Beyond the War on Drugs Steven Wisotsky, 1990-03 This provocative and controversial book rejects the popular pablum of more laws more money more enforcement personnel and more jails as the road to victory in the war on drugs Author Steven Wisotsky masterfully documents the failure of the drug war and the erroneous premise central to its destructive and doomed strategy the idea that drug taking controls human behavior that drugs cause physical dependency Americans must move beyond the war on drugs by repudiating their obsessive preoccupation with controlling or prohibiting drugs Instead we must replace this mindset with a new view that acknowledges individual freedom and the power of directing our choices toward responsible human behavior According to Wisotsky the idea of waging war on drugs is central

to the problem rather than a fundamental part of any solution He takes the Reagan Bush Bennett campaign to task for its failed efforts to cut the supply of drugs reduce public demand and enforce laws regarding the sale and distribution of controlled substances Wisotsky contends that the war on drugs will remain inadequate so long as society continues to be seduced by the battle cries of its own stepped up combat in which the enemy drugs must be eradicated at all cost The rationale for doing battle has become so embedded in the public mind that we no longer recognize the need for a critical review of social policy strategy or the methods needed to achieve our desired goals Have we simply created a new type of Prohibition which is destined to fail And if this is the case then what does it say about our society Have we lost the ability to reflect critically on our social motives and purposes as well as our justification for the actions we take simply because we ve declared war on the enemy and we aren t going to stop the good fight until we ve won Beyond the War on Drugs offers hard hitting arguments to support the growing public opinion that this war as it is currently conceived cannot be won and ought not to be fought Wisotsky argues persuasively for a reassessment of this struggle We must go beyond the war on drugs to develop a public policy that acknowledges human intelligence free choice and individual responsibility *Alcohol and Drug Abuse Curriculum Guide for Pediatrics Faculty* Doris H. Milman,1985

Celebrity Biographies - The Amazing Life Of Kanye West and Snoop Dogg - Famous Stars Matt Green, Ever wondered how Kanye West and Snoop Dogg rose to stardom By far one of the most polarizing figures in rap music over the last decade has been Kanye West Originally exploding onto the music scene as a hotheaded young rapper with fiery passion and incredibly insightful lyrics West quickly became one of the biggest figures in the genre With each successive album West proved that he was unafraid of blurring the lines between rap music and other genres such as rock and pop music However with fame came a flood of negative media attention mostly stemming from the artist s volatile behavior which including public outbursts on stage rants and unsettlingly egotistical interviews With one of the most distinct voices in rap music the man known as Snoop Dogg has become recognized as one of the living legends of the genre Boasting a sly sense of humor and a laid back and accessible personality Snoop Dogg first rose to fame as one of the young talents in West Coast rap Although his sleepy

demeanor and constant smile allowed him to crossover to mainstream success as one of the most accessible stars in gangsta rap Snoop Dogg continued to flirt with criminal activity and frequent run ins with the law throughout his influential career For more interesting facts you must read the biographies Grab your biography books now **Federal Probation** ,1992
