Harrison**

Handbook Of Studies On Men And Masculinities:

Handbook of Studies on Men and Masculinities Michael S. Kimmel, Jeff Hearn, Raewyn Connell, 2005 In the past research in the field of gender has mainly addressed issues about women and has for the most part been developed by women Recently the study of gender has rapidly expanded and there has been a growing interest in men's and boys' identities, conduct and problems The Handbook of Studies on Men and Masculinities is an interdisciplinary and international culmination of the growth of men's studies that also offers insight about future directions for the field The Handbook provides a broad view of masculinities primarily across the social sciences with the inclusion of important debates in some areas of the humanities and natural sciences The various approaches presented in this Handbook range across different disciplines, theoretical perspectives, methodologies and conceptualizations in relation to the topic of men Editors Michael S. Kimmel, Jeff Hearn and Robert W. Connell have assembled an esteemed group of contributors who are among the best known experts in their particular fields The Handbook of Studies on Men and Masculinities examines the construction of masculinities in four different frames: the social organization of masculinities in their global and regional iterations; the institutional reproduction and articulation of masculinities; the ways in which masculinities are organized and practiced within a context of gender relations; and the ways in which individual men express and understand their gendered identities The Handbook is organized in a way that moves from the larger global and institutional articulations of masculinities to the more intimate and personal expressions The Handbook of Studies on Men and Masculinities provides scholars, researchers and students with the most current incisive scholarship available for the men's studies area of gender studies It is a vital resource for those interested in the practical or cultural issues about men, boys and gender as well as an excellent addition to any academic library *Handbook of Studies on Men and Masculinities* Michael S. Kimmel, Jeff Hearn, Robert W. Connell, 2004-05

Handbook of Studies on Men & Masculinities Michael S. Kimmel, Jeff Hearn, Raewyn Connell, 2005
Routledge International Handbook of Masculinity Studies Lucas Gottzén, Ulf Mellström, Tamara Shefer, 2019-11-20 The Routledge International Handbook of Masculinity Studies provides a contemporary critical and scholarly overview of theorizing and research on masculinities as well as emerging ideas and areas of study that are likely to shape research and understanding of gender and men in the future The forty-eight chapters of the handbook take an interdisciplinary approach to a range of topics on men and masculinities related to identity, sex, sexuality, culture, aesthetics, technology and pressing social issues The handbook's transnational lens acknowledges both the localities and global character of masculinity A clear message in the book is the need for intersectional theorizing in dialogue with feminist, queer and sexuality studies in making sense of men and masculinities Written in a clear and direct style, the handbook will appeal to students, teachers and researchers in the social sciences and humanities as well as professionals, practitioners and activists **From Boys to Men** Tamara Shefer, 2007 The current emphasis in research and education on women and girls is fraught with problems It has

raised a concern that boys and men should be included in research and intervention work on gender equality and transformation. As a result, academics with a background of many years of work in women's and gender studies undertook a research project focusing on the construction of masculinities among young men. *From Boys to Men* was born out of this project. This highly original work arises from the conference *From Boys to Men* held in January 2005. It represents the work of some of the best known theorists and researchers in masculinities and feminism in South Africa on the continent and internationally. The subjects covered are based on rich ethnographic studies mostly in South Africa but also elsewhere in Africa. Acknowledging that there are multiple versions of masculinity and that some are more valued than others, this book is concerned with documenting both hegemonic discourses on masculinity as well as resistances and challenges to dominant forms of being a boy or man in different contexts of space and time. *From Boys to Men* provides valuable material for those working with issues of gender identity and power and will sharpen understanding of males, inform community-based interventions and facilitate theory building. This impressive collection of research on men, boys and masculinities would have been impossible just a generation ago. It took the worldwide impact of the women's liberation movement and the many feminisms that have since developed to bring gender into focus and to bring men into focus as participants in a gender system. Raewyn Connell, Professor at the University of Sydney, author of *Masculinities* 1995. Given the extant paucity of research and literature on masculinities, this book will undoubtedly prove to be an invaluable resource for scholars in the field of gender studies. The editors of the volume should be commended for this timely, well-constructed and significant contribution to the literature on masculinities studies both in South Africa and internationally. Norman Duncan, Chair of Psychology, University of the Witwatersrand. Setting this collection apart from existing scholarship on masculinities in South Africa is its interrogation of the gendered rhetoric of boyhood and manhood in the context of HIV/AIDS. This is a multilayered and rich collection that suggests masculinities have the potential to be unmade and remade. The volume usefully opens up new avenues of analysis, telling us that masculinities are always in process, under negotiation, contradictory, forever in crisis. Vasu Reddy, Gender and Development Unit, Human Sciences Research Council.

Handbook of Workplace Diversity Alison M. Konrad, Pushkala Prasad (ed.), Judith Pringle, 2006-01-10. Showcases the scope of international perspectives that exist on workplace diversity and defines this field. This book is a useful resource for students and academics of human resource management, organisational behaviour, organisational psychology and organisation studies.

Handbook of Research on Transmedia Storytelling and Narrative Strategies Yilmaz, Recep, Erdem, M. Nur, Resuloğlu, Filiz, 2018-07-06. Transmedia storytelling is defined as a process where integral elements of fiction get dispersed systematically across multiple delivery channels to create a unified and coordinated entertainment experience. This process and its narrative models have had an increasing influence on the academic world in addressing both theoretical and practical dimensions of transmedia storytelling. The *Handbook of Research on Transmedia Storytelling and Narrative Strategies* is a critical scholarly resource.

that explores the connections between consumers of media content and information parts that come from multimedia platforms as well as the concepts of narration and narrative styles Featuring coverage on a wide range of topics such as augmented reality digital society and marketing strategies this book explores narration as a method of relating to consumers This book is ideal for advertising professionals creative directors academicians scriptwriters researchers and upper level graduate students seeking current research on narrative marketing strategies *The Palgrave Handbook of African Men and Masculinities* Ezra Chitando,Obert Bernard Mlambo,Sakhumzi Mfecane,Kopano Ratele,2024-06-08 This handbook provides a comprehensive interdisciplinary overview of key theoretical and analytical approaches topics and debates in contemporary scholarship on African masculinities Refusing to privilege Western theoretical constructs but remaining in dialogue with them contributors explore the contestations around and diversities within men masculinities and sexualities in Africa investigate individual and collective practices of masculinity and interrogate the social construction of masculinities Bringing together insights from scholars across gender studies sociology anthropology philosophy history literature and religion this book demonstrates how recognizing and upholding the integrity of African phenomena locating and reflecting on men and masculinities in varied African contexts and drawing new theoretical frameworks all combine to take the discourse on men and masculinities in Africa forward Chapters examine a range of issues within the context of masculinities including embodiment sport violence militarism spirituality gender roles fatherhood homosexuality health and work This handbook will be valuable reading for scholars researchers and policymakers in Masculinity Studies and more broadly Gender Studies as well as Africana Studies *Companion to Women's and Gender Studies* Nancy A. Naples,2020-03-26 A comprehensive overview of the interdisciplinary field of Women's and Gender Studies featuring original contributions from leading experts from around the world The Companion to Women's and Gender Studies is a comprehensive resource for students and scholars alike exploring the central concepts theories themes debates and events in this dynamic field Contributions from leading scholars and researchers cover a wide range of topics while providing diverse international postcolonial intersectional and interdisciplinary insights In depth yet accessible chapters discuss the social construction and reproduction of gender and inequalities in various cultural social economic and political contexts Thematically organized chapters explore the development of Women's and Gender Studies as an academic discipline changes in the field research directions and significant scholarship in specific interrelated disciplines such as science health psychology and economics Original essays offer fresh perspectives on the mechanisms by which gender intersects with other systems of power and privilege the relation of androcentric approaches to science and gender bias in research how feminist activists use media to challenge misrepresentations and inequalities disparity between men and women in the labor market how social movements continue to change Women's and Gender Studies and more Filling a significant gap in contemporary literature in the field this volume Features a broad interdisciplinary and international range of essays Engages with both individual and collective approaches

to agency and resistance Addresses topics of intense current interest and debate such as transgender movements gender based violence and gender discrimination policy Includes an overview of shifts in naming theoretical approaches and central topics in contemporary Women s and Gender Studies Companion to Women s and Gender Studies is an ideal text for instructors teaching courses in gender sexuality and feminist studies or related disciplines such as psychology history education political science sociology and cultural studies as well as practitioners and policy makers working on issues related to gender and sexuality

Men, Masculinities and Honour-Based Abuse Mohammad Idriss, 2019-12-06 This book explores the largely neglected relationship between men masculinities and honour based abuse HBA There is a common misconception that HBA whether physical violence emotional abuse or so called honour killings occurs only against women This book addresses the gap in the current literature concerning the relationship between men masculinities and HBA With contributions from an international and interdisciplinary range of both academics and professionals the book examines HBA and forced marriages specifically from male victim perspectives both in the UK and internationally Providing a clear understanding of the main theoretical and sociological explanations of HBA against male victims the book demonstrates that although men are indeed the main perpetrators of HBA state agencies must address the fact that many men are also victims This book is essential reading for students academics and practitioners alike

The Sage International Encyclopedia of Politics and Gender Lia K. Roberts, 2025-09-02 This four volume encyclopedia set is organized to allow the reader to explore gender and politics from an updated interdisciplinary intersectional and global perspective The organization format will be an A Z approach of approximately 500 600 entries with entries ranging in word count from 1 500 3 000 words with some entries on foundational topics at around 5 000 Coverage will examine both the role gender plays within the realm of politics political participation leadership etc as well as policies that are based in gender abortion and reproductive policies transgender rights etc Foundational topics will include entries such as International Security and Gender which will introduce gender and war human trafficking gender and militarism and women and terrorism and International Relations and Gender which will introduce topics such as gender mainstreaming the Convention on the Elimination of All Forms of Discrimination Against Women CEDAW and eco feminism A Comparative Politics foundational entry will focus on research areas surrounding political representation and participation legislative processes and law such as gender quotas gender gap in political participation and leadership intersectionality and barriers in representation and leadership Ni Unos Menos Not One Less Movement recent significant activist movements and transgender specific law Concepts connected to feminist and queer theory as applied in regional studies will also be covered For example marianismo or the connection between Catholicism and gender roles in Latin American and Latinx communities Asian American and Pacific Islander AAPI voters and political mobilization and LGBTQIA leaders and social movements will be included This encyclopedia will be essential for any undergraduate or graduate course on gender studies in gender studies programs as well as sociology political science history

or other related programs disciplines gender and politics international relations and gender or area specific courses such as Gender and Latin American Politics or Gender and African Studies Masculinities and Place Andrew Gorman-Murray, Peter Hopkins, 2016-05-06 Masculinities and Place bring together an impressive range of high profile and emerging researchers to consolidate and expand new domains of interest in the geographies of men and masculinities It is structured around key and emerging themes within recently completed and on going research about the intersections between men masculinities and place Building upon broader themes in social and cultural geographies cultural economy and urban rural studies the collection is organised around the key themes of theorising masculinities and place intersectionality home family domestic labour work and health and well being Spectacles of Blood Swaralipi Nandi ,Esha Chatterjee, 2014-03-11 This book places itself at the nexus of current issues of violence masculinity and power in the postcolonial context and its representation in its films in challenging normalising or contesting these major concerns of our times The essays address the interplay of critical and theoretical insights both from literature and social studies in analysing the films based on societal violence in postcolonial cultures be it in the context of sophisticated terrorism suicide bombings the underworld any organised crime mob violence etc The writers look at the the dynamics of the representation of these issues as cinematic plots and techniques They draw attention to the affective value of the films in generating and foregrounding the questions of feelings invoked by the onscreen violence and the impact of this emotive state on the issues of national and cosmopolitan identity formation Together the essays enrich both literary studies and social studies with a nuanced borrowing and intermixing of their primary texts and modes of interpretation This new collection of essays thus brings together in one volume the interplay of critical and theoretical insights from Literature Sociology and Media Studies Published by Zubaan **Masculinity in Contemporary New York Fiction** Peter Ferry, 2014-08-21 Masculinity in Contemporary New York Fiction is an interdisciplinary study that presents masculinity as a key thematic concern in contemporary New York fiction This study argues that New York authors do not simply depict masculinity as a social and historical construction but seek to challenge the archetypal ideals of masculinity by writing counter hegemonic narratives Gendering canonical New York writers namely Paul Auster Bret Easton Ellis and Don DeLillo illustrates how explorations of masculinity are tied into the principal themes that have defined the American novel from its very beginning The themes that feature in this study include the role of the novel in American society the individual and urban society the journey from innocence to awareness of masculinity the archetypal image of the absent and or patriarchal father the impact of homosocial relations on the everyday performance of masculinity male sexuality and the male individual and globalization What connects these contemporary New York writers is their employment of the one of the great figures in the history of literature the fl neur These authors take the fl neur from the shadows of the Manhattan streets and elevate this figure to the role of self reflexive agent of male subjectivity through which they write counter hegemonic narratives of masculinity This book is an essential reference for those with an interest in

gender studies and contemporary American fiction Global Agenda in Social Sciences İsmail Şiriner, Murat Aydın, 2021-12-22 The New Politics of Masculinity Fidelma Ashe, 2007-11-30 Explores the new politics of masculinity and gender identity examining the contemporary discourses of masculinity by focusing on male pro feminist movements and locating them within the context of feminist debates Gender Issues and the Library Carol Smallwood, Lura Sanborn, 2017-11-02 With the legalization of same sex marriage and the explosion of LGBTQ news coverage in recent years gender studies is a subject of intense interest in popular media and a part of the curriculum at many colleges Libraries realize the importance of supporting the field yet many have difficulty finding resources and programming ideas This book provides case studies and a range of innovative solutions for better meeting patron needs Twenty seven chapters are arranged into sections covering Research and Library Instruction History and Herstory Programming Collections and Beyond and Resources Rethinking Transnational Men Jeff Hearn, Marina Blagojević, Katherine Harrison, 2013-07-18 The world is becoming more transnational This edited collection examines how the immense transnational changes in the contemporary world are being produced by and are affecting different men and masculinities It seeks to shift debates on men masculinities and gender relations from the strictly local and national context to much greater concern with the transnational and global Established and rising scholars from Asia Australia Europe and North America explore subjects including economies and business corporations sexualities and the sex trade information and communication technologies and cyberspace migration war the military and militarism politics nationalism and symbolism and image making Wounded Masculinities Valeria Quaglia, 2023-12-05 This book contributes to the emerging field of men s health studies delving into how men incorporate adapt negotiate or reject health care practices to perform masculinities in social interactions By moving beyond the simplistic association between men masculinity and the adoption of risky or unhealthy practices this book draws from recent critical perspectives on the study of men s health seeking to challenge and problematize the relationship between masculinities and health The text presents original empirical findings derived from qualitative and digital research examining the different ways in which men re negotiate their masculinities after the onset of a chronic illness focusing on diabetes as a strategic case study Living with a chronic illness implies that those gender practices that are usually taken for granted suddenly become unachievable and impose a reconfiguration of the masculine self as well as a negotiation of the very meaning of masculinity The volume aims to critically examine this interactive process of re negotiation while also reflecting on men masculinities and their health on a more general level This book serves as a valuable resource for students and scholars in social sciences working on the intersection of gender and health as well as for health professionals seeking a deeper understanding of the connection between men gender and health The Man Question Nancy E. Dowd, 2010-09-20 Among the many important tools feminist legal theorists have given scholars is that of anti essentialism all women are not created equal and privilege varies greatly by circumstances particularly that of race and class Yet at the same time feminist legal theory tends to view

men through an essentialist lens in which men are created equal The study of masculinities inspired by feminist theory to explore the construction of manhood and masculinity questions the real circumstances of men not in order to deny men's privilege but to explore in particular how privilege is constructed and what price is paid for it In this groundbreaking work feminist legal theorist Nancy E Dowd exhorts readers to apply the anti essentialist model so dominant in feminist jurisprudence to the study of masculinities She demonstrates how men's treatment by the law and society in general varies by race economic position sexuality and other factors She applies these insights to both boys and men examining how masculinities analysis exposes both privilege and subordination She examines men's experience of fatherhood and sexual abuse and boys experience in the contexts of education and juvenile justice Ultimately Dowd calls for a more inclusive feminist theory which by acknowledging the study of masculinities can broaden our understanding of privilege and subordination
