Handbook On Crime And Deviance Handbooks Of Sociology And Social Research:

Handbook on Crime and Deviance Marvin D. Krohn, Nicole Hendrix, Gina Penly Hall, Alan J. Lizotte, 2019-08-28 This 2nd edition of the Handbook provides an interdisciplinary coverage of new understandings of the most important developments in the sociology of crime and deviance that is current and emerging for research methodology practice and theory in criminology It fosters research to take the fields of criminology and criminal justice in new directions Unlike any other handbook it includes chapters on cutting edge quantitative data and analytical techniques that are shaping the future of empirical research and expanding theoretical explanations of crime and deviance It further devotes a section to the most current and innovative methodological issues Chapters are updated providing an inclusive discussion of the current research and the theoretical and empirical future of crime and deviance This handbook is of great interest for advanced undergraduates graduates students researchers and scholars in criminology criminal justice sociology and related fields such as social welfare economics and psychology

Handbook of Social Psychology Jan E. Stets, Karen A. Hegtvedt, Long Doan, 2025-08-31 This third edition of the highly successful handbook is presented for the first time in two volumes covering the field of social psychology more comprehensively than earlier including applying social psychology to different areas in sociology It showcases the dynamics of social psychological phenomena across the micro level Volume 1 and meso and macro levels of social reality Volume 2 The reader will see how social psychology can be leveraged at the interactive level within groups and larger units and across many aspects of society thus showing the expansiveness of social psychology in understanding social behavior social organization and social structures Volume 2 highlights the relevance of social psychological principles and processes to social categories groups and organizations at the meso level and to institutions and inequality that reflect social life at the macro level Chapters pertaining to the meso level analyze individuals memberships in social categories such as gender race class age and sexuality Additionally meso level concerns spotlight the context of work and organizations Chapters at the macro level consider social psychologically oriented work in such institutions as the family education and religion and examine other areas such as crime and deviance the media immigration and health Together the two volumes provide the reader with theoretical tools useful in understanding the basics of individual behavior while highlighting how social psychological processes emerge in a variety of contexts The connections among micro meso and macro levels through the lens of social psychology forge new pathways to understanding the various forms of inequality plaguing the social world

Understanding Recruitment to Organized Crime and Terrorism David Weisburd, Ernesto U. Savona, Badi Hasisi, Francesco Calderoni, 2020-06-11 This volume provides insights on how recruitment patterns develop for two related types of criminal networks organized crime and terrorism It specifically explores the social situational psychological and economic drivers of recruitment Although organized crime networks and terrorism networks can differ in underlying goals and motivations this volume demonstrates common drivers in their recruitment which will provide insights

for crime prevention and intervention The goal of the book is to explore the current knowledge about these common drivers as well as highlight emerging research to identify and prioritize a research agenda for scholars as well as policymakers The research presented in this work aims to fill existing gaps in the knowledge of recruitment to both organized crime and terrorism For each area it provides a systematic review of the existing research on social psychological and economic drivers of recruitment It then presents findings from independent original research aimed to explore new ground not covered in these previous studies The contributions to this volume were the result of a research project funded by a European Union Horizon 2020 grant and present a diverse international mix of expertise and cases It will be of interest to researchers in criminology and criminal justice as well as related fields such as sociology psychology and international relations Chapter 13 of this book is available open access under a CC BY 4 0 license

Criminal Psychology David Rowlands,David

Canter,2024-09-05 This carefully revised third edition of Criminal Psychology offers a vital up to date account of the wide range of psychological contributions to the understanding of criminals and crime its investigation the legal processes of dealing with offenders and helping victims The book provides insights into cognitive developmental and social theories of a diverse range of crimes including domestic abuse burglary fraud rape murder and terrorism It also discusses the psychological contributions to policing criminal investigations and court processes and gives consideration to securing reliable testimony and rehabilitation in prisons The third edition complements the topics established in earlier editions with the addition of current and emerging issues in the study of criminal psychology including cybercrime new forms of fraud and developments in organised crime as well as the future of crimes and their psychology The well illustrated text is packed with pedagogical features that bring this fascinating subject to life including boxes highlighting key topics descriptions of research methods further reading and suggested essay titles Offering a comprehensive accessible contemporary introduction the book shows that many aspects of psychology are essential for understanding criminals and their actions the investigation of crime and court procedures This is the ideal text for students across psychology criminology socio legal studies and law as well as everyone who wishes to gain an overview of criminal psychology

States of Surveillance Maya Avis,Daniel

Marciniak,Maria Sapignoli,2024-10-07 Recent discussions on big data surveillance and artificial intelligence in governance have opened up an opportunity to think about the role of technology in the production of the knowledge states use to govern The contributions in this volume examine the socio technical assemblages that underpin the surveillance carried out by criminal justice institutions particularly the digital tools that form the engine room of modern state bureaucracies Drawing on ethnographic research in contexts from across the globe the contributions to this volume engage with technology s promises of transformation scrutinise established ways of thinking that become embedded through technologies critically consider the dynamics that shape the political economy driving the expansion of security technologies and examine how those at the margins navigate experiences of surveillance The book is intended for an interdisciplinary academic audience

interested in ethnographic approaches to the study of surveillance technologies in policing and justice Concrete case studies provide students practitioners and activists from a broad range of backgrounds with nuanced entry points to the debate

Racial Justice and Nonviolence Education Arthur Romano, 2022-07-14 This book examines the role that community based educators in violence affected cities play in advancing Dr Martin Luther King Jr s radical nonviolent vision for racial and social justice This work argues that nonviolence education can help communities build capacity to disrupt and transform cycles of violence by recognizing that people impacted by violence are effective educators and vital knowledge producers who develop unique insights into racial oppression and other forms of systemic harm This book focuses on informal education that takes place beyond school walls a type of education that too often remains invisible and undervalued in both civil society and scholarly research It draws on thousands of hours of work with the Connecticut Center for Nonviolence CTCN a grassroots organization that presents an ideal case study of the implementation of King s core principles of nonviolence in 21st century urban communities Stories of educators life changing educational encounters their successes and failures and their understanding of the six principles of Kingian nonviolence animate the text Each chapter delves into one of the six principles by introducing the reader to the lives of these educators providing a rich analysis of how educators teach each principle and sharing academic resources for thinking more deeply about each principle Against the backdrop of today s educational system in which reductive and caricatured treatments of King are often presented within the formal classroom CTCN s work outside of the classroom takes a fundamentally different approach connecting King s thinking around nonviolence principles to working for racial justice in cities deeply impacted by violence This book will be of much interest to students of conflict resolution race studies politics and education studies as well as to practitioners in the field

Business Process Management Andrea Marrella, Manuel Resinas, Mieke Jans, Michael Rosemann, 2024-09-01 This book constitutes the refereed proceedings of the 22nd International Conference on Business Process Management BPM 2024 which took place in Krakow Poland in September 2024 The 29 full papers included in this book were carefully reviewed and selected from 144 submissions They were organized in topical sections as follows Foundations Engineering and Management

Handbook of Social Problems George Ritzer, 2004 Ritzer s Handbook of Social Problems offers a comprehensive treatment of today s major societal issues The articles are authored by some of the top scholars in the field and address problem areas that will capture the interests of students and professors alike The international coverage is most welcome in this time of intensifying global inequalities Nancy Jurik Arizona State University The Handbook of Social Problems A Comparative International Perspective provides a unique broadly comparative perspective on the current state of social problems and deviance in a

variety of societies around the world Editor George Ritzer along with leading U S and international sociologists examines the relationship between social problems and a society's level of development and affluence The essays in this volume focus on four interrelated issues involved in the relationship between social problems and the level of development and affluence Less developed and less affluent societies are more likely to experience a range of social problems than developed and affluent societies Affluence causes or at least brings with it a series of social problems that do not exist in less affluent societies It is only with affluence that certain things can come to be imagined as social problems such as excessive consumption The very affluence of a society makes it vulnerable to problems that would not be social problems in poorer societies The Handbook explores the theory of the weakness of the strong in other words strong or wealthy nations may have greater vulnerability to some social problems than less developed or affluent societies This theory is clearly illustrated in this volume by the aftermath of September 11 2001 depicting the vulnerability of the U S to social problems in far removed corners of the world In addition the international and comparative essays in this volume cover other important issues such as the impact of modern technologies on social problems ecological problems global inequality health as a social problem and much more The Handbook of Social Problems is a vital resource for sociologists and graduate students as well as an excellent addition to any academic library

Political Economy, New Media, and Nigerian Popular Cultures Benjamin Olumuyiwa Popoola, Israel Ayinla Fadipe, 2025-04-15 The Nigerian media industry with the introduction of information and communication technologies social networking sites and the internet has energized popular cultures that revolve around movies Nollywood Hollywood Bollywood etc music Afro hip hop American music sports football European leagues fandom celebrity worship religious movements pentecostalism nationalistic identities online streaming platforms yahoo yahoo cultures money ritualism and so on Thus the present book examines how political economy theory of the media has been used to shape these listed popular cultures in the country and what uses and gratifications people seek from them how people symbolically interacted with them and how they socially learn from these popular cultures As a matter of fact using cogent and relevant case studies with postulations of popular economy theory of the media the papers have looked into the intersection between political economy theory popular cultures and new media using postulations from other relevant media theories and methodologies Communication popular cultures and media studies scholars and students will find this book useful for academic purposes

Bulletproof Fashion Barbara Sutton, 2023-05-23 In the context of gun proliferation and persistent gun violence in the United States a controversial security strategy has gained public attention bulletproof fashion This book examines concerns about security focusing on armored clothing and accessories for civilians Available for children and adults such ballistic products include colorful backpacks elegant suits sports jackets feminine dresses trendy vests and medical lab coats These products are paradigmatic of a fashion of fear the practice of outfitting the body with apparel aimed at maximizing personal security This fashion encourages the emergence of both a fortress body and an armored society Sutton also explores the

wider social factors influencing the bulletproof fashion phenomenon including the inequalities associated with neoliberalism and the militarization of civilian life The book sheds light on the role of emotions in relation to discourses and perceptions of security and encourages feminist and sociological studies to pay attention to the linkages between security bodies and dress It is ideal for students and scholars interested in security and gun violence culture and politics neoliberalism and consumption and bodies and emotions

The New Nanzan Guide to Japanese Religions Matthew D. McMullen, Jolyon Baraka Thomas, 2025-05-31 For nearly two decades the Nanzan Guide to Japanese Religions has served as a valuable resource for students and scholars of religion in Japan This exciting update expands the audience to include non specialists of Japan while also complicating the notions of Japan and religion Asking the provocative question why study Japanese religions the editors argue that studying Japan is vital for the academic study of religion writ large and make a case for the continued importance of religious topics in Japan studies broadly conceived The volume addresses the question of why and how to study Japanese religions in seven sections each overseen by a leading expert in that subfield The section on Knowledge Production investigates medicine sacred objects and the politico economic structures undergirding academia Cosmology and Time reveals how religion shaped worldviews in both premodern and modern Japan by taking up topics such as the afterlife divination and relationships between science and religion Space and Environment considers geography relationships between the human and nonhuman denizens of the Japanese archipelago and religion in Japan s overseas colonies and among diasporic outmigrants Feelings and Belonging focuses on affective relationships generated through confraternities homiletics and caring professions Politics and Governance describes longstanding relationships between religion and the state covering everything from sacred kingship to contemporary electoral politics The final two sections include practical advice for conducting fieldwork and helpful introductions to several relevant archives Overall the volume reflects the impact of recent scholarly trends in the study of Japanese religions including material religion studies affect theory environmental humanities and critical secularism studies The breadth of topics as well as the accessibility of the individual chapters makes The New Nanzan Guide to Japanese Religions an indispensable resource for the classroom It will be useful not only for scholars of Japan but also for anyone interested in the academic study of religion

The Handbook of Social Control Mathieu Deflem, 2019-01-11 The Handbook of Social Control offers a comprehensive review of the concepts of social control in today s environment and focuses on the most relevant theories associated with social control With contributions from noted experts in the field across 32 chapters the depth and scope of the Handbook reflects the theoretical and methodological diversity that exists within the study of social control Chapters explore various topics including theoretical perspectives institutions and organizations law enforcement criminal justice agencies punishment and incarceration surveillance and global developments This Handbook explores a variety of issues and themes on social control as being a central theme of criminological reflection The text clearly demonstrates the rich heritage of the major relevant perspectives of social control and provides an overview

of the most important theories and dimensions of social control today Written for academics undergraduate and graduate students in the fields of criminology criminal justice and sociology The Handbook of Social Control is an indispensable resource that explores a contemporary view of the concept of social control The Wiley Blackwell Companion to Sociology George Ritzer,Wendy Wiedenhof Murphy,2019-10-04 The new updated edition of the authoritative and comprehensive survey of modern sociology The Wiley Blackwell Companion to Sociology Second Edition is an authoritative survey of the major topics current and emerging trends and contemporary issues in the study of human social relationships and institutions A collection of contributions from globally recognized scholars and experts explore the theoretical and methodological foundations of sociology new and established debates and the most current research in the field Broad in scope this book covers a multitude of topics ranging from crime urbanization sexuality and education to new questions surrounding big data authoritarian capitalism and the rise of nationalism Since the first edition of the Companion was published new developments have emerged and new problems have been created such as the omnipresence of social media political and institutional upheaval and the global refugee and immigration crises This revised and updated second edition describes and explains social changes that have occurred in the past several years both within the field of sociology and society as a whole Previous material has been updated to reflect current research while eleven new chapters address topics including feminist theory debt and social change and armed conflict and war This comprehensive volume Offers an engaging and accessible guide to the field of sociology revised and updated for the second edition Presents wide ranging comprehensive coverage of the discipline Explores issues of contemporary relevance such as digital media and consumption Reflects state of the art scholarship and contemporary debates New chapters for the second edition cover essential topics including feminist theory armed conflict big data authoritarian capitalism debt and social change and the rise of nationalism The Wiley Blackwell Companion to Sociology Second Edition is an invaluable resource for academics and graduate students researchers scholars and educators in the discipline of sociology and allied fields such as anthropology human geography political science and psychology **Handbook of Emergent Methods** Sharlene Nagy Hesse-Biber,Patricia Leavy,2013-10-15 Social researchers increasingly find themselves looking beyond conventional methods to address complex research questions This is the first book to comprehensively examine emergent qualitative and quantitative theories and methods across the social and behavioral sciences Providing scholars and students with a way to retool their research choices the volume presents cutting edge approaches to data collection analysis and representation Leading researchers describe alternative uses of traditional quantitative and qualitative tools innovative hybrid or mixed methods and new techniques facilitated by technological advances Consistently formatted chapters explore the strengths and limitations of each method for studying different types of research questions and offer practical in depth examples **Objectivity and Subjectivity in Social Research** Gayle Letherby,John Scott,Malcolm Williams,2012-10-03 Objectivity and subjectivity are

key concepts in social research This book written by leading authors in the field takes a completely new approach to objectivity and subjectivity no longer treating them as opposed as many existing texts do but as logically and methodologically related in social research The book debates the philosophical bases of objectivity and relativity relationism and dynamic synthesis situated objectivity theorised subjectivity social objects and realism objectivity and subjectivity in practice The authors explain complex arguments with great clarity for social science students while also providing the detail and comprehensiveness required to meet the needs of practising researchers and scholars

The SAGE Handbook of Fieldwork Dick Hobbs, Richard Wright, 2006-01-05 This is an excellent collection of papers which celebrates the best of traditional approaches to fieldwork whilst also looking to its future The Handbook will quickly become essential reading for the novice and experienced fieldworker across many of the social sciences Chris Pole University of Leicester Fieldwork is widely practiced but little written about yet accounts of the exotic mundane complex and often dangerous are central to not only sociology and anthropology but also geography social psychology and criminology In all these increasingly overlapping fields experience underlies any comprehensive understanding of social life The SAGE Handbook of Fieldwork presents the first major overview of this method in all its variety introducing the reader to the strengths weaknesses and real world applications of fieldwork techniques Its 22 carefully chosen chapters are each based on a substantive field of empirical enquiry written by an acknowledged expert in the field The range is impressive from the traditional to the virtual concerning subjects as diverse as emotion sexuality sport embodiment identity self narrative fieldwork in organizations science and technology Specifically intended for use in undergraduate and postgraduate courses in qualitative research design and methodology in sociology anthropology criminology urban studies social geography public health and education the handbook will also prove beneficial to academic researchers in these and other disciplines
