Howell,2013-11-11 Taken together the data presented in this review and work by many other investigators support the
notion that DNA excision repair is important in a tumor cell s resistance to platinum compounds Inhibition of this repair
system by combination chemotherapy with the excision repair inhibitors HU and Ara C produces synergistic cell kills and
increased levels and persistance of DNA interstrand crosslinks The studies with cis DDP and DDP in combination with UV
induced thymine dimers suggest that there may be competition for DNA repair enzymes between the dimer and the platinum
lesion Whether the competing lesion is an intrastrand crosslink interstrand crosslink or platinum monoadduct or all of these
lesions cannot be determined The similarity between an intrastrand crosslink and a cyclobutane dimer suggests that these
lesions may compete for repair However the increased peak levels of interstrand crosslinks and increased persistence of
these lesions at later time points suggest that this lesion may also be a substrate for the repair system These observations
may be of clinical relevance Recently Dr Kathy Albain of our institution has completed a Phase III I study using a 12 hour
pretreatment with HU and Ara C in patients prior to their cis DDP therapy She observed a significant number of responders
in this trial 54 She is currently completing a second Phase IIII study substituting IV HU for the oral formulation We anticipate
initiating other clinical trials based upon these observations *The Theological Role of Paradox in the Gospel of Mark* Laura
C. Sweat,2013-10-10 Scholarship on the Gospel of Mark has long been convinced of the paradoxical description of two of its
primary themes christology and discipleship This book argues that paradoxical language pervades the entire narrative and
that it serves a theological purpose in describing God s activity Part One focuses on divine action present in Mark 4 10 12 In
the first paradox Mark portrays God s revelatory acts as consistently accompanied by concealment The second paradox is
shown in the various ways in which divine action confirms yet counters scripture Finally Mark describes God s actions in
ways that indicate both wastefulness and goodness deeds that are further illuminated by the ongoing yet defeated presence
of evil Part Two demonstrates that this paradoxical language is widely attested across Mark s passion narrative as he
continues to depict God s activity with the use of the three paradoxes observed in Mark 4 Through paradoxical narrative
Mark emphasizes God s transcendence and presence showing that even though Jesus has brought revelation a complete
understanding of God remains tantalizingly out of their grasp until the eschaton 4 22 **Report of the Auditor of the**
