in depth interviews and ethnographic participant observation Illegality in the Heartland interrogates existing understandings of illegality and Latinidad by centering the voices and experiences of Indigenous and mestizo Latino immigrants in the American heartland during the first Trump administration a distinct era of political uncertainty Immigration policies and political narratives have long tied those suspected of being illegal to perceptions of Mexican origin and stereotypes associated with Hispanics more broadly Likewise Latin American immigrants in the United States have been positioned as a single group thereby collapsing ethnoracial distinctions under the umbrella identities of Hispanic Latina o or Latinx e Andrea

Gmez Cervantes examines these ethnoracial divides among Latino immigrants as they seek to navigate life and make Kansas their home while undocumented This work shines a crucial light on how immigration laws racialization and gender mechanisms intersect in spaces where immigrants are not yet an established part of the public imaginary even as they make essential contributions to their communities and mobilize as increasingly influential constituents in their own right
