations in which British national identity has been articulated This volume breaks new ground by drawing together a range of disciplinary approaches in order to resituate the relationship between British national identity and Englishness within a global framework Ranging from the literature and history of empire to analyses of contemporary culture postcolonial writing political rhetoric and postimperial memory after 9 11 this collection demonstrates that far from being parochial or self involved the question of Englishness offers an important avenue for thinking about the politics of national identity in our postcolonial and globalized world

The House of Lords 1911-2011 Chris Ballinger, 2014-08-07 House of Lords reform is often characterised as unfinished business a riddle that has been left unanswered since 1911 But rarely can an unanswered riddle have had so many answers offered even though few have been accepted indeed when Viscount Cave was invited in the mid 1920s to lead a Cabinet committee on Lords reform he complained of finding the ground covered by an embarrassing mass of proposals That embarrassing mass increased throughout the twentieth century Much ink has been spilled on what should be done with the upper House of Parliament much less ink has been expended on why reform has been so difficult to achieve This book analyses in detail the principal attempts to reform the House of Lords Starting with the Parliament Act of 1911 the book examines the century of non reform that followed drawing upon substantial archival sources many of which have been under utilised until now These sources challenge many of the existing understandings of the history of House of Lords reform and the reasons for success or failure of reform attempts The book begins by arguing against the popular idea that the 1911 Act was intended by its supporters to be a temporary measure No one peers included should be allowed to pronounce about the future of the House of Lords without reading Chris Ballinger s authoritative shrewd and readable account about reform attempts over the past century He punctures several widely held myths and claims in the current debate Rt Hon Peter Riddell CBE Director Institute for Government and former Hansard Society chair This is at once an impeccably researched academic study and a thoroughly readable account loaded with lessons for today s would be Lords reformers Lord David Lipsey

Writing on the Southern Front Joseph Scotchie, 2017-09-08 For traditionalists the conservative ascendancy of the 1980s turned out to be a major disappointment With the triumph of multiculturalism and political correctness liberalism seemed to move from strength to strength Still a stout number of southern conservative writers plunged forward and their themes of populism immigration and cultural integrity are seeing a contemporary resurgence Discussing a wide array of authors who worked in a variety of genres Joseph Scotchie celebrates those unreconstructed champions who fought the culture wars of

their times with a special learning and vigor Also included in this collection are creative artists who kept the flame of literature alive providing visions of possibilities that only genre can provide      *The Birmingham Quean* S. A. M. Trainor, 2010-06 We are to believe there was a time when *The Birmingham Quean* was just a poem a mock epic burlesque in which a fake pound coin told how she was won in a game of darts by a drag queen called Britannia Spears It parodied Pope's *The Rape of the Lock* Byron's *Don Juan* and an anonymous eighteenth century novel *The Birmingham Counterfeit* The transformation of this bit of picaresque doggerel into the sprawling work barely contained by this cover is the central mystery of a ludic novel It mirrors the unlikely story of a dirty little settlement of nailers and cutlers becoming the principle city of the Industrial Revolution by flooding the Restoration economy with counterfeit coins What remains is an absurd scholarly edition of a poem recast as a futuristic dystopia in which nothing is authentic It is also the tale of an impossible love affair that uncovers an impossible text by an impossible author It is as strange ironic sombre flashy and anarchic as the city to which it owes its existence      *Like the Roman* Simon Heffer, 1999-11-01 Written with full access to all Powell's public and private papers this biography details Powell's Midlands childhood his appointment at the age of 25 as Professor of Greek at the University of Adelaide his writing of poetry his love for an Irish woman and his Rivers of Blood speech      *The Literary Review*, 1999      **The Economist**, 1968      Enoch Powell Thomas Edwin Utley, Enoch Powell, 1968      *Enoch Powell* Robert Shepherd, 1997
