The One-Block Feast Margo True, Staff of Sunset Magazine, 2011-03-22 Based on the James Beard Award winning blog The One Block Diet, this all in one home gardening, do it yourself guide and cookbook shows you how to transform a backyard or garden into a self-sufficient locavore's paradise. When Margo True and her fellow staffers at Northern California based Sunset magazine walked around the grounds of their Menlo Park office, they saw more than just a lawn and some gardens. Instead, they saw a fresh, bountiful food source, the makings for intrepid edible projects, and a series of seasonal feasts all just waiting to happen. The One Block Feast is the story of how True and her team took an inspired idea and transformed it into an ambitious commitment to create four feasts over the course of a year using only what could be grown or raised in their backyard-sized plot. She candidly shares the group's many successes and often humorous setbacks as they try their hands at chicken farming, cheese making, olive pressing, home brewing, bee keeping, winemaking, and more. Grouped into gardening project and recipe guides for each season, The One Block Feast is a complete resource for planning an eco-friendly kitchen garden, making your own pantry staples for year-round cooking, and gifts, raising bees, chickens, and even a cow, and creating made-from-scratch meals from ingredients you've grown yourself. Chapters are organized by season, each featuring a planting plan and crop-by-crop instructions, an account of how that season's projects played out for the Sunset team, and a multicourse dinner menu composed of imaginative, appealing, and ultra-resourceful vegetarian recipes such as Butternut Squash Gnocchi with Chard and Sage, Brown Butter Egg and Gouda Crepes, Whole Wheat Pizzas with Roasted Vegetables and Homemade Cheeses, Fresh Corn Soup with Zucchini Blossoms, Braised Winter Greens with Preserved Lemons, and Red Chile Summer Lemongrass Custards.
