Handbook On Medical Tourism And Patient Mobility

Cecilia Vindrola Padros

Handbook On Medical Tourism And Patient Mobility:

Handbook on Medical Tourism and Patient Mobility Neil Lunt, Daniel Horsfall, Johanna Hanefeld, 2015-06-29 The growth of international travel for purposes of medical treatment has been accompanied by increased academic research and analysis This Handbook explores the emergence of medical travel and patient mobility and the implications for patients and health

The Routledge Handbook of Health Tourism Melanie Kay Smith, László Puczkó, 2016-11-10 The Routledge Handbook of Health Tourism provides a comprehensive and cutting edge overview of the philosophical conceptual and managerial issues in the field of health tourism with contributions from more than 30 expert academics and practitioners from around the world Terms that are used frequently when defining health tourism such as wellbeing wellness holistic medical and spiritual are analysed and explored as is the role that health and health tourism play in quality of life enhancement wellbeing life satisfaction and happiness An overview is provided of health tourism facilities such as thermal waters spas retreats and wellness hotels and the various challenges inherent in managing these profitably and sustainably Typologies are given not only of subsectors of health tourism and related activities but also of destinations such as natural landscapes historic townscapes or individual resources or attractions around which whole infrastructures have been developed Attention is paid to some of the lifestyle changes that are taking place in societies which influence consumer behaviour motivations and demand for health tourism including government policies regulations and ethical considerations This significant volume offers the reader a comprehensive synthesis of this field conveying the latest thinking and research The text is international in focus encouraging dialogue across disciplinary boundaries and areas of study and will be an invaluable resource for all those with an interest in health tourism

Transnational Mobility and Global Health Peter H. Koehn, 2018-09-05 Transnational Mobility and Global Health spotlights the powerful and dynamic intersections of human movement inequality and health The book explores the interacting political economic social cultural and climatic drivers of health and migration proposing innovative ways to enhance global health and care provision in an era of transnational mobility As health security continues to rise up the agenda in international politics the book also analyses the political determinants of health and migration Within the framework of key drivers of unequal mobilities this book treats interconnected health and migration themes not covered elsewhere under one cover health tourism conflict induced and other vulnerable population movements humanitarian crises human rights the health development linkage migrant health care and health competency education The book also considers global health vulnerabilities in the wake of climate change and the biomedical ethical and governance challenges of emerging and reemerging infectious diseases Finally the book suggests ways of evaluating mobility influenced health outcomes and equity impacts and explores how the global circulation of health expertise could help to rectify care provider shortages The challenges to global health considered in this book are only likely to become more intense as the 21st Century surge in transnational migration continues Readers will gain

interdisciplinary appreciation for the relevance of health for migration and of migration for global health Researchers students practitioners and policy makers interested in individual and population health sustainable development and migration studies will find this book a useful and inspiring guide to contemporary global challenges **Routledge Handbook on Tourism in the Middle East and North Africa** Dallen Timothy, 2018-12-07 The Routledge Handbook on Tourism in the Middle East and North Africa examines the importance of tourism as a historical economic social environmental religious and political force in the Middle East and North Africa MENA It highlights the ecological and resource challenges related to water desert environments climate change and oil It provides an in depth analysis of the geopolitical conditions that have long determined the patterns of tourism demand and supply throughout the region and how these play out in the everyday lives of residents and destinations as they attempt to grow tourism or ignore it entirely While cultural heritage remains the primary tourism asset for the region as a whole many new types of tourisms are emerging especially in the Arabian Gulf region where hyper development is closely associated with the increasingly prominent role of luxury real estate and shopping retail medical tourism cruises and transit tourism The growing phenomenon of an expatriate workforce and how its segregation from the citizenry creates a dual socio economic system in several countries is unmatched by other regions of the world Many indigenous people of MENA keep themselves apart from other dominant groups in the region although these social boundaries are becoming increasingly blurred as tourism being one socio economic force for change has inspired many nomadic peoples to settle into towns and villages and rely more on tourists for their livelihoods All of these issues and more shape the foundations of this book This Handbook is the first of its kind to examine tourism from a broad regional and inclusive perspective surveying a broad range of social cultural heritage ecological and political matters in a single volume With a wide range of contributors many of whom are natives of the Middle East and North Africa this Handbook is a vital resource for students and scholars interested in Tourism Middle East Studies and Geography

Routledge International Handbook of Critical Issues in Health and Illness Kerry Chamberlain, Antonia Lyons, 2021-07-27 The Routledge International Handbook of Critical Issues in Health and Illness is a multidisciplinary reference book that brings together cutting edge health and illness topics from around the globe It offers a range of theoretical and critical perspectives to provide contemporary insights into complex health issues that can offer ways to address inequitable patterns of illness and ill health This collection written by an international pool of expert academics from a range of disciplinary backgrounds is unique in providing theoretical and critical analyses on key health topics considering power and broader social structures that influence health and illness outcomes The chapters are organised in three parts The first covers medical contexts here chapters provide commentary and critical analysis of the history of medicine medicalisation pharmaceuticalisation services and care medical technology diagnosis screening personalised medicine and complementary and alternative medicine The second part covers life contexts chapters include a range of life contexts that

have implications for health including gender sexuality reproduction disability ethnicity indigeneity inequality ageing and dying The third part covers shifting contextual domains chapters consider contemporary areas of life that are rapidly changing including bioethics digital health migration medical travel geography and place commercialisation globalisation and climate change The Routledge International Handbook of Critical Issues in Health and Illness is a key contemporary reference text for scholars students researchers and professionals across disciplines including sociology psychology anthropology geography medicine public health and health science

Medical Tourism Lydia Gan, 2025-04-03 Medical tourism a complex interplay of healthcare economics and culture offers both opportunities and challenges for patients providers and nations alike Who seeks medical services abroad and why Which procedures are most commonly performed and which countries are hotspots for medical tourism What role do intermediary healthcare facilitators play This book offers an accessible introduction to this multifaceted topic answering all of these questions and more The book also explores a variety of issues related to medical tourism including patients concerns about quality of care and safety and regulatory gray areas that can arise when medical care crosses national boundaries A collection of five engaging case studies help bring the subject to life illustrating concepts and issues discussed in the text A glossary and annotated directory of resources round out the volume

Key Concepts in Medical Sociology Lee Monaghan, Jonathan Gabe, 2022-01-12 How do we understand health in relation to society What role do social processes structures and culture play in shaping our experiences of health and illness How do we understand medicine and healthcare within a sociological framework Drawing on international literature and examples this new edition of Key Concepts in Medical Sociology Systematically explains the concepts that have preoccupied medical sociology from its inception and which have shaped the field as it exists today Includes new entries such as pandemics and epidemics the environment intersectionality pharmaceuticalization medical tourism and sexuality Begins each entry with a definition of the concept then examines its origins development strengths and weaknesses and concludes with suggested further reading for independent learning Key Concepts in Medical Sociology is essential reading for students in medical sociology as well as those undertaking professional training in health related disciplines

Critical Ethnographic Perspectives on Medical Travel Cecilia Vindrola Padros, 2019-11-11 By taking an ethnographic approach to medical travel this important book uses critical perspectives to understand inequalities in healthcare access and delivery including gender class and ethnicity and explore how these are negotiated In this key text Vindrola Padros presents a comprehensive overview of the work carried out on this topic to date highlights the gaps that remain and suggests strategies for enriching medical travel research in the future Drawing from the author's research on internal medical travel to access pediatric oncology treatment in Buenos Aires Argentina and other research from across the globe this book presents four dimensions of medical travel that can be explored through a critical immobilities lens infrastructures differential mobility empowerments culture and affective dimensions of care and travel Vindrola Padros encourages the reader to critically

explore processes of medical travel by considering the structures that shape travel individual capacities for travel the role emotions play in decisions and experiences of movement and service delivery and the ways in which culture s influence both travel and care This book will be important reading for scholars across medical sociology anthropology and critical health studies

Health Equity in a Globalizing Era Ronald Labonté, Arne Ruckert, 2019-03-13 Why do some countries and populations suffer from poverty and ill health whilst others are more prosperous and healthy What are the inherently global trans border issues that affect inequities in disease burden and health opportunities for individuals and nations Traditionally the focus of global health has been international health the concern for high burdens of disease in generally low income countries To answer these questions however we need to modernise our understanding of globalization as a phenomenon

Health Equity in a Globalizing Era Past Challenges Future Prospects examines how globalization processes since the on set of neoliberalism affect equity in global health outcomes and emphasises access to important social determinants of health With a basis in political economy the book covers key globalization concepts and theory and presents a thorough background to the field Case studies illustrations and new research all combine to make this title a comprehensive and current discussion of the various pathways that connect globalization to health equity outcomes It looks at changes in migration labour markets trade and investment rules international development assistance health systems infectious and non communicable disease risks environmental health and gendered aspects of globalization s health dialectic In addition it argues for a reform of the global governance structure the significant role of human rights and the importance of a strong civil society in achieving greater social justice in health Ideal for senior undergraduate and graduate students in global health programs global health scholars and practitioners in government policy and health development NGOs

Health Equity in a Globalizing Era Past Challenges Future Prospects is a significant contribution to our new understanding of globalization and global public health

Recent Researches in Health Sciences Bilal Ak, Recep Efe, Levent Ozdemir, 2018-10-19 This book brings together 47 chapters related to various aspects of health science The main topics explored here are obesity and inflammation pain management adolescent pregnancies palliative care needs nursing care preclinical applications elderly health reflexology healthy lifestyles healthy life and nutrition early diagnosis improving adolescent health and palliative care nursing among others The volume will attract the attention of researchers and local authorities and implementers but will be of particular interest to academics and staff in the departments of health sciences

Tourism in a VUCA World Naser Ul Islam, Manjula Chaudhary, Izidora Marković Vukadin, 2024-07-19 Recent issues have led to a growing need for a strategic re evaluation of the tourism industry vis a vis volatility uncertainty complexity and ambiguity VUCA in the environment The authors identify novel solutions through an integration of knowledge from the fields of social physical and biological sciences

Pandemics, Disasters, Sustainability, Tourism Ian Bethell-Bennett, Sophia A. Rolle, Jessica Minnis, Fevzi Okumus, 2022-08-04 *Pandemics Disasters Sustainability Tourism* examines the resilience of Caribbean SIDS and their tourism industries from the

perspectives of culture economy environment politics psychology social justice and socio historical context **Health Care Social Work** Ren Winnett, Rich Furman, Douglas Epps, Greg Lamphear, 2019 Health Care Social Work examines the ways in which various nations health care systems affect one another and provides readers with new information about health care social workers efforts within a global context The book encourages readers to compare the histories political and social influences contemporary practices theoretical foundations and trends of health care social work within a broad frame of reference **Global Issues 2022 Edition** CQ Researcher, 2021-09-13 CQ Researcher's Global Issues offers an in depth and nuanced look at a wide range of today's most pressing issues The 2022 Edition of this annual reader looks at new topics that peak student interest that are relevant in today's current events with reports ranging from international development aid the natural gas industry and The Abraham Accords And because it's CQ Researcher the reports are expertly researched and written Each chapter identifies the key players explores what's at stake and offers the background and analysis necessary to understand how past and current developments impact the future of each issue **Beautyscapes** Ruth Holliday, Meredith Jones, David Bell, 2019-07-04 Beautyscapes explores the global phenomenon of international medical travel focusing on patient consumers seeking cosmetic surgery outside their home country and on those who enable them to access treatment abroad including surgeons and facilitators It documents the journeys of those who travel for treatment abroad as well as the nature and power relations of the IMT industry Empirically rich and theoretically sophisticated Beautyscapes draws on key themes of interest to students and researchers interested in globalisation and mobility to explain the nature and growing popularity of cosmetic surgery tourism Richly illustrated with ethnographic material and with the voices of those directly involved in cosmetic surgery tourism Beautyscapes explores cosmetic surgery journeys from Australia and China to East Asia and from the UK to Europe and North Africa **Social Policy Review 29** John Hudson, Catherine Needham, Elke Heins, 2017-06-28 This edition presents an up to date and diverse review of the best in social policy scholarship over the past 12 months from a group of internationally renowned authors This collection offers a comprehensive discussion of some of the most challenging issues facing social policy today including an examination of Brexit the Trump presidency post truth migration the lived experiences of food bank users and the future of welfare benefits Published in association with the SPA the volume will be valuable to academics and students within social policy social welfare and related disciplines **Bodies Across Borders** Bronwyn Parry, Beth Greenhough, Isabel Dyck, 2016-03-03 Historically organised at a local or national scale the fields of medicine and healthcare are being radically transformed by new communication transport and biotechnologies creating in the process a genuinely globalised sphere of biomedical production and consumption This emerging market is characterised by the circulation of bodily materials tissues organs and bio information patients and expertise across what traditionally have been relatively secure ontological and geographical borders Crossing both disciplinary and geographical boundaries this volume draws together a number of important contributions from acknowledged leaders in three respective

fields the trade in bodily commodities biomedical tourism and migration of health care professionals It explores and maps out the key characteristics of this emerging although as yet poorly researched global trade questioning how where and why bodies cross borders whether this exacerbates existing health inequalities and how these circulations impact on healthcare services Considered together the chapters in this volume invite comparisons of the ways in which body parts patients and medical professionals cross national borders elucidating common themes concerns and issues Contributors also pose important questions about the ethical and legal implications of the circulation of bodies across borders and evaluate current and future strategies for regulation

Handbook On Medical Tourism And Patient Mobility Introduction

In today's digital age, the availability of Handbook On Medical Tourism And Patient Mobility books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Handbook On Medical Tourism And Patient Mobility books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Handbook On Medical Tourism And Patient Mobility books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Handbook On Medical Tourism And Patient Mobility versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Handbook On Medical Tourism And Patient Mobility books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Handbook On Medical Tourism And Patient Mobility books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded.

Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Handbook On Medical Tourism And Patient Mobility books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Handbook On Medical Tourism And Patient Mobility books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Handbook On Medical Tourism And Patient Mobility books and manuals for download and embark on your journey of knowledge?

FAQs About Handbook On Medical Tourism And Patient Mobility Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
