Have You Lived Before Reincarnation And The Afterlife:

Have You Lived Before? William Walker Atkinson, Irene McGarvie, 2011-02 Have you ever had the feeling that you lived before Most religions throughout history have held a belief in reincarnation Even the early Christians believed it Is it possible This book discusses The ancient beliefs and how they evolved throughout history The arguments for and against reincarnation What happens between incarnations The justice of reincarnation The law of Karma Find out what many of the great thinkers of history believed and decide for yourself This book is an updated version of the New Thought classic Reincarnation and the Law of Karma originally published in 1908 This revised version has been edited by Spiritualist Minister and author Irene McGarvie **Afterlife** Henry Epps, 2012-08-31 afterlife asks the question of what is life What is the purpose of life What happens after death from a christian buddist Jewish point of view [My Journey Down the Reincarnation Highway](#) Frank Mares, 2012-11 In this personal account one man details how he discovered the fact of reincarnation and explores what he did in his prior lives More people than you would believe have prior life memories In his new spiritual memoir My Journey down the Reincarnation Highway The True Story of a Man who found nine of His Past Lives author and businessman Frank Mares tells how he acquired psychic ability in his middle age With this new gift he recovered facts about nine of his prior lives most of which involved violent bloody deaths The most recent life was that of a young German Wehrmacht sergeant who was ambushed and killed by Russians during the night of May 1 1944 in a dark Estonian farmhouse Not being satisfied with just discovering his past lives Mares goes on a spiritual mission to find out why he kept dying violently The answers do not come easily but by using a team of three world class psychics he eventually tracks down the shocking reason for all his brutal deaths The psychic team finds that within the soul of this normal small businessman resides a brutal stone cold killer from the 1600 s who surprisingly was the revered founder of a gentle noble family As part of his soul s continuing quest for redemption Mares hopes to salvage the dark time in his soul s past into something that could help others today His experiences show that death is only a transition phase and that it should not be feared His book also reveals that reincarnation is actually a well designed organized system that allows souls to learn personalized life lessons over a surprising number of lives If you read this book you will never look at life and death in the same way again

alone and nothing else Everything is conscious even if you do not see it The earth rotates Movement indicates that the earth is doing exactly what was intended for it to do What makes it rotate The sun shines brightly always The moon shines brightly too in the night It is like clockwork It just happens It is programmed to happen like that It is consciousness at work Some call it nature the forces of nature they would chime in But nature is following a script a prewritten software Nature cannot change this script Nothing can change this script of a software for our earth planetary system and indeed the universe because the program is set from the beginning If you can understand that well you are welcome to a world created for the enjoyment of Consciousness If you think about it the universe seems to have been synchronized by an intelligence science is yet able to put a finger on Perhaps Thomas H Huxley a biologist and humanist said it best below It seems to me that there is a third thing in the universe to wit consciousness which I cannot see to be matter or force or any conceivable modification of either
