America's Cuban Outpost**

Stephen Irving Max Schwab

Guantanamo Usa The Untold History Of Americas Cuban Outpost

Gus Martin

Guantanamo Usa The Untold History Of Americas Cuban Outpost:

Guantánamo, USA Stephen Irving Max Schwab, 1999-11-16 Established as America's first foreign naval base following the Spanish American War Guantanamo is now more often thought of as our Devil's Island the gulag of our times This book takes readers beyond the orange jumpsuited detainees of today's headlines to provide the first comprehensive history of Guantanamo from its origins to the present Occupying 45 square miles of land and sea Guantanamo has for more than a century symbolized the imperial impulse within U S foreign policy and its occupation is decried by Cuba as a violation of international law even though a treaty legally grants the U S a lease in perpetuity Stephen Schwab now describes the base's role in American Caribbean and global history explaining how it came to be why it's still there and how it continues to serve a variety of purposes Schwab views the base's creation as part of a broad U S strategy of annexations protectorates and limited interventions devised to create a strong sphere of influence in the western Atlantic He charts its history from this early belief that it would prevent European powers from staking imperial claims in the Caribbean and examines the crucial defensive role that Guantanamo played as a convoy hub for strategic goods during World War II He then looks at clashes over Guantanamo during the Cold War culminating in LBJ's decision to make the base independent by firing Cuban workers and building a desalinization plant Schwab also fleshes out Guantanamo's ongoing roles as the U S Navy's lone forward base in the Caribbean providing refueling for U S and allied ships as a Coast Guard station engaged in search and rescue missions and counternarcotics operations and as a U S facility for processing undocumented aliens Even though the Castro government persistently protests America's presence and refuses even to bank the rent that the U S dutifully pays Guantanamo remains the only place where diplomatic exchanges between the two countries occur and Schwab documents how the facility has served mutual interests as both a point of nationalistic frictions and a center for diplomatic compromise By presenting Guantanamo's story within its broader historical framework his book gives readers a greater appreciation of America's true stake in this controversial Caribbean outpost

Cuba's Wild East Peter Hulme, 2011-11-07 Cuba's Wild East A Literary Geography of Oriente recounts a literary history of modern Cuba that has four distinctive and interrelated characteristics Oriented to the east of the island it looks askant at a Cuban national literature that has sometimes been indistinguishable from a history of Havana Given the insurgent and revolutionary history of that eastern region it recounts stories of rebellion heroism and sacrifice Intimately related to places and sites which now belong to a national pantheon its corpus while including fiction and poetry is frequently written as memoir and testimony As a region of encounter that corpus is itself resolutely mixed featuring a significant proportion of writings by US journalists and novelists as well as by Cuban writers

America's Forgotten Colony Michael Neagle, 2016-12-24 Analysis of the American presence on the Isle of Pines illustrates how US influence adapted and endured in republican era Cuba

Collateral Values Todd R. Lookingbill, Peter D. Smallwood, 2019-07-30 This book explores the unanticipated benefits that may arise after wars and conflicts showing how the

preservation of battlefields and the establishment of borderlands can create natural capital in the former landscapes of war. The editors call this Collateral Value in contrast to the collateral damage that war inflicts upon infrastructure, natural capital, and human capital. The book includes case studies recounting successes and failures, opportunities and risks, and ambitious proposals. The book is organized in two sections. The first visits U.S. English and French battlefield sites dating from medieval England to World War I. The second explores borderlands located on several continents established to end or prevent conflict. Both of these can create value beyond their original purpose by preserving natural areas and restoring biodiversity. Among the topics covered are Registering English Battlefields, Old forts and new amenities in the Southern Plains of the U.S., Verdun, France, and the conservation of WWI cultural and natural heritage. Conservation lessons learned in the Cordillera del Condor Corridor of the Andes mountains, Korea's DMZ and its nature preserve, Wakhan National Park, a mountainous buffer area between Afghanistan and Pakistan. The book examines state-of-the-art applications of landscape ecology including methods for change detection, connectivity analysis, and the quantification of ecosystem services. Also included is a chapter on a creative proposal for Guantanamo 2.0 which would transform the Gitmo detention facility into a peace park and ecological research center. A concluding chapter appraises the past, present, and future of Collateral Values. **Collateral Values: The Natural Capital Created by Landscapes of War** benefits a broad audience of advanced undergraduate and graduate students, researchers, and practicing professionals.

A Short History of U.S. Interventions in Latin America and the Caribbean

Alan McPherson, 2016-03-21. **A Short History of U.S. Interventions in Latin America and the Caribbean** presents a concise account of the full sweep of U.S. military invasions and interventions in Central America, South America, and the Caribbean from 1800 up to the present day. Engages in debates about the economic, military, political, and cultural motives that shaped U.S. interventions in Cuba, Nicaragua, Puerto Rico, Haiti, the Dominican Republic, Panama, Guatemala, Mexico, and elsewhere. Deals with incidents that range from the taking of Florida to the Mexican War, the War of 1898, the Veracruz incident of 1914, the Bay of Pigs, and the 1989 invasion of Panama. Features also the responses of Latin American countries to U.S. involvement. Features unique coverage of 19th-century interventions as well as 20th-century incidents and includes a series of helpful maps and illustrations.

Entangled Terrains and Identities in Cuba Asa McKercher, Catherine Krull, 2019-10-10

Entangled Terrains and Identities in Cuba: Memories of Guantanamo explores the challenges and conflicts of life in the transnational spaces between Cuba and the United States by examining the lived experiences of Alberto Jones, a first-generation black Cuban who worked at the U.S. naval base at Guantanamo Bay. Asa McKercher and Catherine Krull take readers on a journey through Jones's life as he crossed the entangled political, racial, cultural, and economic boundaries both in Cuba and living as a black Cuban in central Florida. McKercher and Krull argue that Jones's story encapsulates the reality of recent Caribbean and Cuban experiences as they deconstruct the events of his life to reveal the broader cultural and social implications of identity, boundaries, and belonging throughout Caribbean and Cuban history.

[Encyclopedia of U.S. Military](#)

Interventions in Latin America Alan McPherson, 2013-07-08 This unique reference shows how the United States has intervened militarily politically and economically in Central America South America and the Caribbean from the early 19th century to the present day What do baseball American war crimes and a slice of watermelon have in common in the annals of Latin American history Believe it or not this disparate grouping reflects the cultural and historical remnants of America's military and political involvement in the region As early as 1811 the United States began intervening in the affairs of Central America South America and the Caribbean and it hasn't stopped since This compelling reference analyzes both the major interventions and minor conflicts stemming from our nation's military operations in these areas and examines the people places legislation and strategies that contributed to these events In addition to documented facts and figures the alphabetically organized entries in Encyclopedia of U S Military Interventions in Latin America present fascinating anecdotes on the subject including why the United States once invaded Panama over a slice of watermelon how an intervention in Nicaragua landed our country on trial for war crimes and how the popularity of baseball in Latin America is a direct result of American influence Primary source documents and visual aids accompany the content

Cuba Libre Philip Brenner, Peter Eisner, 2017-08-31 This timely book provides a balanced and deeply knowledgeable introduction to Cuba since Christopher Columbus's first arrival in 1492 With decades of experience studying and reporting on the island Philip Brenner and Peter Eisner provide an incisive overview for all readers seeking to go beyond stereotypes in their exploration of Cuba's politics economy and culture As Cuba and the United States open their doors to each other Cuba Libre gives travelers policy makers businesspeople students and those with an interest in world affairs an opportunity to understand Cuba from a Cuban perspective to appreciate how Cubans quest for independence and sovereignty animates their spirit and shapes their worldview and even their identity In a world ever more closely linked Cuba Libre provides a compelling model for US citizens and policy makers to empathize with viewpoints far from their own experiences

The SAGE Encyclopedia of Terrorism, Second Edition Gus Martin, 2011-06-15 This thoroughly updated edition with expanded coverage explores the impact of terrorism on economics public health religion and pop culture and also includes details of ethical issues and debates relating to terrorism

Framing the Threat Imke Köhler, 2019-03-04 There is great power in the use of words words create most of what we consider to be real and true Framing our words and narratives is thus a tool of power but a power that also comes with limitations This intriguing issue is the topic of Framing the Threat an investigation of the relationship between language and security and of how discourse creates the scope of possibility for political action In particular the book scrutinizes and compares the security narratives of the former US presidents George W Bush and Barack Obama It shows how their framings of identity i e of the American self and the enemy other facilitated a certain construction of threat that shaped the presidents detention and interrogation policies By defining what was necessary in the name of national security Bush's narrative justified the operation of the detention center at Guantanamo Bay and rendered the mistreatment of detainees possible a

situation that would have otherwise been illegal Bush's framings therefore enabled legal limits to be pushed and made the violation of rules appear legitimate Obama in contrast constructed a threat scenario that required an end to rule violations and the closure of Guantanamo for security reasons According to this narrative a return to the rule of law was imperative if the American people were to be kept safe However Obama's framing was continually challenged and it was never able to dominate public discourse Consequently Framing the Threat argues Obama was unable to implement the policy changes he had announced

Eyes on the Stars and Feet on the Ground Howard Jones, 2025-03-18 Keep your eyes on the stars and keep your feet on the ground reads a plaque near the gravesite of Theodore Roosevelt America's 26th president During his tumultuous seven and a half years in the White House Roosevelt boasted that his administration had combined ideals and reality to take a leading role in maintaining global peace In this book the late Howard Jones one of the most distinguished historians of American foreign relations of his generation highlights the path to peace that Roosevelt had begun to develop shortly before becoming president and tried to implement throughout his White House tenure For his efforts to end the Russo Japanese War he was the first American and one of only two twentieth century presidents to be awarded the Nobel Peace Prize By exploring the influence of Roosevelt's private life on his public service Jones presents a broader understanding that will appeal to readers beyond specialists in US foreign relations

9/11 in European Literature Svenja Frank, 2017-11-28 This volume looks at the representation of 9/11 and the resulting wars in European literature In the face of inner European divisions the texts under consideration take the terror attacks as a starting point to negotiate European as well as national identity While the volume shows that these identity formations are frequently based on the construction of two Others the US nation and a cultural ethnic idea of Muslim communities it also analyses examples which undermine such constructions This much more self critical strand in European literature unveils the Eurocentrism of a supposedly general humanistic value system through the use of complex aesthetic strategies These strategies are in itself characteristic of the European reception as the Anglo Irish British Dutch Flemish French German Italian and Polish perspectives collected in this volume perceive of the terror attacks through the lens of continental media and semiotic theory

The Cold War Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the

origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material

The United States of War David Vine, 2021-09-07 2020 L A Times Book Prize Finalist History A provocative examination of how the U S military has shaped our entire world from today s costly endless wars to the prominence of violence in everyday American life The United States has been fighting wars constantly since invading Afghanistan in 2001 This nonstop warfare is far less exceptional than it might seem the United States has been at war or has invaded other countries almost every year since independence In *The United States of War* David Vine traces this pattern of bloody conflict from Columbus s 1494 arrival in Guantanamo Bay through the 250 year expansion of a global U S empire Drawing on historical and firsthand anthropological research in fourteen countries and territories *The United States of War* demonstrates how U S leaders across generations have locked the United States in a self perpetuating system of permanent war by constructing the world s largest ever collection of foreign military bases a global matrix that has made offensive interventionist wars more likely Beyond exposing the profit making desires political interests racism and toxic masculinity underlying the country s relationship to war and empire *The United States of War* shows how the long history of U S military expansion shapes our daily lives from today s multi trillion dollar wars to the pervasiveness of violence and militarism in everyday U S life The book concludes by confronting the catastrophic toll of American wars which have left millions dead wounded and displaced while offering proposals for how we can end the fighting

Central American Biodiversity Falk Huettmann, 2015-08-04 This book highlights key results and lessons learnt from two field sites La Suerte in Costa Rica and Ometepe Nicaragua It provides long term data on species abundance and distribution Primates receive specific attention in this book as they are flagship species and good indicators for the health of an ecosystem but as well a money maker Many primate species are sensitive to habitat alteration and are often hunted out first But they play an important role as seed dispersal agents for the regeneration of the forest The book then compares results from the two field sites with regional trends and explores potential solutions such as REDD This book strongly calls for new approaches in conservation it makes the case for looking beyond the pure species biology and classic conservation angle and to take into account the economic and political realities
