

A black and white photograph of a man with short, dark hair, smiling broadly and looking slightly to his left. He is wearing a dark, possibly leather, jacket over a dark shirt. His hands are clasped in front of him. The background is a blurred stone wall. Overlaid on the lower half of the image is a large, bold, white text quote.

Happy Meat Shyon Baumann, Emily Huddart Kennedy, Josee Johnston, Merin Oleschuk, 2025-06-17 North Americans love eating meat. Despite the increased awareness of the meat industry's harms—violence against animals, health problems, and associations with environmental degradation—the rate of meat eating hasn't changed significantly in recent years. Instead, what has emerged is an uncomfortable paradox: a need to square one's values with the behaviors that contradict those values. Using a large-scale multidimensional and original dataset, **Happy Meat** explores the thoughts and emotions that underpin our moral decision-making in this meat paradox. Conscientious meat eaters turn to the notion of happy meat to make sense of their behaviors; by consuming meat they see as more healthy, ethical, and sustainable, happy meat might be labeled grass-fed, free-range, antibiotic-free, naturally raised, or humane. The people who produce and consume it together make up the complex landscape of conscientious meat eating in modern Western societies. The discourse of happy meat ultimately may not be a sufficient response to all the critiques of meat eating, rife as it is with contradictions. However, it offers a powerful case for understanding how moral boundaries and notions of the good eater are constructed through negotiations of values, identity, and status.

Emotional and Sectional Conflict in the Antebellum

United States Michael E. Woods,2014-08-11 The sectional conflict over slavery in the United States was not only a clash between labour systems and political ideologies but also a viscerally felt part of the lives of antebellum Americans This book contributes to the growing field of emotions history by exploring how specific emotions shaped Americans perceptions of and responses to the sectional conflict in order to explain why it culminated in disunion and war Emotions from indignation to jealousy were inextricably embedded in antebellum understandings of morality citizenship and political affiliation Their arousal in the context of political debates encouraged Northerners and Southerners alike to identify with antagonistic sectional communities and to view the conflicts between them as worth fighting over Michael E Woods synthesizes two schools of thought on Civil War causation the fundamentalist which foregrounds deep rooted economic cultural and political conflict and the revisionist which stresses contingency individual agency and collective passion Proceedings of the Grand Lodge of Free and Accepted Masons of the State of New York Freemasons. Hegel's Value Dean Moyar,2021-01-29 In this book Dean Moyar offers a comprehensive

reading of Hegel s social and political philosophy specifically his theory of justice through the lens of Hegel s inferentialism his basic theory of rationality Moyar argues that Hegel s conception of justice depends on the realization of value in an institutional system rooted in the purposes of family members workers and citizens He traces the development of Hegel s theory from its foundation in the modern tradition and its basic conception of property rights to Hegel s own inclusive conception of value the Good resulting in a system of just institutions governed by moral ideals but realized through concrete economic and political processes Moyar s analysis shows that against the idea that justice is only a matter of securing a set of private entitlements Hegel constructs a theory of justice incorporating individual rights **Complex Regional Pain**
