A Word to Fellow Pastors and Other Christian Leaders Horatius Bonar, 2019-04-01 Take heed therefore unto yourselves and to all the flock in which the Holy Spirit has placed you as bishops to feed the congregation of God which he has purchased with his own blood Acts 20 28 The objective of the Christian ministry is to convert sinners and to edify the body of Christ No faithful minister can possibly rest short of this Applause fame popularity honor and wealth all these are vain If souls are not won and if saints are not matured our ministry itself is futile Questions we have to ask ourselves Has it been the purpose of my ministry and the desire of my heart to save the lost and guide the saved Is this my aim in every sermon I preach and in every visit I make Is it under the influence of this feeling that I continually live and walk and speak Do I pray and toil and fast and weep for this Do I spend and am I spent for this counting it next to the salvation of my own soul my greatest joy to be the instrument of saving others Is it for this that I exist To accomplish this would I gladly die Have I seen the pleasure of the Lord prospering in my hand Have I seen souls converted under my ministry Have God s people found refreshment from my lips and gone on their way rejoicing or have I seen no fruit of my labors Am I content to remain fruitless Am I satisfied to preach without knowing of one saving impression I made or one sinner awakened Opinions are not what man needs he needs truth Not theology but God Not religion but Christ Not literature and science but the knowledge of the free love of God in the gift of His only begotten Son Table of Contents Ch 1 The Importance of Being Hot for Christ Ch 2 The Importance of Being Right with God Ourselves Ch 3 The Danger of Unfruitful Ministry Ch 4 The Importance of Eliminating Our Faults Ch 5 The Need of Revival in Ministry Former Title Words to Winners of Souls [The 2011 Guide to Free or Nearly-Free E-Books](#) ,2011 One of the problems which face all librarians adding e books to their collections is that of bibliographic control there is no legal deposit for e books and consequently there is no single place from which new titles can be found If this is true of commercially published e books it is most certainly also true of free e books and there are many thousands of free e books available over the Internet many of which are of a quality such that librarians might wish to have them in their collections The 2011 Guide to Free or Nearly Free e Books is offered as a tool for librarians and others involved in book selection e g teachers in schools in all sectors school further and higher education public and special libraries to facilitate easy access to free e books and e book collections which can enhance their digital library *Atlantis Rising Magazine Issue 26 - ANCIENT ARMAGEDDON PDF Download* atlantisrising.com, In this 88 page download LETTERS EARLY RAYS HILLY ROSE THE DAILY GRAIL The Internet s Best Alternative Science Site Now in Print THE LAST HOURS OF THE KURSK Remote Viewers Go Where TV Cameras Cannot WERE THE PYRAMIDS POURED Chris Dunn Takes a Look at a Controversial Theory EDEN IN ARMENIA Reader Sleuthing for the Cradle of Civilization A CONVERSATION WITH JOHN MACK Deeper New Insight into UFO Abduction HOW OLD WERE THE OLMECS Very Old Indeed Says Zecharia Sitchin THE PRIEST AND HIS TIME MACHINE Were the Authorities Trying to Keep Us in the Dark THE METALS OF THE GODS David

Jeane Manning Talks to Russell Targ ASTROLOGY BOOKS RECORDINGS Jesus and the Stigmatized Elia Shabani

Mligo, 2011-08-01 Biblical scholars often read the Bible with their own interpretive interests in mind without associating the Bible with the concerns of laypeople This largely undermines the contributions laypeople can offer from reading the Bible in their own contexts and from their own life experiences Moreover such exclusively scholarly reading conceals the role of biblical texts in dealing with current social problems such as HIV AIDS related stigmatization Hence the lack of lay participation in the process of Bible reading makes the Bible less visible in various common life situations In this volume Elia Shabani Mligo draws on his fieldwork among people living with HIV AIDS PLWHA in Tanzania selects stigmatization as his perspective and chooses participant centered contextual Bible study as his method to argue that the reading of texts from the Gospel of John by PLWHA given their lived experiences of stigmatization empowers them to reject stigmatization as unjust Mligo s study shows that Christian PLWHA reject stigmatization because it does not comply with the attitude of Jesus toward stigmatized groups in his own time The theology emerging from the readings by stigmatized PLWHA through their evaluation of Jesus attitudes and acts toward stigmatized people in the texts challenges churches in their obligatory mission as disciples of Jesus Churches are challenged to reconsider healing hospitality and caring prophetic voices against stigmatization and the way they teach about HIV and AIDS in relation to sexuality Churches must revisit their practices toward stigmatized groups and listen to their voices Mligo argues that participant centered Bible study methods similar to the one used in this book whereby stigmatized people are the primary interlocutors in the process can be useful tools in listening to the voices of stigmatized groups

Jennifer Helene Maher, 2015-08-27 Examining the layers of meaning encoded in software and the rhetoric surrounding it this

book offers a much needed perspective on the intersections between software morality and politics In software development culture evangelism typically denotes a rhetorical practice that aims to convert software developers as well as non technical lay users from one platform to another e g from the operating system Microsoft Windows to Linux This book argues that software evangelism like its religious counterpart must also be understood as constructing moral and political values that extend well beyond the boundaries of the development culture Unlike previous studies that locate such values in the effects of code in use or in certain types of code like free and open source FOSS software Maher argues that all code is meaningful beyond its technical executable functions To facilitate this analysis this study builds a theory of evangelism and illustrates this theory at work in the proprietary software industry and FOSS communities As an example of political liberalism at work at the level of code these evangelical rhetorics of software construct competing conceptions of what is good that fall within a shared belief in what is just Maher illustrates how these beliefs in goodness and justice do not always execute in replicable ways as the different ways of decoding software evangelisms in the contexts of Brazil and China reveal Demonstrating how software evangelisms exert a transformative force on the world one comparable in significance to code itself this book highlights the importance of rhetoric in even the most seemingly a rhetorical of technical endeavors and foregrounds the crucial need for rhetorical literacy in the digital age *Microtimes* ,1990 *The Postie and The Priest* Ron
