Haves Without Have Nots Essays For The 21st Century On Democracy And Socialism:

Haves Without Have-Nots Mortimer J. Adler, 1995-10-01 Haves Without Have-nots Mortimer Jerome Adler, 1991

Mortimer J Adler s Haves Without Have Nots is a compilation of six essays revolving around a unifying theme the convergence of capitalism and socialism in a politically and economically democratic world society the likes of which has never been seen until now as the 20th century draws to a close Mortimer J. Adler, 2009-08-01 In this classic work Adler explores how man differs from all other things in the universe bringing to bear both philosophical insight and informed scientific hypotheses concerning the biological and behavioral characteristics of mankind Rapid advances in science and technology and the abstract concepts of that influence on man and human value systems are lucidly outlined by Adler as he touches on the effect of industrialization and the clash of cultures and value systems brought about by increased communication between previously isolated groups of people Among the other problems this study addresses are the scientific achievements in biology and physics which have raised fundamental questions about humanity s essential nature especially the discoveries in the biological relatedness of all living things Thrown into high relief is humanity s struggle to determine its unique status in the natural world and its value in the world it has created Ultimately Adler s work develops an approach to the separation between scientific and philosophical questions which stands as a model of thought on philosophical considerations of new scientific discoveries and its consequences for the human person **Norman Thomas** Raymond F. Gregory, 2008 Autographed photograph America Norman Mattoon Thomas November 20 1884 December 19 1968 was an American Presbyterian minister who achieved fame as a socialist pacifist and six time presidential candidate for the Socialist Party of America Thomas was initially as outspoken in opposing the Second World War as he was with regard to the First World War Upon returning from a European tour in 1937 he formed the Keep America Out of War Congress and spoke against war thereby sharing a platform with the America First Committee However after the United States was attacked by the Japanese at Pearl Harbor his stance changed to support for US involvement and later wrote self critically for having overemphasized both the sense in which it was a continuance of World War I and the capacity of nonfascist Europe to resist the Nazis Thomas was one of the few public figures to oppose President Franklin Roosevelt s internment of Japanese Americans following the attack on Pearl Harbor Thomas accused the ACLU of dereliction of duty when the organization supported the internment Thomas also campaigned against racial segregation environmental depletion anti labor laws and practices and in favor of opening the United States to Jewish victims of Nazi persecution in the 1930s Thomas was an early proponent of birth control He also deplored the secular objection to birth control because it originated from racial and national group think Thomas was also very critical of Zionism and of Israel s policies towards the Arabs in the postwar years especially after the Suez Crisis and often collaborated with the American Council for Judaism **Global Democracy and Human Self-Transcendence** Glen T. Martin, 2019-01-15 This volume examines the dynamics of self transcendence for both

individuals and humanity as a whole In doing so it illuminates the definitive relationship between self transcendence and global democracy Drawing upon a vast literature of philosophy psychology and religion ancient and modern East and West this book reveals the power of human futurity in actualizing our higher potential It represents a real breakthrough in understanding our emerging new era in the evolution of humanity It describes our transition from personal consciousness to global consciousness The book includes chapters on the fundamental ideas that animate our self understanding and define our common humanity Through careful scholarship it examines the dynamics of human dignity freedom love community intrinsic rights and global ethics It explores each of these concepts as a dimension of our human temporality as we envision and move into an ever transcending future a future that includes a World Parliament and planetary democracy In our time of apparent hopelessness and despair this volume reveals the grounds for a powerful hope that we can establish one world civilization of peace justice freedom and sustainability It makes a truly unique contribution not found elsewhere in today s literature revealing the astonishing dignity and potential of being human It is essential reading for all those concerned for the future of humanity and our precious planet Earth *Philosophers Who Believe* Kelly James Clark,1997-10-29 Eleven leading philosophers including Basil Mitchell Mortimer Adler Alvin Plantinga Nicholas Wolterstorff and Richard Swinburne describe why they have embraced Christian belief and offer fascinating insights into their individual spiritual journeys Edited by Kelly James Clark **The Naturally Good Man** Rod E. Keays,2013-03-13 Men inherit definitions about manhood but many of these definitions no longer fit A society that was once based on power assumptions and stereotypes is changing Few people take time to learn about the history of male oppression the foundations of male masculinity and the evolution of the modern man Join author Rod E Keays as he examines these important topics and more including why boys and men accept certain roles why men bully each other why its important to deal with emotions and why its so hard for men to talk about sexuality Keays explores his own experiences coping with the twists and turns that come with being a man One thing he learns early on is that most men dont talk about their emotional highs and lows As someone who likes to talk openly and frankly he feels isolated but he continues living life on his terms Discover what good men have been doing for thousands of years and how mens groups can help men achieve their goals The world may have its share of problems but *The Naturally Good Man* continues to contribute to society Adler's Philosophical Dictionary Mortimer J. Adler,1996-08-06 Stimulating engaging and organized in an easy to use A to Z format Adler s *Philosophical Dictionary* is an ideal introduction to the history of the great ideas The terms and concepts that have simulated thinkers from Aristotle onward come to life in the latest work by the man TIME magazine has called America s philosopher for everyman Is the human soul immortal What does it mean to know something What is the nature of erotic love Adler examines these questions as well as many others with his trademark clarity rigor and common sense **Ibss: Political Science: 1991** British Library of Political and Economic Science,1993 IBSS is the essential tool for librarians university departments research institutions and any public or private institution

whose work requires access to up to date and comprehensive knowledge of the social sciences

Human Dignity and World Order Glen T. Martin, 2024-04-05 We must establish our world order on the principles of human dignity if we want a credible future for humanity This book shows how and why this is so It investigates the meaning of human dignity in relation to current scholarly work as well as in terms of the depths of our subjective lives from which the concept of dignity arises It contrasts the concept of dignity with our current world system engulfed in endless wars immense inequality systems of economic injustice and on going environmental destruction It shows the relationship between dignity human rights and global moral principles and lays out ten fundamental principles for a planetary ethics The book contrasts the holistic paradigm uncovered by 20th century science with the fragmented paradigm that persists at the heart of the present world system showing how and why a conversion to holism and dignity is both necessary and possible Human Dignity and World Order shows that we have not yet fully understood our human existential situation as temporal beings oriented toward the future who possess the largely untapped power of a liberating utopian imagination Through examining our fundamental human condition it unveils our vast potential for self transcendence and transformation leading toward a redeemed and credible human future in which we flourish on the Earth within a planetary civilization of freedom justice peace and sustainable prosperity This book also presents the Constitution for the Federation of Earth as a paradigm or model for practical action toward a credible human future Altogether the book constitutes a watershed in human self understanding opening possibilities for the future hitherto ignored or misunderstood Every thoughtful person concerned for our common human future needs to read this book
