Williams,Eric Holt-Giménez,2017-06-22 In recent decades the various strands of the food movement have made enormous strides in calling attention the many shortcomings and injustices of our food and agricultural system Farmers activists scholars and everyday citizens have also worked creatively to rebuild local food economies advocate for food justice and promote more sustainable agroecological farming practices However the movement for fairer healthier and more autonomous food is continually blocked by one obstacle land access As long as land remains unaffordable and inaccessible to most people we cannot truly transform the food system The term land grabbing is most commonly used to refer to the large scale acquisition of agricultural land in Asian African or Latin American countries by foreign investors However land has and continues to be grabbed in North America as well through discrimination real estate speculation gentrification financialization extractive energy production and tourism This edited volume with chapters from a wide range of activists and scholars explores the history of land theft dispossession and consolidation in the United States It also looks at alternative ways forward toward democratized land justice based on redistributive policies and cooperative ownership models With prefaces from leaders in the food justice and family farming movements the book opens with a look at the legacies of white settler colonialism in the southwestern United States From there it moves into a collectively authored

section on Black Agrarianism which details the long history of land dispossession among Black farmers in the southeastern US as well as the creative acts of resistance they have used to acquire land and collectively farm it The next section on gender explores structural and cultural discrimination against women landowners in the Midwest and also role of womanism in land based struggles Next a section on the cross border implications of land enclosures and consolidations includes a consideration of what land justice could mean for farm workers in the US followed by an essay on the challenges facing young and aspiring farmers Finally the book explores the urban dimensions of land justice and their implications for locally autonomous food systems and lessons from previous struggles for democratized land access Ultimately the book makes the case that to move forward to a more equitable just sustainable and sovereign agriculture system the various strands of the food movement must come together for land justice

**A Boy in the South** Arthur J. Solomon, 2021-02-16 Sometimes life is like a revolving door As a teenager when I left Georgia to pursue a better life and to see the world I told myself I would never live here again 70 years later after all my travels and being in so many places I accomplished my dream with many prayers I was determined not to return but somehow I found myself back in Georgia where I started Life has changed a great deal since my younger days Many loved ones the homes where I lived and the places I use to go are gone One thing that remains is my memory of them and the times we shared I still enjoy a drive to the country visiting the old places and on occasion I take my children and grandchildren with me on those rides and tell them stories about the little boy who grew up in the south

*If You Doubt Me* Steven D. Tomlinson, 2022-04-14 During the 18th century there arose one diminutive man who believed in God his Quaker upbringing and who during the American rebellion against the British found his own path to making a difference during a time of war But beyond the war his faith guided him to find the love of his life in a woman who was as strong as he in her faith and her actions
