Compendium der Deutschen Literaturgeschichte Koch,1795 **Deutsche Dichterhalle des neunzehnten Jahrhunderts** Schenckel,1856 History of Histories of German Literature, 1835-1914 Michael S. Batts,1993-08-05 Batts analyses the kinds of predisposition or bias displayed by the authors of these works and accounts for the persistence of certain biases over a long period of time Histories of German literature published in other western European countries Britain and North America are also evaluated to determine to what extent if any a particular i e non German attitude towards German literature is characteristic of a given country The recognition of personal religious national and other biases is important since the stereotypical image of the people of a given country is strongly influenced by the manner in which their literature is portrayed Batts concludes that the history of German literature as it developed in the nineteenth century has doubly distorted history The selection of works for inclusion in the histories on subjective grounds of quality conceals the fact that other inferior works may in their time have had a far greater impact As well the authors of the histories fail to discuss those works from the past that are still being read Das Projekt der deutschen Literaturgeschichte Jürgen Fohrmann,2016-12-13 Deutsche Dichterhalle des 19ten Jahrhunderts J.
