

Grettir's Saga

A new translation by Jesse Byock

OXFORD WORLD'S CLASSICS

Grettirs Saga Oxford Worlds Classics

Carolynne Larrington

Grettirs Saga Oxford Worlds Classics:

Winter is Coming Carolyne Larrington, 2017-09-07 Game of Thrones is a phenomenon As Carolyne Larrington reveals in this essential companion to George R R Martin s fantasy novels and the HBO mega hit series based on them the show is the epitome of water cooler TV It is the subject of intense debate in national newspapers by PhD students asking why Westeros has yet to see an industrial revolution or whether astronomy explains the continent s climatic problems and unpredictable solstices winter is coming and by bloggers and cultural commentators contesting the series startling portrayals of power sex and gender Yet no book has divulged how George R R Martin constructed his remarkable universe out of the Middle Ages Discussing novels and TV series alike Larrington explores among other topics sigils giants dragons and direwolves in medieval texts ravens old gods and the Weirwood in Norse myth and a gothic exotic orient in the eastern continent Essos From the White Walkers to the Red Woman from Casterley Rock to the Shivering Sea this is an indispensable guide to the twenty first century s most important fantasy creation

Losing It William Ian Miller, 2011-10-25 In *Losing It* William Ian Miller brings his inimitable wit and learning to the subject of growing old too old to matter of either rightly losing your confidence or wrongly maintaining it culpably refusing to face the fact that you are losing it The it in Miller s losing it refers mainly to mental faculties memory processing speed sensory acuity the capacity to focus But it includes other evidence as well sags and flaccidities aches and pains failing joints and organs What are we to make of these tell tale signs Does growing old gracefully mean more than simply refusing unseemly cosmetic surgeries How do we face decline and the final drawing of the blinds Will we know if and when we have lingered too long Drawing on a lifetime of deep study and anxious observation Miller enlists the wisdom of the ancients to confront these vexed questions head on Debunking the glossy new image of old age that has accompanied the graying of the Baby Boomers he conjures a lost world of aging rituals complaints taking to bed resentments of one s heirs schemes for taking it with you or settling up accounts and scores to remind us of the ongoing dilemmas of old age Darkly intelligent and sublimely written this exhilarating and eccentric book will raise the spirits of readers young and old

The Nature of Narrative Robert Scholes, James Phelan, Robert Kellogg, 2006-09-25 For the past forty years *The Nature of Narrative* has been a seminal work for literary students teachers writers and scholars Countering the tendency to view the novel as the paradigm case of literary narrative authors Robert Scholes and Robert Kellogg in the original edition offered a compelling history of the genre narrative from antiquity to the twentieth century even as they carried out their main task of describing and analyzing the nature of narrative s main elements meaning character plot and point of view Their history emphasized the broad sweep of literary narrative from ancient times to the contemporary period and it included a chapter on the oral heritage of written narrative and an appendix on the interior monologue in ancient texts The fortieth anniversary edition of this groundbreaking work has been revised and expanded to include a new preface and a lengthy chapter on developments in narrative theory since 1966 by James Phelan This chapter describes the principles and

practices of structuralist cognitive feminist and rhetorical approaches to narrative paying special attention to their work on plot character and narrative discourse A continued leader in the field of narrative studies The Nature of Narrative offers unique and invaluable histories of both narrative and narrative theory *OLR Index* ,1967 *Newsletter* William Morris Society,2008 Ontario Library Review ,1968 Book selection guide included in each number *Gods, Heroes, & Kings* Christopher R. Fee,2004-03-18 The islands of Britain have been a crossroads of gods heroes and kings those of flesh as well as those of myth for thousands of years Successive waves of invasion brought distinctive legends rites and beliefs The ancient Celts displaced earlier indigenous peoples only to find themselves displaced in turn by the Romans who then abandoned the islands to Germanic tribes a people themselves nearly overcome in time by an influx of Scandinavians With each wave of invaders came a battle for the mythic mind of the Isles as the newcomer s belief system met with the existing systems of gods legends and myths In *Gods Heroes and Kings* medievalist Christopher Fee and veteran myth scholar David Leeming unearth the layers of the British Isles unique folkloric tradition to discover how this body of seemingly disparate tales developed The authors find a virtual battlefield of myths in which pagan and Judeo Christian beliefs fought for dominance and classical Anglo Saxon Germanic and Celtic narrative threads became tangled together The resulting body of legends became a strange but coherent hybrid so that by the time Chaucer wrote *The Wife of Bath s Tale* in the fourteenth century a Christian theme of redemption fought for prominence with a tripartite Celtic goddess and the Arthurian legends of Sir Gawain itself a hybrid mythology Without a guide the corpus of British mythology can seem impenetrable Taking advantage of the latest research Fee and Leeming employ a unique comparative approach to map the origins and development of one of the richest folkloric traditions Copiously illustrated with excerpts in translation from the original sources *Gods Heroes and Kings* provides a fascinating and accessible new perspective on the history of British mythology **Skates Made of Bone** B.A.

Thurber,2020-03-05 Ice skates made from animal bones were used in Europe for millennia before metal bladed skates were invented Archaeological sites have yielded thousands of examples some of them dating to the Bronze Age They are often mentioned in popular books on the Vikings and sometimes appear in children s literature Even after metal skates became the norm people in rural areas continued to use bone skates into the early 1970s Today bone skates help scientists and reenactors understand migrations and interactions among ancient peoples This book explains how to make and use them and chronicles their history from their likely invention in the Eurasian steppes to their disappearance in the modern era

Icelandic Histories and Romances ,2002 The Icelandic sagas composed between the twelfth and the nineteenth centuries are one of the world s great literary treasures After an extended and lively introduction to the genre Ralph O Connor provides new translations for five of the greatest of these sagas We encounter a humble Icelandic scholar dreaming of a Viking past a royal adventurer evading the horrible lusts of troll women a demon popping out of a lavatory the death spasms of the old Northern gods and unnatural acts in Muslim Germany The sagas are evocatively illustrated by Anne O Connor

Re-Enchanted Maria Sachiko Cecire, 2019-12-17 From *The Hobbit* to *Harry Potter* how fantasy harnesses the cultural power of magic medievalism and childhood to re enchant the modern world Why are so many people drawn to fantasy set in medieval British looking lands This question has immediate significance for millions around the world from fans of *Lord of the Rings* *Narnia* *Harry Potter* and *Game of Thrones* to those who avoid fantasy because of the racist sexist and escapist tendencies they have found there Drawing on the history and power of children s fantasy literature *Re Enchanted* argues that magic medievalism and childhood hold the paradoxical ability to re enchant modern life Focusing on works by authors such as J R R Tolkien C S Lewis Susan Cooper Philip Pullman J K Rowling and Nnedi Okorafor *Re Enchanted* uncovers a new genealogy for medievalist fantasy one that reveals the genre to be as important to the history of English studies and literary modernism as it is to shaping beliefs across geographies and generations Maria Sachiko Cecire follows children s fantasy as it transforms over the twentieth and twenty first centuries including the rise of diverse counternarratives and fantasy s move into high brow literary fiction Grounded in a combination of archival scholarship and literary and cultural analysis *Re Enchanted* argues that medievalist fantasy has become a psychologized landscape for contemporary explorations of what it means to grow up live well and belong The influential Oxford School of children s fantasy connects to key issues throughout this book from the legacies of empire and racial exclusion in children s literature to what Christmas magic tells us about the roles of childhood and enchantment in Anglo American culture *Re Enchanted* engages with critical debates around what constitutes high and low culture during moments of crisis in the humanities political and affective uses of childhood and the mythological past the anxieties of modernity and the social impact of racially charged origin stories [Catalog of Reprints in Series](#) , 1972 [Nine Worlds of Seid-Magic](#) Jenny Blain, 2003-09-02 This accessible case study of Northern European shamanistic practice or seidr explores the way in which the ancient Norse belief systems have been rediscovered and reinvented by groups in Europe and North America **Beowulf** Sarah M. Anderson, 2004 From Longman s new Cultural Editions Series *Beowulf* edited by Sarah Anderson and translated by Alan Sullivan and Timothy Murphy includes the complete work and contextual materials on the early medieval age This edition of *Beowulf* contains the translation of the work by Alan Sullivan and Timothy Murphy with additional commentary and notes by editor Sarah Anderson that explain unfamiliar terms cultural references and literary allusions also included are maps of Anglo Saxon England and Denmark a glossary of proper names and genealogies all designed to assist students in understanding this fascinating work In addition this Cultural Edition contains reproductions of the original *Beowulf* manuscript and offers brief translated selections from other items in the *Beowulf* codex Anderson covers the theme of monsters in relation to the characters mentioned in *Beowulf* who are also found in analogous early medieval texts as well as events mentioned in *Beowulf* that are referenced in other texts of the era Also included in this edition are analogues from Scandinavian texts and Old English heroic literature **The Oxford Handbook of Monsters in Classical Myth** Debbie Felton, 2024-10-10 The *Oxford Handbook of Monsters* in

Classical Myth presents forty chapters about the unique and terrifying creatures from myths of the long ago Near East and Mediterranean world featuring authoritative contributions by many of the top international experts on ancient monsters and the monstrous The first part provides original studies of individual monsters such as the Chimaera Cerberus the Hydra and the Minotaur and of monster groups such as dragons centaurs sirens and Cyclopes This section also explores their encounters with the major heroes of classical myth including Perseus Jason Heracles and Odysseus The second part examines monsters of ancient folklore and ethnography encompassing the restless dead blood drinking lamiae exotic hybrid animals the so called dog headed men and many other unexpected creatures and peoples The third part covers various interpretations of these creatures from multiple perspectives including psychoanalysis colonialism and disability studies with monster theory itself evident across the entire volume The final part discusses reception of these ancient monsters across time and space from the Middle Ages to the Renaissance to modern times from Persia to Scandinavia the Caribbean and Latin America and concludes with chapters considering the use and adaptation of ancient monsters in children's literature science fiction fantasy and modern scientific disciplines This Handbook is the first large scale inclusive guide to monsters in antiquity their places in literature and art across the millennia and their influence on later literature and thought **Iceland Saga** Magnus Magnusson,1987 *The Kipling Journal* ,2007 **American Book Publishing Record** ,1999 Female Voices of the North Inger M. Olsen,Sven Hakon Rossel,Robert Nedoma,2002 J.R.R. Tolkien Encyclopedia Michael D. C. Drout,2007 A detailed work of reference and scholarship this one volume Encyclopedia includes discussions of all the fundamental issues in Tolkien scholarship written by the leading scholars in the field Coverage not only presents the most recent scholarship on J R R Tolkien but also introduces and explores the author and scholar's life and work within their historical and cultural contexts Tolkien's fiction and his sources of influence are examined along with his artistic and academic achievements including his translations of medieval texts teaching posts linguistic works and the languages he created The 550 alphabetically arranged entries fall within the following categories of topics adaptations art and illustrations characters in Tolkien's work critical history and scholarship influence of Tolkien languages biography literary sources literature creatures and peoples of Middle earth objects in Tolkien's work places in Tolkien's work reception of Tolkien medieval scholars scholarship by Tolkien medieval literature stylistic elements themes in Tolkien's works theological philosophical concepts and philosophers Tolkien's contemporary history and culture works of literature *The United States Catalog* ,1903
