Grief And Sexuality Life After Losing A Spouse:

Grief and Sexuality Rachel Nafziger Hartzler, 2006 *Sex After Grief* Joan Price, 2019-08-15 Joan Price is the preeminent authority on senior sex and writes on reclaiming sexuality after loss and grief *Sexuality: God's Gift* Anne Krabill Hershberger, 2010-06-17 Big business makes big money selling a phony notion of what we want and need as sexual people Ads insist that certain products will make us more sexually appealing But what we really want and need is true intimacy the knowledge that we matter to another person and are loved for who we are We all are sexual beings all of our lives and relate to each other sexually all the time God marvelously made us this way Using the metaphor of sexuality as a good gift from God this book offers Christian resources for living a sexually healthy and fulfilling life Extraordinarily comprehensive nuanced and sensitive even richer than its predecessor It is a splendid resource for all Christians who wish to live more deeply in gratitude to God for their own sexuality James B Nelson professor emeritus of Christian ethics United Theological Seminary of the Twin Cities An important contribution to Christians seeking to celebrate their sexuality with holiness and integrity The Rev Debra W Haffner executive director Religious Institute Westport Connecticut *A Road Too Short for the Long Journey* Quentin P. Kinnison, 2019-02-04 The inevitability of death in our broken world means that grief and mourning are a normal part of the human experience Too often though this normal journey of grief is cut short by a culture intent on pretending bad things don't really happen In *A Road Too Short for the Long Journey* readers are invited to consider how we might travel this road of mourning with those who grieve and how we might join them as partners in a reorientation of the world experienced through loss *No Strings Attached* Rachel Nafziger Hartzler, 2013-04-30 *No Strings Attached* is the story of a Mennonite congregation in Indiana that existed for eighty six years The congregation began during the social and religious turmoil of the 1920s when some Mennonites in North America held to rigid doctrines and ethics implemented by central authority and others operated with a congregational polity and became more assimilated into secular culture The struggle between these two different understandings of faithfulness was most passionately played out in northern Indiana Placing the narrative of this congregation within the context of 500 years of Mennonite history illustrates the grace and the tension that has both beset and empowered a unique group of people who began as radical reformers Although *no strings attached* refers to the women's headwear during the 1920s which had no strings it could also be the story of the pastor eating lunch on the peak of the steep roof of the church building Reflecting on stories of these Mennonite people is an invitation to move into the future with courageous hope Believing and behaving differently has not prevented Middlebury Mennonites from treating each other respectfully living in a community of love joy and peace and offering God's healing and hope to each other and to the world **Living Through Loss** Nancy R. Hooyman, Betty J. Kramer, Sara Sanders, 2021-08-31 *Living Through Loss* provides a foundational identification of the many ways in which people experience loss over the life course from childhood to old age It examines the interventions most effective at each phase of life

combining theory sound clinical practice and empirical research with insights emerging from powerful accounts of personal experience The authors emphasize that loss and grief are universal yet highly individualized Loss comes in many forms and can include not only a loved one's death but also divorce adoption living with chronic illness caregiving retirement and relocation or being abused assaulted or otherwise traumatized They approach the topic from the perspective of the resilience model which acknowledges people's capacity to find meaning in their losses and integrate grief into their lives The book explores the varying roles of age race culture sexual orientation gender and spirituality in responses to loss Presenting a variety of models approaches and resources *Living Through Loss* offers invaluable lessons that can be applied in any practice setting by a wide range of human service and health care professionals This second edition features new and expanded content on diversity and trauma including discussions of gun violence police brutality suicide and an added focus on systemic racism
