*Understanding Bharati Mukherjee* Ruth Maxey, 2019-09-06 2021 Choice Outstanding Academic Title Bharati Mukherjee was the first major South Asian American writer and the first naturalized American citizen to win the National Book Critics Circle Award Born in Kolkata India she immigrated to the United States in 1961 and went on to publish eight novels two short story collections two long works of nonfiction and numerous essays book reviews and newspaper articles She was professor emerita in the Department of English at the University of California Berkeley until her death in 2017 In *Understanding Bharati Mukherjee* Ruth Maxey discusses

Mukherjee's influence on younger South Asian American women writers such as Jhumpa Lahiri and Chitra Divakaruni. Mukherjee's powerful writing also enjoyed popular appeal with some novels achieving best seller status and international acclaim. Her 1989 novel *Jasmine* was translated into multiple languages. One of the earliest writers to feature South Asian Americans in literary form, Mukherjee reflected upon the influence of non-European immigrants to the United States following passage of the Immigration and Nationality Act of 1965 which abolished the quota system. Her vision of a globalized interconnected world has been regarded as prophetic and when Mukherjee died, diverse North American writers, Margaret Atwood, Joyce Carol Oates, Russell Banks, Michael Ondaatje, Ann Beattie, Amy Tan, and Richard Ford, came forward to praise her work and its importance. *Understanding Bharati Mukherjee* is the first book to examine this pioneering author's complete oeuvre and to identify its legacy. Maxey offers new insights into widely discussed texts and recuperates overlooked works such as Mukherjee's first and last published short stories, her neglected nonfiction, and her many essays. Critically situating both well-known and under-discussed texts, this study analyzes the aesthetic and ideological complexity of Mukherjee's writing, considering her sophisticated, erudite, multilayered use of intertextuality, especially her debt to cinema. Maxey argues that understanding the range of formal and stylistic strategies in play is crucial to grasping Mukherjee's work.

**Bibliographic Guide to Chicana and Latina Narrative** Kathy Leonard, 2003-08-30. There has been a dramatic increase in the amount of narrative work published by Chicana and Latina authors in the past 5 to 10 years. Nonetheless, there has been little attempt to catalog this material. This reference provides convenient access to all forms of narrative written by Chicana and Latina authors from the early 1940s through 2002. In doing so, it helps users locate these works and surveys the growth of this vast body of literature. The volume cites more than 2,750 short stories, novels, novel excerpts, and autobiographies written by some 600 Mexican American, Puerto Rican, Cuban American, Dominican American, and Nuyorican women authors. These citations are grouped in five indexes: an author title index, title author index, anthology index, novel index, and autobiography index. Short annotations are provided for the anthologies, novels, and autobiographies. Thus, the user who knows the title of a work can discover the author, the other works the author has written, and the anthologies in which the author's shorter pieces have been reprinted, along with information about particular works.
