**Growing Up in Public Housing** Al Campbell, 2005-08-01 During the late 1930s and early 1940s our federal government initiated a public housing program Accordingly many city dwellers were lifted beyond the grips of unscrupulous slumlords as living conditions were elevated inspiring residential pride Poor Americans for the first time lived in houses of stability and grace With the governments innovation America spawned a different kind of family unit one that infiltrated this countrys public housing communities Indeed those developments spawned the villages that raised many children Today misconceptions continue depicting ugly descriptions of public housing yet many of our countrys leaders emerged from these humble beginnings In spite of distasteful connotations and shameful allegations public housing sent forth responsible leaders that accepted lifes challenges honorably In this story you will find joy sadness laughter anger hope disappointment successes and yes even failures But most of all you will discover a special group of unsung Americans **Wasteful Management of HUD Funds in Public Housing Tenant Programs** United States. Congress. House. Committee on Government Reform and Oversight. Subcommittee on Human Resources and Intergovernmental Relations, 1997 **Heaven Is a Playground** Rick Telander, 2013-09-01 Heaven Is a Playground was the first book on the uniquely American phenomenon of urban basketball Rick Telander a photojournalist and former high school basketball player spent part of the summer of 1973 and all of the summer of 1974 in Brooklyn living the playground life with his subjects at Foster Park in Flatbush He slept on the floor of a park regulars apartment observing questioning traveling playing with and eventually coaching a ragtag group of local teenagers whose hopes of better lives were often fanatically attached to the transcendent game itself Telander introduces us to Fly Williams a playground legend with incredible leaping ability and self destructive tendencies that threatened to keep him earthbound Another standout was Albert King a fifteen year old phenom whose shy quiet demeanor masked an otherworldly talent that eventually took him to the NBA This edition also includes Telander s perspectives on the arrival of an NBA team in Brooklyn Heaven Is a Playground is one of a kind a funny sad ultimately inspiring book about Americans and the roots of the sport that they love *Cold New World* William Finnegan, 2010-09-29 From the Pulitzer Prize winning author of *Barbarian Days* this narrative nonfiction classic documents the rising inequality and cultural alienation that presaged the crises of today A status report on the American Dream that gets its power from the unpredictable rich specifics of people s lives Time William Finnegan s real achievement is to attach identities to the steady stream of faceless statistics that tell us America s social problems are more serious than we want to believe The Washington Post A fifteen year old drug dealer in blighted New Haven Connecticut a sleepy Texas town transformed by crack Mexican American teenagers in Washington State unable to relate to their immigrant parents and trying to find an identity in gangs jobless young white supremacists in a downwardly mobile L A suburb William Finnegan spent years embedded with families in four communities across the country to become an intimate observer of the lives he reveals in *Cold New World* What emerges from these beautifully rendered

portraits is a prescient and compassionate book that never loses sight of its subjects humanity A NEW YORK TIMES NOTABLE BOOK A LOS ANGELES TIMES BEST NONFICTION SELECTION Praise for Cold New World Unlike most journalists who drop in for a quick interview and fly back out again Finnegan spent many weeks with families in each community over a period of several years enough time to distinguish between the kind of short term problems that can beset anyone and the longer term systemic poverty and social disintegration that can pound an entire generation into a groove of despair Los Angeles Times Book Review The most remarkable of William Finnegan s many literary gifts is his compassion Not the fact of it which we have a right to expect from any personal reporting about the oppressed but its coolness its clarity its ductile strength Finnegan writes like a dream His prose is unfailingly lucid graceful and specific his characterization effortless and the pull of his narrative pure seduction The Village Voice Four astonishingly intimate and evocative portraits All of these stories are vividly honestly and compassionately told While Cold New World may make us look in new ways at our young people perhaps its real goal is to make us look at ourselves The Philadelphia Inquirer *The Section 8 Voucher Reform Act* United States. Congress. House. Committee on Financial Services. Subcommittee on Housing and Community Opportunity,2007 It's a Setup Timothy Black,Sky Keyes,2021 The expectation for fathers to be more involved with parenting their children and pitching in at home are higher than ever yet broad social political and economic changes have made it more difficult for low income men to be fathers In *It s a Setup* Timothy Black and Sky Keyes ground a moving and intimate narrative in the political and economic circumstances that shape the lives of low income fathers Based on 138 life history interviews they expose the contradiction that while the norms and expectations of father involvement have changed rapidly within a generation labor force and state support for fathering on the margins has deteriorated Tracking these life histories they move us through the lived experiences of job precarity welfare cuts punitive child support courts public housing neglect and the criminalization of poverty to demonstrate that without transformative systemic change individual determination is not enough Fathers on the social and economic margins are setup to fail Section 8 Voucher Reform Act : hearing , HUD Challenge ,1976 **Tangled Up in School** Jan Nesor,2013-11-26 Based on two years of ethnographic fieldwork in an urban elementary school this volume is an examination of how school division politics regional economic policies parental concerns urban development efforts popular cultures gender ideologies racial politics and university and corporate agendas come together to produce educational effects Unlike conventional school ethnographies the focus of this work is less on classrooms than on the webs of social relations that embed schools in neighborhoods cities states and regions Utilizing a variety of narratives and analytical styles this volume explores how curriculum innovations are simultaneously made possible by and undermined by school district politics neighborhood histories and the spatial and temporal organizations of teachers and parents lives situates the educational discourse of administrators and teachers in the changing economic and political climates of the city analyzes the motivations behind an effort by school and business proponents to

refashion classrooms within the school into business enterprises and of children's efforts to make sense of the scheme examines the role of the school as a neighborhood institution situating it at the intersections of city planners efforts to regulate city space and children's efforts to carve out live spaces through out of school routines contemplates the meaning of school as a site for bodily experience and looks at how patterns of space and control in the school shaped children's bodies and at how they continued to use body based languages to construct maturity gender and race and investigates the school as a space for the deployment of symbolic resources where children learned and constructed identities through their engagements with television comic books movies and sports Tangled Up In School raises questions about how we draw the boundaries of the school about how schools fit into the lives of children and cities and about what we mean when we talk about school

**The Peer Effect** Syed Ali, Margaret M. Chin, 2023-11-14 How the power of peers and peer culture shapes individual behavior and future success For decades parents across America have asked their kids If your friends jumped off a bridge would you The answer is Duh yes Peers as parents well know have a tremendous impact on who their kids are and what they will become And even while they insist otherwise parents know that they're largely powerless to change this But the effect of peers is not just a story about kids peers can also affect adult behavior they affect what we do and who we are well into old age Noted sociologists Syed Ali and Margaret M Chin call this the peer effect In their book they take readers on a tour of how our peers and the peer cultures

they create shape our behavior in schools and the workplace Ali and Chin begin their look at the peer effect at the high school from which they both graduated New York City's prestigious Stuyvesant High School arguably the best public high school in the nation Through a fascinating and often humorous narrative they show how peers can influence each other in this case how highly motivated students can create a culture of influence to achieve success in learning and in admission to elite colleges They also show the many other ways that peers can influence one another beyond school performance from hookup culture to school bullying and youth suicide Ali and Chin are also interested in the extent to which the peer effect can last Through interviews with adult graduates of Stuyvesant they investigate the long lasting effects of high school peer culture They also examine the peer effect in post high school settings notably around workplace misconduct including the steroid culture in baseball and the use of excessive force by the police The Peer Effect ultimately offers ways to understand the power of peer influence and apply this understanding to resolving issues regarding schools college graduation rates workplace culture and police violence In the tradition of big idea books like *The Tipping Point* The Peer Effect will forever change the way we look at the world of human behavior      *Doing Without* Jane Henrici, 2022-10-18 The welfare reform legislation enacted in 1996 was applauded by many for the successes it had in dramatically reducing the number of people receiving public assistance most of whom were women with children Today however more than a decade later these successes seem far less spectacular Although the total number of welfare recipients has dropped by more than fifty percent nationwide evidence shows that poverty has actually deepened Many hardworking women are no better off for having returned to the workplace In *Doing Without* Jane Henrici brings together nine contributions to tell the story of welfare reform from inside the lives of the women who live with it Cases from Chicago and Boston are combined with a focus on San Antonio from one of the largest multi city investigations on welfare reform ever undertaken The contributors argue that the employment opportunities available to poorer women particularly single mothers and ethnic minorities are insufficient to lift their families out of poverty Typically marked by variable hours inadequate wages and short term assignments both employment and training programs fail to provide stability or the kinds of benefits such as health insurance sick days and childcare options that are necessary to sustain both work and family life The chapters also examine the challenges that the women who seek assistance and those who work in public and private agencies to provide it together must face as they navigate ever changing requirements and regulations decipher alterations in Medicaid and apply for training and education Contributors urge that the nation should repair the social safety net for women in transition and offer genuine access to jobs with wages that actually meet the cost of living      *The Paradox of Urban Revitalization* Howard Gillette, Jr., 2022-06-07 In the twenty first century cities in the United States that had suffered most the shift to a postindustrial era entered a period widely proclaimed as an urban renaissance From Detroit to Newark to Oakland and elsewhere commentators saw cities rising again Yet revitalization generated a second urban crisis marked by growing inequality and civil unrest reminiscent of

the upheavals associated with the first urban crisis in the mid twentieth century The urban poor and residents of color have remained very much at a disadvantage in the face of racially biased capital investments narrowing options for affordable housing and mass incarceration In profiling nine cities grappling with challenges of the twenty first century author Howard Gillette Jr evaluates the uneven efforts to secure racial and class equity as city fortunes have risen Charting the tension between the practice of corporate subsidy and efforts to assure social justice The Paradox of Urban Revitalization assesses the course of urban politics and policy over the past half century before the COVID 19 pandemic upended everything and details prospects for achieving greater equity in the years ahead

Change from Within Miriam Aroni Krinsky, 2022-10-11 A new breed of reform minded prosecutors tells their stories about the challenges and successes of making change from inside the system Growing up in Chicago's Cabrini Green housing projects Kim Foxx never anticipated that she would become the chief prosecutor in the country's second biggest county When Chesa Boudin was a baby his parents were arrested and incarcerated Visiting them in prison for decades helped shape his convictions about what justice does and doesn't look like in the United States Now along with eleven other reform minded prosecutors voters put in office throughout the country they reflect on the task they set for themselves making change from within Using the power of their office which has traditionally fueled mass incarceration and harsh punishments this new breed of elected prosecutors has joined the movement to shake up the justice system In Change from Within these visionaries describe their journeys to office what they are doing to change business as usual the pushback they've experienced and their thoughts on reforms that are possible working from the inside Published in partnership with Fair and Just Prosecution FJP drawing from interviews conducted by FJP executive director Miriam Krinsky a former federal prosecutor this unprecedented book includes intensely personal first person profiles of thirteen transformative DAs Each story is accompanied by an image inspired by the prosecutor and created by a formerly incarcerated artist
