

LINCOLN AND HIS ADMIRALS

"An important Lincoln book
of genuine originality."

—*The Washington Post*

CRAIG L. SYMONDS

Lincoln And His Admirals

Rachel S Tattersall

Lincoln And His Admirals:

Lincoln and His Admirals Craig L. Symonds, 2008 Reveals how Abraham Lincoln managed the men who ran the naval side of the Civil War and transformed himself into one of the greatest naval strategists of his age in an account of the commander in chief during the Civil War

Lincoln and His Admirals Craig L. Symonds, 2010 Reveals how Abraham Lincoln managed the men who ran the naval side of the Civil War and transformed himself into one of the greatest naval strategists of his age in an account of the commander in chief during the Civil War

Lincoln's Code John Fabian Witt, 2013-07-02 By one of the nation's foremost legal historians a groundbreaking history of the pioneering American role in establishing the modern laws of war In the fateful closing days of 1862 just three weeks before Emancipation Abraham Lincoln's top military advisors commissioned a code of rules to govern the armies of the United States in a newly intensified war effort The code Lincoln issued the next spring helped shape the remaining two years of Civil War Its rules on torture prisoners of war assassination and more quickly became foundations of the modern laws of war and today's Geneva Conventions Yet the hidden story of Lincoln's code and of the decades of controversy that lay behind it has never been told In this masterful and strikingly original history John Witt charts the alternately troubled and triumphant course of the laws of war in America from the Founding Fathers to the dawn of the modern era revealing the history of a code that reshaped the laws of war the world over Ranging from the Revolution to the War of 1812 from war with Mexico to the Civil War from Indian wars to the brutal counterinsurgency campaign in the Philippines Witt tells a story that features presidents as well as men in the throes of battle one that spans war makers and pacifists Indians and slaves In a time of heated controversy about the nation's conduct in the war on terror Lincoln's Code is a compelling story of ideals under pressure and a landmark contribution to our understanding of the American experience

Dixie Redux Raymond Arsenault, 2013-11-01 *Dixie Redux* Essays in Honor of Sheldon Hackney is a collection of original essays written by some of the nation's most distinguished historians Each of the contributors has a personal as well as a professional connection to Sheldon Hackney a distinguished scholar in his own right who has served as Provost of Princeton University president of Tulane University and the University of Pennsylvania and the chairman of the National Endowment for the Humanities In a variety of roles teacher mentor colleague administrator writer and friend Sheldon Hackney has been a source of wisdom empowerment and wise counsel during more than four decades of historical and educational achievement His life both inside and outside the academy has focused on issues closely related to civil rights social justice and the vagaries of race class regional culture and national identity Each of the essays in this volume touches upon one or more of these important issues themes that have animated Sheldon Hackney's scholarly and professional life

Stanton Walter Stahr, 2017-08-08 New York Times bestselling author Walter Stahr tells the story of Edwin Stanton who served as Secretary of War in Abraham Lincoln's cabinet This exhaustively researched well paced book should take its place as the new standard biography of the ill tempered man who helped to save

the Union It is fair judicious authoritative and comprehensive The Wall Street Journal Of the crucial men close to President Lincoln Secretary of War Edwin Stanton 1814 1869 was the most powerful and controversial Stanton raised armed and supervised the army of a million men who won the Civil War He directed military movements He arrested and imprisoned thousands for war crimes such as resisting the draft or calling for an armistice Stanton was so controversial that some accused him at that time of complicity in Lincoln s assassination He was a stubborn genius who was both reviled and revered in his time Stanton was a Democrat before the war and a prominent trial lawyer He opposed slavery but only in private He served briefly as President Buchanan s Attorney General and then as Lincoln s aggressive Secretary of War On the night of April 14 1865 Stanton rushed to Lincoln s deathbed and took over the government since Secretary of State William Seward had been critically wounded the same evening He informed the nation of the President s death summoned General Grant to protect the Capitol and started collecting the evidence from those who had been with the Lincolns at the theater in order to prepare a murder trial Now Walter Stahr s highly recommended Library Journal starred review essential book is the first major account of Stanton in fifty years restoring this underexplored figure to his proper place in American history A lively lucid and opinionated history Kirkus Reviews starred review **Prologue** ,2010 The Civil War at Sea Craig L. Symonds,2012 Continuing in the vein of the Lincoln prize winning Lincoln and His Admirals acclaimed naval historian Craig L Symonds presents an operational history of the Civil War navies both Union and Confederate in this concise volume Illuminating how various aspects of the naval engagement influenced the trajectory of the war as a whole The Civil War at Sea adds to our understanding of America s great national conflict Both the North and the South developed and deployed hundreds of warships between 1861 and 1865 Because the Civil War coincided with a revolution in naval technology the development and character of warfare at sea from 1861 1865 was dramatic and unprecedented Rather than a simple chronology of the war at sea Symonds addresses the story of the naval war topically from the dramatic transformation wrought by changes in technology to the establishment management and impact of blockade He also offers critical assessments of principal figures in the naval war from the opposing secretaries of the navy to leading operational commanders such as David Glasgow Farragut and Raphael Semmes Symonds brings his expertise and knowledge of military and technological history to bear in this essential exploration of American naval engagement throughout the Civil War

The War That Forged a Nation James M. McPherson,2015-02-12 More than 140 years ago Mark Twain observed that the Civil War had uprooted institutions that were centuries old changed the politics of a people transformed the social life of half the country and wrought so profoundly upon the entire national character that the influence cannot be measured short of two or three generations In fact five generations have passed and Americans are still trying to measure the influence of the immense fratricidal conflict that nearly tore the nation apart In The War that Forged a Nation Pulitzer Prize winning historian James M McPherson considers why the Civil War remains so deeply embedded in our national psyche and identity

The drama and tragedy of the war from its scope and size an estimated death toll of 750 000 far more than the rest of the country's wars combined to the nearly mythical individuals involved Abraham Lincoln Robert E Lee Stonewall Jackson help explain why the Civil War remains a topic of interest But the legacy of the war extends far beyond historical interest or scholarly attention Here McPherson draws upon his work over the past fifty years to illuminate the war's continuing resonance across many dimensions of American life Touching upon themes that include the war's causes and consequences the naval war slavery and its abolition and Lincoln as commander in chief McPherson ultimately proves the impossibility of understanding the issues of our own time unless we first understand their roots in the era of the Civil War From racial inequality and conflict between the North and South to questions of state sovereignty or the role of government in social change these issues McPherson shows are as salient and controversial today as they were in the 1860s Thoughtful provocative and authoritative *The War that Forged a Nation* looks anew at the reasons America's civil war has remained a subject of intense interest for the past century and a half and affirms the enduring relevance of the conflict for America today

A Campaign of Giants--The Battle for Petersburg A. Wilson Greene, 2025-04-08 Grinding bloody and ultimately decisive the Petersburg Campaign was the Civil War's longest and among its most complex A Campaign of Giants The Battle for Petersburg offers a gripping comprehensive history of the decisive campaign in the eastern theater In this second of three volumes A Wilson Greene narrates the critical months from August through October 1864 during which Ulysses S Grant's army group launched three major offensives against Robert E Lee's defenses around Petersburg and the Confederate capital in Richmond The Confederates counterpunched after each Union advance and conducted a spectacular cavalry raid that netted almost 2 500 cattle from Federal grazing grounds But as winter approached Grant had captured one of Lee's primary supply routes and extended the lines around Petersburg and Richmond to some thirty five miles Supported by thirty four detailed maps Greene's narrative chronicles these bloody engagements using many previously unpublished primary accounts from common soldiers and ranking officers alike The struggle for Petersburg is often characterized as a siege but Greene's narrative demonstrates that it was dynamic involving maneuver and combat equal in intensity to that of any major Civil War operation

The Divided Era Thomas Del Beccaro, 2015-05-26 The larger our governments the greater the competition for their spoils therefore our divisions There simply is so much at stake today As a result our governments that benefit so many employ so many and tax so widely in short our governments that pick so many winners and losers are understandably subject to an intense competition for their control So writes author Thomas Del Beccaro in this fascinating study of the history of political unity and division in the US from the Revolution to the adoption of the Constitution the Civil War through Reconstruction The Gilded Age to our present Divided Era While we have had our conflicts over large issues and the role of government in the past and still do today an emerging cause of the partisanship and division we now know today did not exist at our nation's founding Our governments were smaller levied minimal taxes and thus held out fewer spoils for citizens to

fight over Can the US find its way back to being a less divided country Yes says Del Beccaro but only if citizens understand the growing source of our divisions ever larger governments Americans must demand that government shrink back to a less divisive size and scope and support leaders capable of setting unifying goals for which Del Beccaro offers five key strategies In fact the consequences of not slimming the behemoth governments federal state and local will only lead to an ever widening divide and more acrimonious and harmful partisanship The Divided Era lays out the case for smaller government more responsive political leadership and ultimately a more cohesive citizenry

The ^AOxford Handbook of the American Civil War Lorien Foote,Earl J. Hess,2021-10-12 The Oxford Handbook of the American Civil War offers a wide ranging multi perspective account of how military campaigns disrupted lives and changed the social and political history of America It is the first book to combine campaign histories with an understanding of how those military operations affected the local population the regions in which they occurred and the national strategic political context

American Naval History, 1607-1865 Jonathan R. Dull,2012-12-01 For its first eighty five years the United States was only a minor naval power Its fledgling fleet had been virtually annihilated during the War of Independence and was mostly trapped in port by the end of the War of 1812 How this meager presence became the major naval power it remains to this day is the subject of American Naval History 1607 1865 Overcoming the Colonial Legacy A wide ranging yet concise survey of the U S Navy from the colonial era through the Civil War the book draws on American British and French history to reveal how navies reflect diplomatic political economic and social developments and to show how the foundation of America s future naval greatness was laid during the Civil War Award winning author Jonathan R Dull documents the remarkable transformation of the U S Navy between 1861 and 1865 thanks largely to brilliant naval officers like David Farragut David D Porter and Andrew Foote visionary politicians like Abraham Lincoln and Gideon Welles and progressive industrialists like James Eads and John Ericsson But only by understanding the failings of the antebellum navy can the accomplishments of Lincoln s navy be fully appreciated Exploring such topics as delays in American naval development differences between the U S and European fleets and the effect that the country s colonial past had on its naval policies Dull offers a new perspective on both American naval history and the history of the developing republic

European Navies and the Conduct of War Carlos Alfaro-Zaforteza,Alan James,Malcolm H Murfett,2018-07-17 European Navies and the Conduct of War considers the different contexts within which European navies operated over a period of 500 years culminating in World War Two the greatest war ever fought at sea Taking a predominantly continental point of view the book moves away from the typically British centric approach taken to naval history as it considers the role of European navies in the development of modern warfare from its medieval origins to the large scale industrial total war of the twentieth century Along with this growth of navies as instruments of war the book also explores the long rise of the political and popular appeal of navies from the princes of late medieval Europe to the enthusiastic crowds that greeted the modern fleets of the great powers followed by their

reassessment through their great trial by combat firmly placing the development of modern navies into the broader history of the period Chronological in structure European Navies and the Conduct of War is an ideal resource for students and scholars of naval and military history

Salmon P. Chase Walter Stahr,2022-02-22 From an acclaimed New York Times bestselling biographer a timely reassessment of Abraham Lincoln s indispensable Secretary of the Treasury a leading proponent for black rights both before and during his years in cabinet and later as Chief Justice of the United States Salmon P Chase is best remembered as a rival of Lincoln s for the Republican nomination in 1860 but there would not have been a national Republican Party and Lincoln could not have won the presidency were it not for the vital groundwork Chase laid over the previous two decades Starting in the early 1840s long before Lincoln was speaking out against slavery Chase was forming and leading antislavery parties He represented fugitive slaves so often in his law practice that he was known as the attorney general for runaway negroes and he furthered his reputation as an outspoken federal senator and progressive governor of Ohio Tapped by Lincoln to become Secretary of the Treasury Chase would soon prove vital to the Civil War effort raising the billions of dollars that allowed the Union to win the war while also pressing the president to emancipate the country s slaves and recognize black rights When Lincoln had the chance to appoint a chief justice in 1864 he chose his faithful rival because he was sure Chase would make the right decisions on the difficult racial political and economic issues the Supreme Court would confront during Reconstruction Drawing on previously overlooked sources Walter Stahr sheds new light on a complex and fascinating political figure as well as on the pivotal events of the Civil War and its aftermath Salmon P Chase tells the forgotten story of a man at the center of the fight for racial justice in 19th century America

1863 Harold Holzer,Sara Vaughn Gabbard,2013-02-25 Only hours into the new year of 1863 Abraham Lincoln performed perhaps his most famous action as president by signing the Emancipation Proclamation Rather than remaining the highlight of the coming months however this monumental act marked only the beginning of the most pivotal year of Lincoln s presidency and the most revolutionary twelve months of the entire Civil War In recognition of the sesquicentennial of this tumultuous time prominent Civil War scholars explore the events and personalities that dominated 1863 in this enlightening volume providing a unique historical perspective on a critical period in American history Several defining moments of Lincoln s presidency took place in 1863 including the most titanic battle ever to shake the American continent which soon inspired the most famous presidential speech in American history The ten essays in this book explore the year s important events and developments including the response to the signing of the Emancipation Proclamation the battles of Gettysburg and Vicksburg and other less well known confrontations the New York City draft riots several constitutional issues involving the war powers of President Lincoln and the Gettysburg Address and its continued impact on American thought Other topics include the adaptation of photography for war coverage the critical use of images the military role of the navy and Lincoln s family life during this fiery trial With an informative introduction by noted Lincoln scholar Harold Holzer and a chronology that places the high profile events of 1863

in context with cultural and domestic policy advances of the day this remarkable compendium opens a window into a year that proved decisive not only for the Civil War and Lincoln's presidency but also for the entire course of American history

Brought Forth on This Continent Harold Holzer, 2024-02-13 Winner of the Barondess Lincoln Award Winner of the Lincoln Group of New York's Award of Achievement From acclaimed Abraham Lincoln historian Harold Holzer a groundbreaking account of Lincoln's grappling with the politics of immigration against the backdrop of the Civil War In the three decades before the Civil War some ten million foreign born people settled in the United States forever altering the nation's demographics culture and perhaps most significantly voting patterns America's newest residents fueled the national economy but they also wrought enormous changes in the political landscape and exposed an ugly at times violent vein of nativist bigotry Abraham Lincoln's rise ran parallel to this turmoil even Lincoln himself did not always rise above it Tensions over immigration would split and ultimately destroy Lincoln's Whig Party years before the Civil War Yet the war made clear just how important immigrants were and how interwoven they had become in American society Harold Holzer winner of the Lincoln Prize charts Lincoln's political career through the lens of immigration from his role as a member of an increasingly nativist political party to his evolution into an immigration champion a progression that would come at the same time as he refined his views on abolition and Black citizenship As Holzer writes The Civil War could not have been won without Lincoln's leadership but it could not have been fought without the immigrant soldiers who served and by the tens of thousands died that the nation might live An utterly captivating and illuminating work Brought Forth on This Continent assesses Lincoln's life and legacy in a wholly original way unveiling remarkable similarities between the nineteenth century and the twenty first

Civil War Biographies from the Western Waters Myron J. Smith, Jr., 2015-02-20 From 1861 to 1865 the Civil War raged along the great rivers of the Ohio and Mississippi valleys While various Civil War biographies exist none have been devoted exclusively to participants in the Western river war as waged down the Mississippi to the mouth of the Red River and up the Ohio the Tennessee and the Cumberland Based on the Official Records county histories newspapers and internet sources this is the first work to profile personnel involved in the fighting on these great streams Included in this biographical encyclopedia are Union and Confederate naval officers down to the rank of mate enlisted sailors who won the Medal of Honor or otherwise distinguished themselves or who wrote accounts of life on the gunboats army officers and leaders who played a direct role in combat along Western waters political officials who influenced river operations civilian steamboat captains and pilots who participated in wartime logistics and civilian contractors directly involved including shipbuilders dam builders naval constructors and munitions experts Each of the biographies includes where known birth death and residence data unit organization or ship involvement in the river war pre and post war careers and source documentation Hundreds of individuals are given their first historic recognition Hearts Touched by Fire Harold Holzer, 2011-04-05 In July 1883 just a few days after the twentieth anniversary of the Battle of Gettysburg a group of editors at The Century Magazine engaged in a

lively argument Which Civil War battle was the bloodiest battle of them all One claimed it was Chickamauga another Cold Harbor The argument inspired a brainstorm Why not let the magazine s 125 000 readers in on the conversation by offering a series of papers on some of the great battles of the war to be written by officers in command on both sides The articles would be written by generals Union and Confederate alike who had commanded the engagements two decades earlier or if he were not living by the person most entitled to speak for him or in his place The pieces would present both sides of each major battle and would be fair and free of politics In commemoration of the 150th anniversary of the Civil War the most enduring entries from the classic four volume series Battles and Leaders of the Civil War have now been edited and merged into one definitive volume Here are the best of the immortal first person accounts of the Civil War originally published in the pages of The Century Magazine more than a hundred years ago Hearts Touched by Fire offers stunning accounts of the war s great battles written by the men who planned fought and witnessed them from leaders such as General Ulysses S Grant General George McClellan and Confederate captain Clement Sullivane to men of lesser rank This collection also features new year by year introductions by esteemed historians including James M McPherson Craig L Symonds and James I Robertson Jr who cast wise modern eyes on the cataclysm that changed America and would go down as the bloodiest conflict in our nation s history No one interested in our country s past will want to be without this collection of the most popular and influential first person Civil War memoirs ever published

Chronology of the U.S. Presidency Mathew Manweller,2012-03-19 This engaging and authoritative four volume resource offers fascinating portrayals of the 44 men who have achieved the ultimate seat of power in the United States the presidency From George Washington to Barack Obama Chronology of the U S Presidency portrays each of the nation s chief executives in richly observed detail Chapter by chapter we meet the real flesh and blood men occupying the one office elected by the entire country the office that most profoundly affects the workings of the government U S relations with other countries and the everyday lives of all American citizens Spanning four volumes this work covers each president s early life and rise to power the pivotal events during his presidency and when applicable his post presidential life In addition the book includes sections on the First Ladies and presidential families plus primary source documents speeches memos messages to Congress and entertaining FYI facts for example once bitter rivals John Adams and Thomas Jefferson died hours apart on the 50th anniversary of the Declaration of Independence they helped create together More than just names and dates history Chronology of the U S Presidency helps readers understand the ways each of these intriguing men changed the country and how he in turn was impacted by his time in power

Rites of Retaliation Lorien Foote,2021-10-07 During the Civil War Union and Confederate politicians military commanders everyday soldiers and civilians claimed their approach to the conflict was civilized in keeping with centuries of military tradition meant to restrain violence and preserve national honor One hallmark of civilized warfare was a highly ritualized approach to retaliation This ritual provided a forum to accuse the enemy of excessive behavior to negotiate redress according to the laws of war and to

appeal to the judgment of other civilized nations As the war progressed Northerners and Southerners feared they were losing their essential identity as civilized and the attention to retaliation grew more intense When Black soldiers joined the Union army in campaigns in South Carolina Georgia and Florida raiding plantations and liberating enslaved people Confederates argued the war had become a servile insurrection And when Confederates massacred Black troops after battle killed white Union foragers after capture and used prisoners of war as human shields Federals thought their enemy raised the black flag and embraced savagery Blending military and cultural history Lorien Foote s rich and insightful book sheds light on how Americans fought over what it meant to be civilized and who should be extended the protections of a civilized world

Lincoln And His Admirals Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the power of words has become more evident than ever. They have the capacity to inspire, provoke, and ignite change. Such may be the essence of the book **Lincoln And His Admirals**, a literary masterpiece that delves deep in to the significance of words and their affect our lives. Written by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book is key themes, examine its writing style, and analyze its overall impact on readers.
