potential was not immediately realised The penal settlement established at Sorrento by David Collins in 1803 was abandoned within three months and the site of Hobart in Tasmania was chosen for the next development In 1824 the explorers Hume and Hovell travelled south from Sydney and reached Port Phillip Bay They recognised the potential of the area but unfortunately Hovell made a mistake regarding its location which impeded settlement for another eleven years Hume and Batman had been childhood friends and when Batman then living in Tasmania heard about the vast pasturelands available in the area it triggered the dream of taking possession of the land of plenty north of Bass Strait It would take another nine years before he could assemble a group of influential men to assist him in his quest to claim the riches waiting at Port Phillip Bay The plan was spearheaded by a group of four men supported by a larger group of investors Charles Swanston who owned the biggest bank in Australasia controlled the finances while Joseph Gellibrand a lawyer who had been Attorney General in Tasmania organised the legal requirements for the project John Wedge s role as surveyor was to map the territory ready for subdivision John Batman who was Australian born brought a large variety of skills to the drawing board He was thought to be Australia s greatest tracker he had captured bushrangers successfully gathered the remnant of Tasmanian Aborigines as well as being a wealthy landowner The political climate within the British Parliament at that time was influenced by the recent passage of the Act to Abolish Slavery in 1833 The outpouring of humanitarian feeling generated by this event led to new attitudes towards native rights and title Within the hearts of these men from Tasmania there developed a desire to establish a settlement that would not only bring them financial gain but also set a benchmark within the British Empire for equitable relationships between native peoples and Europeans To achieve such an ideal the notion of a treaty gradually developed modelled on William Penn s Treaty in Pennsylvania in 1683 Batman s role was to lead the expedition to Port Phillip explore the land and make a treaty with the local Aborigines Unfortunately the timing of this opportunity coincided with the news that he was seriously ill at just 32 years old The project became a race against his failing health and what was planned as a carefully thought out expedition became a hurried event John Batman in his barque the Rebecca finally passed through the heads into Port Phillip Bay in May 1835 the first white man to do so in three decades He was amazed at the quality of the land he found and the beauty of the magnificent harbour He needed to find the natives so he could execute the treaty that Gellibrand had prepared for him However on seeing the European vessel entering the bay the Aborigines had sent up smoke signals telling everyone to hide until the clan leaders could meet and work out a strategy for dealing with the situation Eventually they approached Batman and took him to a ceremonial site they had chosen The treaty was duly executed but because of Batman s ill health it was not possible for him to enact all that Gellibrand had written into the pro forma deed When John Batman returned to Tasmania he was hailed as a hero and referred to as the Tasmanian Penn He called the settlement to be established by the treaty Batmania There was still much to be done since

*Asylum* Helena Azar, 2011-01-14 I started to write this book in 2005 In those days

the hurtful situation in the USA made me wonder how people felt about us Their comments and concern for us is still very confusing We are people who have nothing to do with politics and all the dirty business of the politicians of the whole world We left our homes and everything we cared about to be safe somewhere else Some of us were lucky and made it to the land of freedom Others walked for days and nights over the borders to go anywhere they could be safe We tried to make new homes where no one would hate us or hurt us We tried to run away from all the dark years after the revolution and everything new Islam brought to us     Un-Settling Middle Eastern Refugees Marcia C. Inhorn, Lucia Volk, 2021-06-11 Since the Iraq war the Middle East has been in continuous upheaval resulting in the displacement of millions of people Arriving from Afghanistan Iraq Palestine and Syria in other parts of the world the refugees show remarkable resilience and creativity amidst profound adversity Through careful ethnography this book vividly illustrates how refugees navigate regimes of exclusion including cumbersome bureaucracies financial insecurities medical challenges vilifying stereotypes and threats of violence The collection bears witness to their struggles while also highlighting their aspirations for safety settlement and social inclusion in their host societies and new homes
