Business Strategy Alain Verbeke, 2013-03-07 Verbeke provides a new perspective on international business strategy by combining analytical rigour and true managerial insight on the functioning of large multinational enterprises MNEs With unique commentary on 48 seminal articles published in the Harvard Business Review the Sloan Management Review and the California Management Review over the past three decades Verbeke shows how these can be applied to real businesses engaged in international expansion programmes especially as they venture into high distance markets The second edition has been thoroughly updated and features greater coverage of emerging markets with a new chapter and seven new cases Suited for advanced undergraduates and graduate courses students will benefit from updated case studies and improved learning features including management takeaways key lessons that can be applied to MNEs and a wide range of online resources

Marginality Joachim von Braun, Franz W. Gatzweiler, 2013-08-19 This book takes a new approach on understanding causes of extreme poverty and promising actions to address it Its focus is on marginality being a root cause of poverty and deprivation Marginality is the position of people on the edge preventing their access to resources freedom of choices and the development of capabilities The book is research based with original empirical analyses at local national and local scales book contributors are leaders in their fields and have backgrounds in different disciplines An important message of the book is that economic and ecological approaches and institutional innovations need to be integrated to overcome marginality The book will be a valuable source for development scholars and students actors that design public policies and for social innovators in the private sector and non governmental organizations

Leadership Daniel Lowery, 2021-12-17 This engaging text examines the complex interface that exists between a Christian's faith commitments on the one hand and the exercise of his or her responsibilities as a manager or nominal leader on the other In doing so it brings the wisdom of the world concerning management and leadership into conversation with the wisdom of the Beatitudes proclaimed in Matthew's Gospel

International Business Peter J. Buckley, Peter Enderwick, Adam R. Cross, 2018 Practical theoretical global provides thorough grounding in economic and international business theory complemented by cases examples and IB insights from a diverse range of companies and cultures

The Moral Case for Profit Maximization Robert White, 2020-04-01 The Moral Case for Profit Maximization argues that profit maximization is moral when businessmen seek to maximize profit by creating goods or services that are of objective value Traditionally profit maximization has been defended on economic grounds Profit economists argue incentivizes businessmen to produce goods and services In this view businessmen do not need to be virtuous as long as they deliver the goods It challenges the traditional defense of profit maximization arguing that profit maximization is morally ambitious because it requires businessmen to form normative abstractions and to cultivate a virtuous character In so doing the author also challenges the moral basis of corporate social responsibility Proponents of CSR argue that businessmen can do good while doing well This book argues that businessmen already do good by maximizing profit drawing upon the histories of the wheel the refrigerator and the shipping container as well as the biographies of J P

Morgan John D Rockefeller and Thomas Edison to demonstrate the role of values in the creation of material goods and the role of the virtues in value creation The author challenges readers to rethink the relationship between profit value and virtue

From Coal to Biotech Jean-Pierre Jeannet,Hein Schreuder,2015-04-15 This management book documents the remarkable transformation of DSM first from a coal mining company to a commodity chemicals producer and then in the last two decades to the life sciences materials sciences company it is today with its strong focus on biotechnology The book gives an inside view on the strategic learning cycles that have driven this evolutionary transformation It also discusses the company traits that have contributed to its ability to adapt grow and prosper Renowned business schools such as IMD and Babson have accompanied the second transformation of DSM through their executive education programs The book documents this support and draws lessons for long term collaboration between companies and the business school world

Organizing for the New Normal Constantinos C. Markides,2021-04-03 We live in a world of continuous disruption Before we have a chance to respond to one disruption another hits Before we finish one transformation journey we need to embark on another How do you prepare the organization for this new normal of continuous disruption This is the challenge that every organization is now facing no matter how successful their digital transformation of the past decade has been Organizing for the New Normal explores how to prepare the organization for this unique challenge How do you develop a strategy for what is coming next while you are busily driving your current transformation And how do you convince emotionally exhausted employees to join you on the journey The book does not provide a ready made recipe for success but rather explores how to put together the ingredients that will improve the odds of success Organizing for the New Normal outlines the leadership competencies critical for success in the new normal such as How to create a permanent sense of urgency and an organization wide unease with the status quo How to convince people to exploit disruption as an opportunity when all they see around them are the negative consequences of disruption How to institutionalize into the DNA of the organization the day to day behaviors that would allow us to identify and respond to change early and how to achieve this in a decentralized way How to develop a strategic response that is innovative and aims to attack the disruption rather than defend against it *Strategy is Digital* Carlos Cordon,Pau Garcia-Milà,Teresa Ferreiro Vilarino,Pablo Caballero,2016-06-01 This book presents strategies and practices to allow everyday companies to cope with the fundamentally changing landscape of business models and to take advantage of the huge business opportunities arising from the advent of big data It develops several case studies from companies in traditional industries like LEGO Yamato and Mediq but also examines small start ups like Space Tango which is partnering with major multinationals to develop new business models using big data The book argues that businesses need to adapt and embark on their big data journey helps them take the first step and guides them along their way It presents successful examples and deducts essential takeaway lessons from them equipping executives to capitalize on big data and enabling them to make intelligent decisions in the big data transformation giving their companies an essential competitive

edge **The Law and Economics of Article 102 TFEU** Robert O'Donoghue KC, Jorge Padilla, 2020-09-03 A reference book in this area of EU competition law and a must have companion for academics enforcers and practitioners alike as well as EU and national judges Judge Nils Wahl Court of Justice of the European Union This seminal text offers an authoritative and integrated treatment of the legal and economic principles that underpin the application of Article 102 TFEU to the behaviour of dominant firms Traditional concerns of monopoly behaviour such as predatory pricing refusals to deal excessive pricing tying and bundling discount practices and unlawful discrimination are treated in detail through a review of the applicable economic principles the case law and decisional practice and more recent economic and legal writings In addition the major constituent elements of Article 102 TFEU such as market definition dominance effect on trade and applicable remedies are considered at length The third edition involves a net addition of over 250 pages with a substantial new chapter on Abuses In Digital Platforms an extensively revised chapter on standards and virtually all chapters incorporating substantial revisions reflecting key cases such as Intel MEO Google Android Google Shopping AdSense and Qualcomm *Enterprise Resource Planning* Veena Bansal, 2012 This book focuses on the fundamentals of ERP and details methods of implementing ERP systems By using actual case incidents this book charts the life cycle of ERP projects from cost and profit analysis through change management on the basis of re engineering and technical requirements to the ion of the ERP system and its final application It equips managers with the appropriate skills for utilizing ERP systems and uninitiated readers will gain a thorough understanding of an ERP project life cycle Inclusive Innovation for Sustainable Development Nathaniel O. Agola, Alan Hunter, 2016-08-30 Employing a three dimensional approach this book discusses inclusive innovation for socio economic growth and development and the implications for human security within the context of developing and emerging economies Focusing on a new and innovative area of research Inclusive Innovation for Sustainable Development explores new social and technological processes that are created within and for the benefit of marginalised populations Considering policy and issues surrounding technology business strategies and best practices theoretical underpinnings and a broader contextualisation the authors interrogate the concept of the inclusivity of innovations Written from the perspective of the new UN paradigm which states that no one will be left behind the book considers the potential contribution of modern technology to human security and develops frameworks that counter the potential increases in inequality that this may bring With contributions from leading international scholars in a range of disciplines as well as practitioners in international development organizations and private sector actors Inclusive Innovation for Sustainable Development provides a way forward for excluded majority populations to take control of innovative technologies and business processes
